ATTENTION: Stamford Board of Representatives
Stamford Land Use Committee

I am a South End property owner. I own properties at 7 Milton Street, 231 Ludlow Street and 250 Ludlow Street in Stamford.

I am opposed to the city's adoption of a historic district.

I believe that this change will negatively impact the value of my properties and place restrictions on their maintenance and repair. I strive to keep my properties safe and clean. The permitting process is strenuous enough without these additional regulations.

Please add my email address to your database and keep me updated on this issue.
