

MINUTES OF REGULAR BOARD MEETING

MONDAY, JANUARY 8, 1990

21ST BOARD OF REPRESENTATIVES

STAMFORD, CONNECTICUT

A regular monthly meeting of the 21st Board of Representatives of the City of Stamford was held on Monday, January 8, 1990, in the Legislative Chambers of the Board in the Government Center, 888 Washington Boulevard, Stamford, Connecticut.

The meeting was called to order at 8:50 p.m. by President Goldstein, after both political parties had met in Caucus.

INVOCATION was given by Peter J. Hogan, Seminarian, Immaculate Conception Seminary, Seton Hall University, So. Orange, N.J.

"Let us pray together. Almighty God, we thank you for bringing us all here together. We pray that you watch over us and guide the actions of this Body in their deliberations; that their decisions benefit all the citizens of this city. We ask in your infinite wisdom to enter the hearts and minds of these legislators that their decisions be equitable, just and fair.

"We also pray that you watch over this city and its people and the representatives assembled here that they may act in the best interest of all the people of the City of Stamford.

"God, all this is good and can only be brought about if we take heed of your commandment to love one another. Love makes a big difference in personality and character development. A little love can go a long way and is a great cure for many ills.

"Just before I finish, I would like to say that life comes about fairly even in the end; we get out of it what we put into it. I have a short story to illustrate this. It is about a little boy who came crying to his mother one day because he said the whole world hated him. He ask his mother to come and see for herself. He took her to the edge of a canyon and shouted loudly, 'I hate you.' The echo returned his words, 'I hate you.' His mother thought for a moment and said to the boy, 'If you hate others, they will also hate you.' She told him to try this, 'I love you,' and let's see what happens. The boy did as his mother said, and shouted loudly, 'I love you,' and the whole world seemed to call back to him, those beautiful words, 'I love you.'

"I believe that the most positive way of being a legislator is to govern with understanding, compassion, truth and love. It is never too late to start and never too soon either.

"I thank you for the opportunity to give the Invocation tonight and I wish to you all God's love, peace and shalom."

PLEDGE OF ALLEGIANCE TO THE FLAG: President Sandra Goldstein.

ROLL CALL was taken by Clerk of the Board Annie M. Summerville. All 40 members of the Board were present.

The Chair declared a quorum.

MACHINE TEST VOTE: Test votes were taken by the President. The machine was in good working order.

MOMENTS OF SILENCE:

PRESIDENT GOLDSTEIN announced that she would read the Moments of Silence, If the proposers wish to submit a statement, the statement will be put in the Minutes and a copy will be sent to the appropriate people.

For the late Mrs. Vera Koproski of Westover Lane. Submitted by Rep. Mildred Perillo, 9th District.

For the late Lucien "Moe" Dmochowski, uncle of Rep. David Jachimczyk. Submitted by Rep. David Jachimczyk.

"Uncle Moe was born and raised in Stamford. He was a gentle giant of a man who was loved and respected by all who knew him. He was as his mother said, 'A good boy' who did much good for many people. He was a good man who will be missed."

PRESIDENT GOLDSTEIN spoke regarding Committee members being absent at Committee meetings. She stated if a Committee member misses three meeting out of five, adjustments will have to be made on the Committee. She said all Committee Chairmen received packets with attendance sheets which must be kept. President Goldstein stated the Board requires no less than what is required of other members of Boards and Commissions that are appointed and are expected to have good attendance.

President Goldstein thanked Gabe DeLuca and Millie Perillo for organizing the wonderful Christmas Party.

(Held in Steering 12/4/89)

MRS. PERILLO said that the Committee voted six yes votes, one no vote and one abstention to approve Mr. Marsalisi. Moved. Seconded.

PRESIDENT GOLDSTEIN called for a vote to confirm Mr. Marsalisi to the Board of Ethics. APPROVED by voice vote with three no votes; Mrs. Perillo, Mr. Blum and Mr. Pia.

APPOINTMENTS COMMITTEE: (continued)

MRS. PERILLO said a typographical correction on the records was in order for a member of the Human Rights Commission concerning his expiration date on the Commission. She wanted the record to note that on June 5, 1989, Carmine Vaccaro (R) was confirmed to the Human Rights Commission. The correct expiration date for his term should be 12/1/91.

Mrs. Perillo Moved for approval of the correction. Seconded.

PRESIDENT GOLDSTEIN called for a vote to approve the correction date.
APPROVED by voice vote with no dissenting votes.

FISCAL COMMITTEE - Richard Lyons, Chairman

MR. LYONS said the Fiscal Committee met on Wednesday, January 3, 1990, at 7:00 p.m. Present were Reps. Lyons, Rinaldi, Powers, Martin, Mollo, Morris, Clemmons, Rybnick, Pavia and Hogan.

Mr. Lyons placed items 2, 3, 6, 8, 9, and 10 on the Consent Agenda.
All Secondary Committee concurred or waived the Secondary Committee report.

