Subject: Holy Name Land

Dear Cindy,

in response to the letter from the City of Stamford (April 4, 2020), I would like to let you know that the parish of Holy Name of Jesus continues to discuss an acceptable solution to the proposed taking of property owned by the Parish with the City of Stamford. At this point, the Parish is willing to work with the City on either a negotiated acquisition or an eminent domain proceeding that will make the parish whole in its plans for the development of the property. Based on the city's plan to do a land swap, we support moving forward. We reserve the right to remove such support at any point in the future if these negotiations are not satisfactory for the needs of the Parish.

Sincerely,

Fr. Pawel M. Hrebenko
Pastor
