

March 27, 2018

Dear Members of Finance and Representatives Boards:

I come before you on behalf of my Waterside neighbors to convey their support for the \$400,000.00 capital budget item for the John Boccuzzi Park @ Southfield (item CP8701, pg. 82)

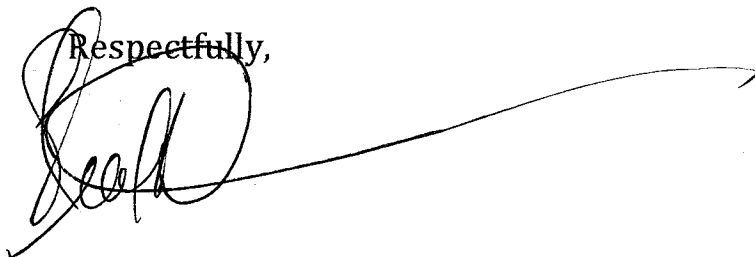

For much too long this park has been neglected. The fortuitous potential expansion of SoundWaters' excellent educational program at this waterfront park triggered the development of a Master Plan for re-envisioning the park. This master plan is now ready to begin implementation. The capital funds requested, leveraged with funds raised from other sources, will enable the start of implementation of Phase 1 of the Master Plan.

Submitted for the record, attached are petition signatures and letters of support representing but a sampling of the neighborhood desires to proceed with this project.

Upon full implementation of the master plan John Boccuzzi will be transformed into the waterfront jewel it always had the potential to be. The tangible and intangible benefits that will accrue to Waterside, The City of Stamford, and the region are truly incalculable.

To realize these benefits as promptly as possible, I, on behalf of my Waterside neighbors urge you to please retain this funding in the capital budget proposed by the Honorable Major David R. Martin.

Respectfully,

A handwritten signature in black ink, appearing to be "John Boccuzzi", with a long horizontal line extending to the right.

March 14, 2018

To: The Honorable Mayor David R. Martin  
Board of Finance

We at TGM Anchor Point stand in support of our Representative Virgil de la Cruz's 2018 Budget requests for implementation of: Phase I of the Master Plan for our John Boccuzzi Park at Southfield; continuation of our waterfront boardwalk along Davenport Street to the Mill River Park; Pedestrian Safety; increased park policing, and street scape improvements along the Greenwich Avenue corridor.

Boccuzzi Park has for too long been neglected. Given the substantial ROI (return on investment) and quality of life benefits to the City and our District, implementation of the Master Plan and completion of the boardwalk connection to the Mill River Park should proceed with deliberate speed.

Here at TGM Anchor Point we think it a vital part for Stamford's future success to see the continuation of boardwalk along the east side of Davenport Street to finally connect Boccuzzi and Mill River Park as envisioned. This would allow the entire Stamford community to enjoy the waterside community as never before.

Anything the City can do to support Virgil's request would be greatly appreciated and supported.

Sincerely,

*Daniel Ligeiro*

Community Director

February 27, 2018

To: Virgil de la Cruz  
City Representative- District 2

The Board of Directors of the Davenport Point Association (DPA) has reviewed your petition regarding the 2018 budget requests for implementation of:

- Phase I of the Master Plan for John Boccuzzi Park at Southfield
- Continuation of the waterfront boardwalk along Davenport Street to the Mill River Park
- Pedestrian safety measures
- Increased park policing
- Street scape improvements along the Greenwich Avenue corridor

We agree that Boccuzzi Park has been neglected for too long. Given the substantial return on investment and the quality of life benefits to the City and District, we support the 2018 budget requests for the implementation of the Master Plan, the completion of the boardwalk connection to Mill River Park, and the other measures listed above.

Very truly yours,

A handwritten signature in black ink, appearing to read 'Eric Cottington', with a long, sweeping underline.

Eric Cottington, Secretary  
Davenport Point Association