\$829,600.00

1. ~~\$859,900.00~~ - POLICE DEPARTMENT - CODE 410-1110 SALARIES - additional appropriation to cover salaries for 34 additional policemen effective 10/27/89. Request by Mayor Thom Serrani 11/29/89. Board of Finance approved 12/18/89.

Above also referred to HEALTH AND PROTECTION COMMITTEE.

MR. LYONS Moved to approve item one. Seconded by concurrence of Health and Protection Committee.

MR. DeLUCA asked if the new officers coming on will be covered by the existing contract whereby they can retire at the end of 15 years at 40% of their salary?

MR. LYONS stated that they would be covered by the existing contract.

MR. DeLUCA said that when the contract was approved, he was not informed that a new clause was inserted in the contract whereby the police can retire at the end of 15 years. He said that he will vote against this appropriation.

MR. LYONS said that the police contract was approved by the Board. He said that he received a letter regarding the 15 years. Mr. Lyons stated that he was aware of that when he voted on the contract. The letter was sent to all members of the Board and if Mr. DeLuca requests a copy, he would be glad to send it to him.

MR. BLUM commented on the police contract. His remarks were similar to Mr. DeLuca's.

PRESIDENT GOLDSTEIN informed the Board that she permitted Mr. Blum to speak on a non-related issue on item 1. She stated that members must speak on the issue; the issue on item 1 is not on a contract; it is on an appropriation.

FISCAL COMMITTEE: (continued)

MR. BOCCUZZI said he would vote in favor of the appropriation. He said the administration wants the police department to have 300 members. Mr. Boccuzzi said the general public and representatives are calling for more protection in their areas. He said if the appropriation is denied, 34 officers will be lost. He urged that all members vote in favor of the appropriation.

MRS. POWERS said that many of her constituents informed her that they would like to see more policemen on the streets. She said she strongly supports putting 34 additional policemen on the streets.

PRESIDENT GOLDSTEIN proceeded to a vote to approve \$829,600 for the Police Department. APPROVED by voice vote with two abstentions, Mr. Zelinski and Mr. DeLuca.

\$ 26,800.00

2. \$-39,000.00 - POLICE DEPARTMENT - CODE 410.3480 UNIFORMS - additional appropriation to provide for equipping of new recruits. Request by Mayor Thom Serrani 11/29/89. Board of Finance approved 12/18/89.

Above also referred to HEALTH AND PROTECTION COMMITTEE.

NO ACTION TAKEN - DEFERRED BY BOARD OF FINANCE

FISCAL COMMITTEE: (continued)

5. \$221,000.00 - GLENBROOK VOLUNTEER FIRE DEPARTMENT - AMENDMENT TO CAPITAL PROJECTS BUDGET FOR YEAR 1989/90 - additional appropriation for CODE 472-151 FIRE STATION ADDITION. Request by Mayor Thom Serrani 11/22/89. Recommended source of funding is bonds. Planning Board approved 12/4/89. Contingent upon Board of Finance approval. Board of Finance deferred 12/18/89.

Above also referred to HEALTH AND PROTECTION COMMITTEE.

NO ACTION TAKEN - DEFERRED BY BOARD OF FINANCE

6. \$ 28,000.00 - TURN OF RIVER FIRE DEPARTMENT - AMENDMENT TO CAPITAL PROJECTS BUDGET - additional appropriation for CODE 474.120 RENOVATION STATION 2. To be financed by closeout from Project 474.274 and transferred to Code 474.120. Request by Mayor Thom Serrani 11/29/89. Planning Board approved 12/4/89. Board of Finance approved 12/18/89.

Above also referred to HEALTH AND PROTECTION COMMITTEE.

APPROVED ON CONSENT AGENDA

7. \$997,605.00 - LABOR CONTRACT APPROPRIATIONS - MUNICIPAL EMPLOYEES ASSOCIATION - additional appropriation required to cover shortfalls in the MEA contract appropriation which was approved by the Board of Finance on 10/10/89. To be allocated to various accounts. Request by Mayor Thom Serrani 11/29/89. Board of Finance approved 12/18/89.

Above also referred to PERSONNEL COMMITTEE.

MR. LYONS Moved for approval of \$997,605 for the MEA labor contract appropriations. Seconded by the concurrence of the Personnel Committee.

MR. DeLUCA said that the raises for the MEA employees amount to 18%. He said the financial information was received after the contract was approved. Mr. DeLuca said that by approving this appropriation, we are agreeing that a 18% increase over one year/two years is permissible.

MR. LYONS said that subject was brought up at the Committee meeting. He said that the original estimate of the contract was between 5 and 6% and what occurred was because of the increase in the number of employees in the upper grades; as they moved up a step, the increase worked out to about 9%. Mr. Lyons said the increase depended on the grade; not all received 9%.

PRESIDENT GOLDSTEIN proceeded to a vote on \$997,605 for Labor contract appropriations for MEA employees. APPROVED by voice vote with Mr. DeLuca voting no.

