OFFICE OF OPERATIONS
ENGINEERING BUREAU

INTEROFFICE MEMORANDUM

To: David Woods
Planning Board

Cc: Board of Representatives, Attention Valerie Rosenson

From: Louis A Casolo Jr., PE
City Engineer 

Date: May 16, 2016

RE: PB No.4014 - Gulf View Circle Extension

This memo is written in regards to the certification of Gulf View Circle. Based on the review of the as-built drawing, "Improvement Location Survey of Gulf View Circle Stamford, Connecticut prepared for Hubbard Avenue Associates, LLC," revised 1/20/16, and the latest site visit, the roadway and storm structures within the Gulf View Circle Right of Way extension meet the City of Stamford standards and be acceptable to the Engineering Bureau.

The applicant must submit a 2 year maintenance bond for the roadway.

Therefore, upon submission of the maintenance bond, the Engineering Bureau has no objection to ACCEPT the extension of Gulf View Circle as a City accepted street.

Please note; Gulf View Circle was an accepted street prior to the extension.

If you have any questions, please do not hesitate to call.
