Subject: Questions Regarding Administrative Services for Police Dept. Extra Duty Employment

A question came up regarding the agreement with PINACOM INC. showing that they are a foreign corporation organized and existing pursuant to the laws of the State of New York. The term "foreign corporation" means that they are incorporated outside the State of Connecticut. PINACOM INC is incorporated in New York State.

The following are the extra duty fees collected and the administrative fees received by the City of Stamford during the associated time frames:

- A. 11/28/2012—06/30/13:
\$3,684,175.76 in extra duty fees collected of which the City received
\$505,567.56 in administrative fees.
- B. 07/2013—06/2014:
\$8,618,592.92 in extra duty fees collected of which the city
received \$1,181,826.48 in administrative fees.
- C. 07/2014—06/2015:
\$9,161,355.12 in extra duties fees collected of which the city received
\$1,260,960.70 in administrative fees.
- D. 07/2015—04/2016:
\$6,540,203.06 in extra duty fees collected of which the city received
\$898,161.24 in administrative fees.

Respectfully,

Thaddeus K. Jankowski
