Position on Puppy stores: I am 100% FOR Banning selling puppies or any age dog or cat in stores. There is a major over population of pups for adoption and great rescues and shelters that vet potential owners extensively. Stores will sell to anyone with money. Please don't let this happen.

Thank you!!

My name is Cora Martino. I am a Stamford resident at 23 Mead St. 06907. I am a home owner, tax payer and I vote. I most definitely oppose the sale of puppies/dogs from puppy mills. That is where all these poor animals come from. They are bred inhumanely and are not cared for. Just go to Amish and Menonite country in Pennsylvania and you can see where they come from yourself. That's only one place I've been to in person. Disgusting. Filthy conditions treated horribly and then sent to pet stores through out the country. Do not want it here in Stamford. NO PET STORES for Any animal here in Stamford ever. I am also a 501(c)3 Feline rescue here in Stamford and have cleaned up many feral cats here. So no pet stores of any kind especially dogs because of where they come from. NONE

Thank You

Cora Martino

Dear Stamford Board of Representatives,

I support the proposed Stamford ordinance to ban the sale of dogs from puppy mills. Stamford can be a leader in the State in protecting consumers and stopping the pipeline of misery created by cruelly bred animals.

Thank you,

Tom Tierney

To Whom It May Concern:

I am writing to let you know that I support the proposed Stamford ordinance to ban the sale of dogs from puppy mills.

Stamford can — and SHOULD — be a leader in the state of Connecticut in protecting both consumers and innocent animals, by stopping the pipeline of misery created by cruelly-bred animals.

As a constituent, I hope that you will vote to support this initiative.

Thank you.
