Subject:street closings/no parking for July 5,2014

Hello;; can you please tell all of us who the person was who brainstormed the order that both sides of Willowbrook Ave South be "No Parking" for the fireworks that night , I AM HAVING 75 PEOPLE OVER TO MY HOUSE that night for an annual party and to watch the fireworks.

Soooooooo..... shall I ask the guests to swim over from Darien : I could rent a bus and have all of guests meet in front of the mayor's house on Long Ridge Road or in front of 1st Rep Kieran Ryan's house and than chauffeur them all back at the end of the evening OR.... the foolish and unfair decision to

restrict parking on both side of the street because a few neighbors may be inconvenienced could be rescinded in the interests of fair play and good fellowship on this magnificent national holiday...

What is it with you guys?

Cordially yours,

Peter J. Somma jr. for Susan L Morelli
