Val,

Regarding the anti-smoking proposal, the City is expressly authorized to regulate smoking. Section 7-148 of the state statutes provides that a municipality may “regulate, on any property owned by the municipality, any activity deemed to be deleterious to public health, including the lighting or carrying of a lighted cigarette, cigar, pipe or similar device.”

Kathy –

Dennis Mahoney, the Co-Chair of the Parks & Recreation Committee, has asked that someone in the Legal Department review that attached proposed ordinance, which is based upon a previous ordinance submitted to the Board in 2015 by then Director of Health Fountain. Can you please assign someone to review legality/enforceability and any other legal issues that may be raised by the draft?

Thank you,
Valerie
