Hello Valerie, Virgil and Bradley,

If it is ok, I think the following information should be shared with the Land Use Committee members.

Thank you,

Nina

Dear Nina:

No.

As of today we still have no site plan. We again request this be held over until we can have this information.

Once the board receives this we will need to call a meeting, which usually has to be on a Sat, and is a 2 week process to get a date that works for all for all to discuss and review.

Thank you for your follow up.

Kind regards,

Vince McClean

Dear Vince,

Thank you for your email at the beginning of the month. I am on the Land Use committee of the Board of Reps which will be voting on the eminent domain item involving your property tonight at 7pm.

Has the administration given you a site plan? Is there any information that you think would be helpful for me or members of the Land Use Committee to have for tonight's meeting?

Hope to hear from you soon.

Sincerely,

Nina Sherwood

****Urgent please send to all board of reps****

Dear Board Of Reps:

Our association wanted to give you an update for 256 Washington Blvd.

The engineering department is not ready to provide us with an exact site plan for our parcel. Until we have that information we are unable to have an informative meeting with all 18 owners.

Any offer made by the City is premature until we have specific details.

Please keep us updated on your position and if we need to attend any hearings regarding our property.

Kind regards,
Vince McClean
