At this point, Mr. Lyons turned the Agenda over to Rep. Mary Lou Rinaldi.

MR. LOVALLO asked if this was consistent with the initial outlay for \$655,000 detailed in the project summary?

MS. RINALDI stated that the appropriation was reduced to \$500,000 by the Board of Finance.

MR. LYONS stated that reductions would have to be made in the details in the project summary. Mr. Lyons said he spoke with the Commissioner of Public Works and was told that the bulk of the \$500,000 was in the renovations for the committee meeting room and for the moving of the main frame computers. Mr. Lyons said that probably if more funds are needed, they will come back to the Board requesting same.

FISCAL COMMITTEE: (continued)

MRS. MAIHOCK stated that in these times of fiscal restraints, it was not prudent or urgent to spend \$500,000 to move the Board of Education to the Government Center. She said the Board of Education has functioned very well for many years at the Hillandale address.

MR. BOCCUZZI said that at the time of the budget, the Board recommended a letter to the Mayor, that we would entertain a move by the Board of Education to the Government Center. He said certain commitments were made to the Board of Ed and they agreed to the move. Mr. Boccuzzi said to deny this would be a reverse in the Board's position and asked that the Board approve this appropriation.

MRS. MAIHOCK said a lot of things that were a good move in the past, are not a good move in today's climate.

PRESIDENT GOLDSTEIN proceeded to a vote to approve \$500,000 to amend the capital projects budget for the Department of Public Works for the Board of Education relocation. APPROVED by a voice vote with 31 yes and 2 no votes.

5. \$1,000,000.00 - DEPARTMENT OF PUBLIC WORKS - AMENDMENT TO CAPITAL PROJECTS BUDGET FOR FISCAL YEAR 1990/91 FOR PROJECT CODE 301.145 STAMFORD ADULT CENTER ON HILLANDALE AVENUE - additional appropriation for creation of Adult Center to accommodate activities and services for senior citizens. FISCAL COMMITTEE: (continued)

MS. RINALDI said the Committee voted unanimously for approval. She said the Board of Finance reduced the request. Ms. Rinaldi Moved for approval. Seconded by the Public Works and Sewer Committee.

MR. DeLUCA Moved to return the item to Committee. Seconded. Mr. DeLuca said the Board of Finance reduced the appropriation by \$145,000 and in the material received from the researcher, Ms. Weller, the figure is \$895,000. Mr. DeLuca stated that Ms. Weller contacted the various construction companies and one company talked about the special design floor slabs, \$275,000; half of what the cost should be. Mr. DeLuca said there were questions about the lighting and air conditioning. He said he thought the project would start at \$750,000 and three-fourths of the way down, another appropriation would be requested for another \$300,000 or \$400,000.

Mr. DeLuca said his reason to return to Committee was to determine how much the total project would cost and to get as much information as possible on the total cost of the project.

MR. BLUM said he favored returning the item to Committee because he thought the \$750,000 was excessive and perhaps, there are other buildings that could be used for storage.

MR. LYONS said it would be a mistake to send the item back to Committee. He said there was a desperate need for storage space for records. He said the records are stored in a number of places throughout the city including the Board of Education renting storage. Mr. Lyons stated whether the cost would be \$895,000 or \$750,000, we should begin to correct the storage problem. Mr. Lyons was against the item going back to Committee.

MR. FEDELE asked if the storage building was to be used for record retention?

MS. RINALDI stated that the building would be used by various city agencies and the Board of Education. The building would not be used just for records; voting machine would be stored there along with other equipment.

MR. FEDELE asked if the city looked into the leasing of warehouse space to accommodate storage needs and if any analysis was done on leasing?

MS. RINALDI stated that from what Commissioner Donahue said, that the storage building was the most cost effective way as the city will do the construction.

PRESIDENT GOLDSTEIN proceeded to a vote to return to Committee, \$750,000 Department of Public Works capital projects for storage building on Magee Avenue. DEFEATED by a vote of 21 opposed and 12 in favor.

MR. BLUM said he was opposed to the \$750,000 for a new storage building when there are numerous empty buildings in the city, namely, a building on Haig Avenue, the old Municipal Building, perhaps the Board of Education building when they move to the Government Center and Burdick School. Mr. Blum said that in the present economic situation, it was time to stop spending.