MR. PIA AND MS. SUMMERVILLE wanted the record to show that they left the Floor on the discussion and voting on item seven.

FISCAL COMMITTEE: (continued)

MRS. MAIHOCK said this item refers to \$350,000 for major repairs and the addition of a fourth floor to the existing structure at 115, 119, 125 Main Street. Mrs. Maihock stated that the project will be further assisted by a Community Development Block grant in the amount of \$100,000 and a grant from the Connecticut Drug and Alcohol Abuse Council is pending. She also stated that Liberation Programs II was requesting \$5,450 for a waiver of a building permit fee.

Mrs. Maihock stated that she feels we must fund drug rehabilitation; however, she does not feel that it is appropriate for state taxpayer funds to be used to make capital improvements to a building that is not government controlled or owned.

MR. BLUM stated that with the state being in a \$65 million deficit, that our social and welfare programs may be cut. Mr. Blum wanted to know if the grant was executed and will we get this money or perhaps less?

MR. LYONS quoted from a letter. He said that at the October 31, 1989 meeting, the state bond commission wrote to approve a request to provide partial capital funding for the Drug Liberation Program in the amount of \$350,000 granted to assist in the renovations. Mr. Lyons said that the money is there and when approved by the Board, the funds will be there.

MR. MARTIN stated that Mrs. Maihock raised an interesting point concerning a grant being used for an organization not government owned or controlled. Mr. Martin said the Drug Liberation Program is one of the most beneficial programs to the community. Mr. Martin said funds are given frequently to volunteer organizations which are not government organizations. He said that this was money well-spent and adequate controls are in place to see that all is done properly. He said he could not believe that we would vote against money given to us by the state for a very good and well-run program.

MS. SUMMERVILLE said she could not imagine one not commending the state for this grant. She said the building used by Liberation Programs is old. She stated that Drug Lib would probably be very happy to go into a government building where there would be more beds for patients in need of help.

Ms. Summerville said the state cited Liberation Programs in Stamford as having one of the outstanding programs in the state. Ms. Summerville said that Liberation Programs receives funding from CADAC, and CADAC scrutinizes the funding; Liberation Programs should be commended for receiving most of CADAC's funding. Ms. Summerville stated that the present building is falling down and must be renovated. She urged all members to support this resolution.

PRESIDENT GOLDSTEIN called for a vote to approve the resolution for the execution of agreements with the state for funding \$350,000 for the Drug Liberation Programs. APPROVED by voice vote with one no vote, Mrs. Maihock.

FISCAL COMMITTEE: (continued)

12. PROPOSED RESOLUTION AUTHORIZING THE MAYOR TO EXECUTE A HISTORIC LEGACY PROGRAM ASSISTANCE AGREEMENT BETWEEN THE CITY OF STAMFORD AND THE STATE OF CONNECTICUT. Requested by Mayor Thom Serrani 12/11/89.

MR. LYONS Moved for approval of item 12. Seconded.

MRS. MAIHOCK asked whether it was appropriate for Connecticut taxpayers to be paying over \$200,000 to restore the facade of a valuable piece of downtown property which is prime real estate and which has the potential or has an income coming in? Mrs. Maihock said that perhaps some other incentives should be made whereby the person who owns the building would try to make improvements perhaps on a long-term loan basis. Mrs. Maihock said that she feels we must be more prudent on how we spend our funds so that we receive the maximum benefits so that all of us can have a better life in Connecticut.

PRESIDENT GOLDSTEIN proceeded to a vote to approve the resolution regarding the Historic Legacy agreement. APPROVED by voice vote with three no votes, Mrs. Maihock, Mrs. Perillo and Mr. Blum.

MR. LYONS Moved the Consent Agenda. Seconded.

PRESIDENT GOLDSTEIN called for a vote to approve the Consent Agenda. APPROVED by voice vote with Mrs. Maihock wanting the record to note that she voted no on item #9 and Mr. White wanting the record to note that he abstained on item #8. Mr. Stork also wanted the record to note that he abstained on item #8 and he also abstained on the Personnel Committee's Secondary Committee's report. Mr. Stork said that he has a potential conflict of interest and has a memo to the Board of Ethics to make a decision. When the decision is reached, he will advise the board. Mr. Zelinski wanted to be recorded as abstaining on items #2 and #3.

LEGISLATIVE & RULES COMMITTEE - Maria Nakian & David Martin, Co-Chairpersons

MRS. NAKIAN said the Legislative and Rules Committee met on Tuesday, January 2, 1990, at 7:00 p.m. Present were Committee members Nakian, Martin, Esposito, Larobina, Maihock, Mellis, Mitchell, Rubino, Zelinski and Zimmerman. Also present on item 1, was Doris DeHuff, Executive Director of Liberation Programs and on item 4, Marc Lyons, President of the Board of Directors of the Stamford Boys and Girls Club.

Mrs. Nakian placed items 1 and 4 on the Consent Agenda.

