

Petition in favor of the restoration of the Main Street Bridge for Pedestrians

We the undersigned support the restoration of the historic Main Street Bridge for pedestrian use with emergency vehicle access. A pedestrian bridge with planned improvements up to Stillwater Avenue will provide an appealing pedestrian-friendly route between the west side and downtown, and it will ensure that children and families using the Mill River Park and its playground or walking into downtown can safely cross what is a five-street intersection. The bridge has been in disrepair for too long and is in danger of collapse. Now is the time to use available financial resources to make the bridge a source of pride and pleasure for our city and not a symbol of neglect.

Petición a favor de la restauración del puente de Main Street para peatones

Nosotros, los abajo firmantes, apoyamos la restauración del Puente Histórico de Main Street para uso peatonal con acceso para vehículos de emergencia. Un puente peatonal comprende el mejoramiento hasta Stillwater Avenue proporcionará una ruta atractiva para peatones entre el "West side y el Downtown", y garantizará que los niños, ancianos y las familias que usan el Mill River Park y sus juegos recreativos y que caminan hacia el centro puedan cruzar la intersección de cinco calles en forma segura. El puente ha estado en mal estado por mucho tiempo y está en peligro de colapsar. Ahora es el momento de usar los recursos financieros disponibles para hacer del puente una fuente de orgullo y agrado para nuestra ciudad y no un símbolo de abandono.