FISCAL COMMITTEE: (continued)

MR. BOCCUZZI said he was in favor of the appropriation. He said the reason why some of the vacant city buildings cannot be used is because the buildings are not in condition to be used as storage buildings. He said records and other materials cannot be stored in buildings where there is a leak in the roof or water in the basement. Mr. Boccuzzi stated that a new facility would allow the various people that use the Magee Avenue facility to continue there. Mr. Boccuzzi said that there has been much discussion regarding a storage space between Mr. Strat and Mr. Donahue and it was stated that a lot of good equipment will be lost and a central building would solve the problem of storage for a long time.

MR. DeLUCA said that he would vote against the appropriation. He said an analysis as to the costs should be obtained and the cost of leasing. Mr. DeLuca stated there were many vacant buildings that are leasing for \$8 or \$9.00 a square foot. Mr. DeLuca said that the Board of Education has been renting storage space for years and another year or so would not make much difference.

PRESIDENT GOLDSTEIN proceeded to a vote to appropriation \$750,000 to amending the capital projects budget of the Public Works department for a storage building DEFEATED by a vote of 21 yes and 9 no votes with 3 abstentions. (23 votes needed for approval)

Above also referred to EDUCATION, WELFARE AND GOVERNMENT COMMITTEE.

The Secondary Committee report was waived.

MS. RINALDI Moved for approval of item 8. Seconded.

MR. BLUM stated that at the last meeting, \$18,000 was appropriated for a social service worker. He said now there is an appropriation before the Board for overtime for half the annual salary of a caseworker and half the annual salary of a clerk-typist. Mr. Blum asked why was not this appropriation part of the original one that came to the Board last month? Mr. Blum stated that he asked Mr. Mendela of the Social Services Department why that was not done. Mr. Mendela replied to Mr. Blum that a worker was being trained. Mr. Blum spoke to Mr. Mendela concerning a Community Development employee that was laid off regarding the job, and Mr. Mendela's reply to Mr. Blum was that the person had to be trained. Mr. Blum said that now it is told that the new caseworker has to be trained. He said he would vote no on this item because the factual information was not received in the beginning.

PRESIDENT GOLDSTEIN proceeded to a vote. APPROVED by voice vote with five no votes; Ms. Summerville, Mrs. Maihock, Mrs. Perillo, Mr. Blum, and Mr. Clemmons. Mr. Owens abstained.

HELD IN COMMITTEE

MR. MORRIS stated that for clarification purposes, Section C-735 of the Charter covers provisional appointments. He said the rules provide for provisional employment without examination with the consent of the director in case of emergency and pending appointment from an eligible list. Mr. Morris said there were questions raised by members of the Committee, Reps. DeLuca and Zimmerman. Mr. Morris said the questions and concerns will be in a letter from the Committee to the Director of Personnel. Mr. Morris stated that the Director was invited to the Committee meeting but was unable to attend. Mr. Morris said that some of the questions to be included in the letter would be what criteria does the director use in making appointments for provisional employment; what situation might constitute an emergency whereby the director has to go out to hire someone without an examination and what results when the personnel process is not completed; that is, the hiring process is not completed when the term for provisional employment runs out at the end of three months?

HEALTH & PROTECTION COMMITTEE - Ruth Powers, Chairwoman

MS. POWERS said the Health and Protection Committee met on Thursday, January 3, 1991, at 7:00 p.m. Present were Committee members Ellen Mellis, Ellen Bromley, Judith Evanko, James Rubino, Joseph Lovallo and Ruth Powers. Ms. Powers said a public hearing was held on item 1.

1. FOR FINAL ADOPTION - PROPOSED ORDINANCE AMENDING CHAPTER 242 OF THE CODE OF ORDINANCES CONCERNING WEAPONS. Submitted by Rep. Ruth Powers, D-8, 11/14/90. Approved for publication 12/3/90.

MS. POWERS said that many people attended the public hearing on item one and there were about 12 speakers. Ms. Powers stated that at this point, the Committee adjourned to take part in the Special Meeting of the Board of Representatives. Following the Board meeting, the Committee reconvened. She said the Committee voted 6-0-0 in favor of final adoption of the proposed ordinance and Moved for approval. Seconded.

MR. BLUM said that a few years back, an ordinance was approved concerning shooting in and around Cove Island. He asked if there was any difference in the present proposed ordinance?

MS. POWERS stated that she was not sure whether an ordinance was approved. She said the previous one involved Holly Pond and the present proposed ordinance specifically involves Cove Island and the Wallack's Point area.