1. (L&R21.01) REQUEST FOR WAIVER AND REFUND OF BUILDING PERMIT FEE PAID BY LIBERATION PROGRAMS I IN THE AMOUNT OF \$5,450.00 ON PERMIT NO. 68954, 10/27/89, FOR ALTERATIONS AND ADDITIONS. Requested by Liberation Programs I, David Adams, 400 Main Street, Stamford, CT 06901, 11/2/89. Held in Steering 12/4/89.

APPROVED ON CONSENT AGENDA WITH TWO NO VOTES, MRS. PERILLO AND MRS. MAIHOCK

2. (L&R21.02) FOR PUBLICATION - PROPOSED ORDINANCE AMENDING CHAPTER 77 OF THE CODE OF ORDINANCES CONCERNING AUCTIONS. Submitted by Maria Nakian and David Martin, Co-Chairpersons, L&R Committee, 20th Board, 10/18/89. Held in Steering 12/4/89.

HELD IN COMMITTEE

LEGISLATIVE & RULES COMMITTEE: (continued)

3. (L&R21.03) REQUEST TO WAIVE A \$50.00 PERMIT FEE FOR AUCTION FOR PRO ARTE SINGERS, A NON-PROFIT ORGANIZATION. Submitted by Maria Nakian and David Martin, Co-Chairpersons, L&R Committee, 20th Board, 10/18/89. Held in Steering 12/4/89. (Received from Gay K. Larsen, Pro Arte Singers, P. O. Box 3635, Stamford, Ct 06905, 8/30/89).

HELD IN COMMITTEE

4. (L&R21.04) REQUEST TO WAIVE BUILDING PERMIT FEE ON CONSTRUCTION OF NEW FACILITY FOR THE STAMFORD BOYS & GIRLS CLUB. Submitted by Maria Nakian and David Martin, Co-Chairpersons, L&R Committee, 20th Board, 10/18/89. Held in Steering 12/4/89. (Received from Marc Lyons, President, Boys & Girls Club, 347 Stillwater Avenue, P. O. Box 3374, Stamford, CT 06905, 9/27/89)

APPROVED ON CONSENT AGENDA WITH ONE NO VOTE, MRS. PERILLO AND TWO ABSTENTIONS, MR. MOLLO AND MR. ESPOSITO

MRS. NAKIAN Moved the Consent Agenda. Seconded.

PRESIDENT GOLDSTEIN called for a vote to approve the Consent Agenda. APPROVED by voice vote with the record noting that Mrs. Perillo voted no on items 1 and 4; Mrs. Maihock voting no on item 1, and Mr. Mollo and Mr. Esposito abstaining on item 4.

PERSONNEL COMMITTEE - Scott Morris, Chairman

No report.

PLANNING & ZONING COMMITTEE - David Jachimczyk, Chairman

No report.

PUBLIC WORKS & SEWER COMMITTEE - Peter Nanos, Chairman

No report.

HEALTH & PROTECTION COMMITTEE - Ruth Powers, Chairwoman

MRS. POWERS said the Health and Protection Committee met on January 3, 1990, at 8:00 p.m. The Committee also met prior to the meeting with the Fiscal Committee. Present at the meeting were Committee members Schoenfeld, Rubino, Mellis, Lovallo, Russo, Evanko and Powers. Mrs. Powers said a public hearing was held at 8:00 p.m. and nine people from the public attended. Also attending the meeting were several Board members. Mrs. Powers stated that six people spoke at the public hearing.

HEALTH & PROTECTION COMMITTEE: (continued)

1. FOR FINAL ADOPTION - PROPOSED ORDINANCE BANNING THE USE OF POLYSTYRENE.
Submitted by Reps. James Rubino, R-7, Ruth Powers, D-8, and John R. Zelinski, D-11, 11/28/89. Approved for publication 12/4/89.

HELD IN COMMITTEE

MRS. POWERS said that the Committee voted 6-0-1 to approve the proposed ordinance as amended. The amended version of the ordinance was sent to all members. Mrs. Powers Moved for approval. Seconded.

MR. RUBINO said the ordinance that the Board is to vote on this evening is a culmination of several months of works by the Health and Protection Committee. He said the final product is a well-drafted ordinance which addresses the problem of the environmental destruction caused by polystyrene foam litter. Mr. Rubino said it only applies to restaurants since the Committee decided that this was the overwhelming source of polystyrene foam litter. The ordinance also allows for an exemption for agencies that wish to use polystyrene products in conjunction with the recycling program.

Mr. Rubino said the Committee sat through many hours of hearings and testimonies. He said the overwhelming source of polystyrene foam litter comes from restaurants that have take out service. Also, he said that on each member's desk was a letter from Margaret Van Patten of the University of Connecticut's Sea Grant College Program dated January 8, 1990 regarding an article on the 1989 beach cleanup. Mr. Rubino stated that in the letter, it was noted that polystyrene foam litter was the second most frequent litter material found on Connecticut beaches. Mr. Rubino said that he would estimate that 80 to 85% of the foam litter found on the beaches was from take out restaurants.

