# 2016-17 Highlights

## ***What are the most significant accomplishments made & challenges faced by the department in the last FY?***

- Challenges include Improving our rinks appearance within budget constraints
- Improving the rinks infrastructure and daily operational computer systems within budget constraints
- The rise in minimum wage does not match the rise in budget funds for seasonal employees.
- Maintaining a clean safe environment
- Keeping our 30 year old scoreboard operational throughout the season
- Lowering operating costs through energy efficiency
  
- Highlights include an increase in our summer camp attendance and as a result our revenue. We surpassed our previous year record of 363 campers to 402 which generated an additional \$12,400.00 for the city.
- Keeping our ice surface one of the best in the surrounding area despite an eroded concrete slab underneath the ice surface
- Maintaining our lesson and overall revenue numbers despite rinks cropping up all around Terry Conners
- Hosting large events such as The Synchro Open , FCIAC Playoffs and local high school hockey jamboree
- Having new doors installed throughout the rink
- Having a new mansard ( side roof ) installed

# ***Department Challenges***

## ***Key Program/Department Challenges***

- *The increase to the federal minimum wage . A requested increase of 6K was made to our seasonal /instructor account and a mayoral proposal came back with only a 1k increase , this may present staffing problems late next fiscal year which may decrease the amount of or duration of programs we can offer.*
- *Maintaining our aging mechanical equipment*
- *Increasing our revenue*
- *Continuing to offer one of the best ice surfaces in Fairfield County.*
- *One manager supervises 4 full time and 30 plus seasonal employees for a seven day a week schedule year round*

Rink Programs Use - 10% of Prime Time Ice

> \*In 2013/14 Manhattanville College used our facility for games and practices which created a spike in revenue while their home rink was under repair

> \*\*In 2013/14 and 2014/15 Terry Conners expanded their lesson and camp progrms to help generate revenue for the City.

\*\*\* In the spring of 2016 Terry Conners shut down for 9 weeks for an evaluation of our floor under the ice , this resulted in a decrease in revenue

Our tcrink.com website receives 1,500 hits monthly

Regarding Revenues - As our peak season coincides with Hurricane and Blizzard season ( ex. 2012 Hurricane Sandy & 2014/15 , 5 major snowstorms ) these events can affect revenues due to rink closure caused by power outages or travel bans.

# ***2017-2018 Goals***

## ***What are your department goals and plans for 2017-18?***

- Maintain and expand revenue generation by seeking out potential ice rental groups
- Generate revenue by seeking out companies to purchase advertising on our boards
- Generate revenue by expanding our popular summer camp by one week , adding of additional week will be dependent upon whether budget requests are met.
- Continue to maintain one of if not the best sheet of ice in fairfield county despite a defective concrete slab under the ice surface.

# *Department Changes*

## *Major changes planned for the department*

- New computer software to replace aging software. New software gives online registration option which we have never had.
- Expansion of our popular rink summer camp.
- New operational scoreboard to replace our 1987 model that has failing components and no longer has replacement parts.
- Our food concession is now being run by a quality vendor.
- \* All of the above is dependent upon budget requests for funds to replace these aging systems that are used every day at our rink.
- \*\* Expansion of summer camp schedule is also dependent upon budget request response
