RE: Beach Permit Enforcement System

Mr. Kolenberg,

It came to my attention today the city administration's desire to implement a new beach permit enforcement system. It clearly is a responsibility or "job" of the Police Department to enforce parking violations, permit violations etc. in the parks and all of Stamford for that matter. It's my understanding that the Police Department would not have access to the tools needed to perform the function of validating beach permits. This would not allow us to do our job. If this new system was implemented and the Police were excluded from the system, we would be forced to file a Prohibited Practice Complaint.

Respectfully,

*Sgt. Kris Engstrand*