Mr. Rubino stated that polystyrene litter is permanent litter because it does not biodegrade; it lasts forever. He said that the percentage we find in Long Island Sound will be higher each year because new litter will be added to the one from prior years.

Mr. Rubino said that polystyrene litter is extremely harmful to the environment and is frequently ingested by wildlife who suffer from clogged digestive tracts and die of starvation. Mr. Rubino said that at the public hearing, testimony was given by a Stamford fisherman who found polystyrene in the stomach of a bluefish he caught in the Sound.

Mr. Rubino stated that polystyrene is not recyclable in the meaning of the word. He said it could be ground up and made into polystyrene logs and desk accessories, but it cannot be made as new polystyrene food packing products. He said the food packaging products are the most prevalent use of the material. He said polystyrene recycling is not likely to be successful.

Mr. Rubino said that Dr. Deborah Wallace pointed out that polystyrene is too light to be handled in recycling in a cost effective manner. He said recycling does not address the problem that the Committee wishes to address with this ordinance, and that is litter. Mr. Rubino stated that someone motivated to litter will not be motivated to recycle.

HEALTH & PROTECTION COMMITTEE; (continued)

MR. RUBINO(continuing) said that there are members of the scientific community that believe polystyrene increases the dioxin output from municipal incinerators. Mr. Rubino said testimony was given by both sides. He said the testimony given by Dr. Wallace from the Center for the Biology and Natural Systems was that even in the best incinerator, a wide range of temperatures is used to burn garbage and some dioxin will be produced. Mr. Rubino stated that HCFC is still used to make polystyrene by some producers and the chemical is destructive to the ozone. He said the environmental dangers of polystyrene are recognized by Dr. Andrew McBride in a letter sent to all Board members. Mr. Rubino said the State of Connecticut forbides any state agency from purchasing any polystyrene products and the cafeteria in the Government Center has stopped using polystyrene products. Mr. Rubino said about a dozen of municipalities have banned polystyrene and the State of Minnesota has. Mr. Rubino said that there were no valid arguments against the ordinance unless you elevate corporate profits above health.

Mr. Rubino said that all members received a memo from Jeannette Semon opposing the ordinance. He said the arguments in the memo were not supported by facts. He said that when he questioned Jeannette, she admitted that she wrote the memo before reading the ordinance. Jeannette said it would stop the use of polystyrene in the school cafeterias. Mr. Rubino said that was not true; an exemption is provided for that.

Mr. Rubino said that industry criticism centered around the claim that landfills benefit from polystyrene. He said at one hearing, one representative from McDonald's stated that we should not ban the use of polystyrene foam because possibly soon, degradable products would be introduced. Mr. Rubino stated that some say that degradable plastics are more harmful than regular plastics. Mr. Rubino talked of McDonald's recycling program which he said can only be used practically by people who eat in the store; he said the source of the polystyrene litter is by the take out customers.

Mr. Rubino said that by joining the "Keep America Beautiful Program" may have benefits. He stated that the KAB people said that after being in the program for years, the best would be a 15 to 20% drop in litter.

Mr. Rubino urged the Board to vote for the ordinance.

MR. ESPOSITO said that he intended to vote no on the proposed ordinance banning the use of polystyrene foam products. He said he believed the arguments and premises on which the ordinance is based are flawed. He said one premise on which the ordinance is based is that burning of the packaged material is damaging to the environment. Mr. Esposito said at a recent meeting of the Health and Protection Committee, experts were asked to come and share information with the members. Mr. Esposito stated that as a member of the Board and as Chairman of the Environmental Protection Committee, he attended the meeting. He said that he learned that the city's incinerator burns material at 1800 degrees and that for polystyrene foam to be totally incinerated, it needs only to burn at 1500 degree for 1/10th of a second.

HEALTH & PROTECTION COMMITTEE: (continued)

MR. ESPOSITO also stated that the intense heat of the origin of the flame in the city's incinerator is 3000 degrees; the net result being the incineration of the polystyrene foam in the incinerator creates carbon dioxide, water and trace ash which all are perfectly acceptable and safe for the environment. He said that the polystyrene is burned and is not sent to landfills. Mr. Esposito said the net result at the meeting was that the first premise on which the ordinance is based is not correct.

Mr. Esposito stated that the second premise on which the ordinance is based indicates that polystyrene products are not biodegradable and therefore, are bad for the environment, and create a litter problem. Mr. Esposito said that one allegation is incorrect and the other is misconstrued.

Mr. Esposito said the scientific community calls this packaging material inert. He said the material is not poisonous in any way, shape or form, and it simply lays there. Mr. Esposito said the real question on this ordinance is litter. He asked if this ordinance would stop the litter in the City of Stamford? He said the answer is that it would not stop littering; people who litter will continue to litter with products that replace polystyrene if it is banned. The problem must be solved through education which can change the behavior patterns of people. Mr. Esposito said that it was not acceptable to him to say that we will ban polystyrene foam products but will allow people to continue to litter with substitute products that would lay on the beaches for six months. Mr. Esposito said that the way to deal with the litter problem was through education; not only in the schools but also with a public awareness program with the community at large.

