Dear Members of the Stamford Board of Representatives,

Enclosed please find 176 petition sheets comprising 1,152 signatures of Stamford residents who want the Glenbrook Community Center to be restored.

The vast majority of the signers are residents of Glenbrook and its immediate surrounding neighborhoods, who recognize the permanent detriment of selling our community asset. These signatures were collected through in-person one-on-one conversations with the signers.

We respectfully request that you, as our representatives, reflect the will of the people and vote against the proposed sale of our beloved community center.

Sincerely,

Frosty Blakeslee
Brooklawn Avenue
Stamford CT 06906

WHEREAS, THE GLENBROOK COMMUNITY CENTER has been a vital part of our neighborhood for generations—providing residents with integral services such as addiction support, childcare, children's and adult's activities, and community space;

WE RECOGNIZE the need for affordable housing citywide, however, we do not believe that we should sacrifice our Community Center to achieve that goal;

THEREFORE, WE FORMALLY REQUEST that the city restore the GCC as a community center—which will continue to benefit thousands of people in our community and our city.
