Key Challenges & Changes (FY 2025-26)

Digital Transformation update

Cyber security

We continue to increase our cyber security posture by working with our Local partners, State agencies and Federal authorities.

(NIST and CIS reviews)

- Rating agency increased

Secure Cloud Migration

Working with Federal funding to purchase equipment and services to transition our on-premises data center to the cloud solution(s)

- increased security
- less ongoing maintenance

Office 365 Teams update

- Migration of MS exchange to MS O365 email completed.
- Migration from traditional Avaya telephones to MS teams well under way. Anticipate city to be migrated by calendar year end
- Reviewing BOE telephone options

Thank You!