Mr. Esposito stated that the ordinance discriminates against the small businessmen, catering truck owners, local restaurants, convenient stores, and fast-food restaurants. Mr. Esposito said that it would force these people to adopt products that are more costly to package the food and this added cost would be passed on to the consumer. He said these new products may not be as good for the health of the public as the substitutes may allow seepage of fluids and the proliferation of bacteria.

Further, Mr. Esposito stated if this ordinance is adopted, we must create ordinance after ordinance to ban plastics; evian water bottles which are not biodegradable, aluminum cans, glass bottles and other items which would remain on the beaches and streets for a lengthy amount of time.

Mr. Esposito stated that McDonald's restaurant is willing to go in the city's school system to speak against litter. He said they would be willing to pay for extra beach clean ups and additional trash barrels where people are prone to litter most. Mr. Esposito said that we must deal with the litter problem through public education; not through a discriminatory ordinance which will not solve the problem. Mr. Esposito said that as a member of the Board, as a citizen and as Chairman of the Environmental Protection Committee, he will not support the proposed ordinance banning polystyrene foam products, and he urged his fellow members of the Board to do the same.

HEALTH & PROTECTION COMMITTEE: (continued)

MR. ZIMMERMAN Moved to return the proposed ordinance back to Committee. The motion was Seconded.

Mr. Zimmerman said that he would like the Committee to take a comprehensive approach to polystyrene use; minimally investigating recycling and the total ban. He said that a ban on nondegradable, nonrecyclable materials could be a positive step in improving Stamford's environment. He also stated that recycling, if it is a feasible alternative, should be a first priority for any materials. Mr. Zimmerman said the ordinance before the Board is not addressing the issue of polystyrene; it is addressing litter, and not all litter only the litter of fast-food establishments.

Mr. Zimmerman stated that the limited nature of the ordinance is not a helpful piece of legislation. He said it was important to face the issue of polystyrene foam from a position of strength. He said he did not want an ordinance which is discriminatory to small businessmen. Mr. Zimmerman stated that he does not want an ordinance that deals with only fast-food restaurants. He said that it was important to view polystyrene in the form of a single product. He said that in that view, polystyrene has a greater value than garbage.

Mr. Zimmerman said that the Committee should address recycling and a total ban and anything else they wish, but as a minimum, total recycling and a total ban.

PRESIDENT GOLDSTEIN stated that the motion on the Floor is to send the proposed ordinance back to Committee with instructions for the Committee.

MR. RUBINO stated that the motion to send this item back to Committee is a disguise to attempt to kill the ordinance without going on record against the ordinance. Mr. Rubino said that the Committee decided that we do not have jurisdiction on a total ban.

Mr. Rubino said that constituents deserve a vote; up or down; not a vote to return to Committee where the ordinance will die. He urged the Board to vote against the motion to send this back to Committee, and to have the courage to vote yes or no on the ordinance.

MR. MARTIN stated that reluctantly, he would have to agree with Mr. Zimmerman to send this item back to Committee. He said that he would have liked to vote yes on the item because he believed that we should show resolve on the item supporting a better environment.

Mr. Martin said the Committee should focus on the possibility of recycling making it more definite that the state will go for mandatory recycling, and perhaps a more comprehensive program designed for various types of litter. He said that since so much has been said about polystyrene litter on the beaches, perhaps the Parks and Recreation Department should enact special regulations involving the vendors. He said that would be a separate issue. He said that he would like to see the issues pursued before we deal with the ordinance as is now structured.

HEALTH & PROTECTION COMMITTEE: (continued)

MR. PAVIA said that he was against sending the item back to Committee. He stated that this ordinance was discussed for a long time. He referred to Dr. McBride's letter of September 26, 1989, wherein Dr. McBride felt the ordinance was fine. Mr. Pavia said if an expert like Dr. McBride supports the ordinance, the Board should go forward with the ordinance.

MR. RYBNICK Moved the question. Seconded.

PRESIDENT GOLDSTEIN proceeded to a vote to return the proposed ordinance banning the use of polystyrene back to Committee with specific instructions such as examining a total ban, looking into mandatory recycling and addressing the issue of polystyrene on the beaches as well as anything else the Committee might want to do. The motion was APPROVED by a vote of 21 yes, 17 no votes and two abstentions. The item will be returned to Committee.

PARKS & RECREATION COMMITTEE - Thomas Pia & Robert DeLuca, Co-Chairpersons

MR. DeLUCA said the Parks and Recreation Committee met on Tuesday, December 19, 1989, at 7:30 p.m. Present were Committee members DeLuca, Perillo, Rybnick, Pia, Owens, DePina, Nanos and Fedele. Also present was Robert Neu, Director of Parks and Recreation; Guy Bailey and Richard Ryan of the Parks and Recreation Commission and John Roman of WSTC.

