PETITION

As a citizen of the WESTSIDE, I am in favor of supporting an effort to rebuild the VEHICULAR BRIDGE across the Mill River.

The city needs to keep the LONG-PROMISED delay it made to the West Side Citizens who have been cut off from a direct contact to the heart of the city. The Westside is a vital part of the city and its citizens need to be inclusive in the decision making (Vehicular vs Pedestrian Bridge) what are the facts?
