Re: 274 Washington Boulevard

Dear President Quinones:

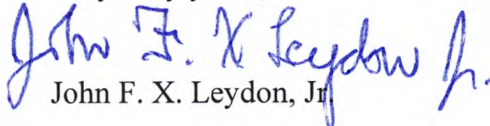

In regard to the above-referenced matter, my firm was engaged by Mrs. Genevieve Cal to represent her on the evening of May 26, 2020. The next evening I called on her behalf into the meeting of the Land Use-Urban Redevelopment Committee of the Board of Representatives. During my time to speak I requested that the Committee hold the matter for one month so that I had time to better understand its complexities and attempt to work with the City of Stamford to reach a negotiated resolution. After discussion, the Committee denied a motion to hold.

For the reasons stated above, I respectfully request that the full Board of Representatives consider and approve such a motion. I believe that an additional month would not significantly adversely impact an ultimate decision to proceed with this item while giving the parties the opportunity to attempt to reach a resolution under less pressure.

If you are in need of any additional information, please let me know.

Thank you for your consideration for this request.

Very truly yours,

  
John F. X. Leydon, Jr.