MR. DeLUCA placed item three on the Consent Agenda.

1. PROPOSED RESOLUTION APPROVING A LEASE AGREEMENT BETWEEN THE STAMFORD GOLF AUTHORITY AND THE CITY OF STAMFORD. Submitted by Robert DeLuca and Thomas Pia, Co-Chairpersons, P&R Committee 20th Board, 11/30/89. Held in Steering 12/4/89. Contingent upon Planning Board and Board of Finance approval.

HELD IN COMMITTEE

2. APPROVAL OF PROPOSED MARINA FEES FOR 1990. The Parks and Recreation Commission approved the fees 12/6/89. Submitted by Robert F. Neu, Director of Parks and Recreation, 12/7/89.

MR. DeLUCA Moved for approval of the fees. Seconded.

Mr. DeLuca said the Committee voted to amend some of the fees. A copy of the proposed fees with amendments was sent to all members. Mr. DeLuca Moved for approval of the fees for Czescik Park Marina as follows:

Fingers w/o piles 17' up to 22' changed from proposed \$340.00 to \$350.00
Fingers w/piles over 22' up to 25' changed from proposed \$500.00 to \$525.00.
Fingers w/piles over 25' up to 28' changed from proposed \$675.00 to \$725.00.
The motion was Seconded.

PRESIDENT GOLDSTEIN called for a vote to approve the fees for Czescik Park Marina as amended. APPROVED by voice vote with no dissenting votes.

PARKS & RECREATION COMMITTEE: (continued)

MR. DeLUCA Moved to amend some launching ramp fees for West Beach. Seconded. The following are the changes:
Connecticut resident (daily) from \$20.00 to \$25.00
Out of state resident (season) from \$225.00 to \$250.00
Out of state resident (daily) from \$35.00 to \$50.00.

Mr. DeLuca also stated that an amendment should be made on the Southfield Marina: "per ft." should be added after the \$60.00.

PRESIDENT GOLDSTEIN called for a vote to approve the amendments. APPROVED by voice vote with no dissenting votes.

MR. DeLUCA Moved to approve the fees as amended. Seconded.

PRESIDENT GOLDSTEIN called for a vote to approve the fees as amended. APPROVED by voice vote with no dissenting votes.

3. REQUEST FOR PERMISSION TO HANG A BANNER ON BEDFORD STREET FROM APRIL 22 TO MAY 5, 1990 TO PUBLICIZE 4TH ANNUAL BOWL-A-THON SPONSORED BY JUNIOR ACHIEVEMENT OF SOUTHWEST CONNECTICUT. Requested by Janet Ursone, President, Junior Achievement of Southwest Connecticut, Inc., 5 Landmark Square, Stamford, CT 06901, 12/4/89.

APPROVED ON CONSENT AGENDA

MR. DeLUCA Moved to approve the Consent Agenda. Seconded.

PRESIDENT GOLDSTEIN called for a vote to approve the Consent Agenda. APPROVED by voice vote with no dissenting votes.

EDUCATION, WELFARE & GOVERNMENT COMMITTEE - John R. Zelinski, Chairman

No report.

HOUSING & COMMUNITY DEVELOPMENT COMMITTEE - Frank Mollo, Chairman

MR. MOLLO said the Housing and Community Development Committee met on Thursday, December 28, 1989, and again on Monday, January 8, 1990, prior to the Board Meeting. Attending the meeting were Reps. Summerville, Blum, Clemmons, Mitchell and Mollo.

Mr. Mollo stated that item one was approved by the Committee by a vote of 4 to 1. Mr. Mollo Moved for adoption. Seconded.

1. FOR FINAL ADOPTION - PROPOSED ORDINANCE AMENDING ORDINANCE NO. 625 CONCERNING BUDGETARY PROCEDURES FOR THE STAMFORD COMMUNITY DEVELOPMENT PROGRAM. Submitted by Frank Mollo, Chairman, HCD Committee 11/13/89. Approved for republication 12/4/89.

HOUSING & COMMUNITY DEVELOPMENT COMMITTEE: (continued)

MR. BLUM said this ordinance as it is written now will allow something that has never been allowed before. He said that the Board of Finance will now have a say in the matter. Mr. Blum asked if the Board of Finance says "no" to the budget, where does the item go? Mr. Blum stated that he received no answers from the Committee. He said the HUD regulations state that the governing body, which is the legislative body, is the only one that has anything to do with voting up or down on Community Development.

MR. MOLLO stated that if the Board of Finance turns the grant down, it would be just as any other grant that comes to the city; the grant is forfeited.

PRESIDENT GOLDSTEIN proceeded to a vote on the final adoption of proposed ordinance amending Ordinance No. 625 concerning budgetary procedures for the Community Development Program. APPROVED by a voice vote with Mr. Blum and Mr. White voting no and Mrs. Maihock abstaining due to a possible conflict of interest. Messrs. White and Blum and Mrs. Maihock wanted the record to note their votes.

2. APPROVAL TO REPROGRAM \$12,579.39 FROM NEIGHBORHOOD HOUSING SERVICES PAINT GRANT TO THEIR REHABILITATION PROGRAM. Paint grant contract expired 10/31/89. This request is pursuant to Ordinance No. 625 Supplemental Concerning Budgeting Procedures for Stamford Community Development Programs. Submitted by Mayor Thom Serrani, 12/6/89.

MR. MOLLO said that item 2 did not require any action by the Board of Representatives; the Committee voted approve the request.

URBAN RENEWAL COMMITTEE - Annie M. Summerville, Chairwoman

No report.

ENVIRONMENTAL PROTECTION COMMITTEE - Stanley Esposito

MR. ESPOSITO said the Environmental Protection Committee met on Thursday, January 4, 1990, at 7:30 p.m. Attending were Committee members Stanley Esposito, John Zimmerman, Audrey Maihock and Philip Stork; also attending were Reps. Martin, Nakian and Rubino. In attendance from the Public Works Department was Jeannette Semon, Supervisor of Liquid Waste, and Donald Donahue, Commissioner of Public Works. Mr. Donahue was not asked to speak at the meeting as he was ill with the flu. Representing the Health Department were Peter Dombrowski and Joseph Kuntz, and a representative from Station WSTC was also present.

1. STATUS REPORT ON PLANS FOR MANDATORY RECYCLING. Submitted by Stanley Esposito, Chairman, Environmental Protection Committee, 12/12/89.

MR. ESPOSITO said that Jeannette Semon told the Committee the goal is to reduce volume in the waste stream by 25% by removing 100% of recyclable materials. She said the state has mandated that by January 1, 1991, a program must be in place. She stated that if the Intermediate Processing Center is activated prior to that date, we then have to participate immediately; this may be as early as July 1, 1990.

ENVIRONMENTAL PROTECTION COMMITTEE; (continued)

MR. ESPOSITO said a partial list of items to be recycled by the homeowner would include: plastic food and beverage containers; metal and glass and newspapers. He said commercial establishments would also have to recycle cardboard. Mr. Esposito said that auto batteries and household batteries would be collected on Household Hazardous Waste Day. He said the state is also mandating that yard waste be composted.

Further in his report, Mr. Esposito said a pilot program may begin in March. He said potential problems regarding collection includes the collection at condominiums and high rise structures. He stated that if we progress as envisioned, the public will be asked to separate recyclable materials and place them in yellow plastic containers curb side. He said yet to be decided is whether there will be a front yard pickup or back yard pickup. He said both sides of the question will be brought before the Board of Representatives for consideration.

Mr. Esposito stated that the proposal currently is for curb side pickup for the following reasons: it is less expensive for the city; it is high profile pickup, meaning that people will participate if they see their neighbors doing so; the elderly and the handicapped will have their materials brought to the curb for them by recycling contractors. Mr. Esposito said the approximate cost of curb side pickup would be \$1.7 million annually. Mr. Esposito stated that the public will be notified by letter when the program is going to be put in place. Also, instructions will be included for recycling and a yellow plastic container will be provided.

Mr. Esposito said that during the discussion at the Committee meeting regarding the pilot program in the Shippan and East Side areas, Rep. Maihock suggested that a pilot program be conducted in north Stamford. Everyone at the meeting agreed that that was an excellent suggestion due to the nature of the dwellings and the type of collection which the residents in the area currently receive.

MR. MARTIN said that it was not unanimous by those attending the meeting that a pilot program be done in north Stamford as long as the proposal is for curb side pickup.

2. RESULTS OF TESTING OF GROUND AND WELL WATER IN THE AREA OF SCOFIELDTOWN PARK. Submitted by Stanley Esposito, Chairman, Environmental Protection Committee, 12/12/89.

MR. ESPOSITO reported on the above item. He said that Peter Dombrowski of the Health Department told the Committee that three types of water could have been tested: 1. Surface water which is stream water; 2. Ground water which is between the surface of the earth and bedrock; and 3. Well water.

Mr. Dombroski told the Committee that surface water was tested back in 1984, with no negative results. The ground water was not tested at all; this type of testing would include drilling and the services of a hydrologist and geologist. He said the well water testing was conducted at 12 locations southeast of the landfill; five tests were done on Hannah's Road; 6 tests were done on Brookfield Road and one test was done on Scofieldtown Road. The State of Connecticut did the testing and the results were negative. There was no leachate affecting the well water.

ENVIRONMENTAL PROTECTION COMMITTEE: (continued)

MR. ESPOSITO further stated that as a result of the meeting, the Committee decided that a letter be sent to Dr. Andrew McBride, Health Director, requesting that the State Department of Environmental Protection continue well testing of approximately a dozen locations per year in different directions around the former landfill. Also, included in the letter, will be a request that the Health Department inspect the landfill cap periodically to ensure that no cracks develop in the cap.