PRESIDENT GOLDSTEIN called for a vote to approve for final adoption proposed ordinance amending chapter 242 of the Code concerning weapons. APPROVED by voice vote with no dissenting votes.

MS. POWERS stated that a speaker at the public hearing expressed concern that at low tide, there was a great deal of debris such as batteries, boat engines, car engines in the area of Cove Island Park near the Mean high tide level. Ms. Powers asked that the President of the Board send a letter to Director Neu apprising Mr. Neu of the matter and if something could not be done to rectify the matter.

PRESIDENT GOLDSTEIN stated that a letter will be sent to Mr. Neu.

PARKS & RECREATION COMMITTEE - Robert DeLuca & Thomas Pia, Co-Chairpersons

MR. PIA said the Parks and Recreation Committee met on Wednesday, December 19, 1990, at 7:30 p.m. Committee members attending were Gerald Rybnick, Robert DeLuca, Mildred Perillo, Michael Fedele and Thomas Pia; also present was Parks & Recreation Director Robert Neu and Commissioner Michael Saccardi, John Roman of WSTC and Bob Moore, a newspaper reporter.

1. PROPOSED REVISIONS TO REQUEST FORM CONCERNING BANNER HANGINGS. Submitted by Rep. Robert DeLuca, Chairman, Parks & Recreation Committee, 10/10/90. Returned to Committee 11/7/90. Held in Committee 12/3/90.

PARKS & RECREATION COMMITTEE: (continued)

MR. PIA said the Committee discussed item 1 and recommended that the Board abolish the hanging of banners on city streets. Moved and Seconded.

Mr. Pia stated that the Committee members voted against the hanging of the banners in view of the present economic conditions. The Committee felt the money could better serve the citizens if spent elsewhere; such as partial funding for salaries for new positions, for rehiring terminated employees or for saving someone's job this year.

Mr. Pia said the cost of hanging a banner is \$458.00 for two men plus \$100 for the truck. Mr. Pia said that in 1989, 25 banners were hung at \$558 costing \$13,950; in 1990, 22 banners were hung at \$558 costing \$12,275. Mr. Pia said that in the coming year, if the police decide that it is in the best interest of the city to have police directing traffic while the men are hanging the banners, the cost may be an additional \$108 for the police for a minimum of four hours. Mr. Pia said the total cost of hanging a banner would be \$666; if 25 banners were hung, the cost would be over \$16,000. Mr. Pia stated the Committee thought the money could be used for rehiring or new positions.

MR. ZELINSKY said he partially agreed with Mr. Pia on the Committee's recommendation but he had concerns. He said he did not believe the item was properly before the Board this evening inasmuch as the item on the Agenda states, "A proposed revision to request form concerning banner hangings." Mr. Zelinsky stated that the discussion now is on the repeal of an existing ordinance. He said to repeal the ordinance would require publication and a public hearing. Mr. Zelinsky said the cost of hanging the banners for the non-profit organizations should not be paid by the city and a solution might be made rather than deleting the ordinance completely, it should be required regardless of the non-profit status of groups, that they pay the total cost of hanging the banners. Mr. Zelinsky said in this way, the city could recoup the costs.

Mr. Zelinsky Moved that the item be returned to Committee. Seconded.

PRESIDENT GOLDSTEIN called for a vote to return to Committee item 1 concerning the hanging of banners. APPROVED by voice vote with no dissenting votes.

2. FOR APPROVAL PROPOSED MARINA FEES FOR 1991. Approved by the Parks and Recreation Commission 12/5/90. Submitted by Robert Neu, Director, Parks and Recreation Department, 12/7/90.

MR. PIA said that all members received a copy of the proposed fees.

MR. ZELINSKY questioned "Dockside moorings over 17'". He said the fees in 1990 were \$185.00 and the second item "Dockside mooring over 17' (max. 22')" has in 1990, a fee of \$225.00. Mr. Zelinsky asked for clarification on these items.

MR. PIA stated that there were two moorings; one to 17' and the other from 17' to 22'.

MR. ZELINSKY said his other question was regarding, "Launching Ramp fees: West Beach." Mr. Zelinsky asked what was the rationale for the breakdown for "City resident (season) and (daily); Connecticut resident (season) and (daily) and Out of State resident (season) and (daily)?" He asked if there was a dollar amount or a percentage increase?

PARKS & RECREATION COMMITTEE: (continued)

MR. PIA said the increase was a across-the-board increase this year to bring the fees up-to-date to a more realistic figures than we had in the past. Mr. Pia stated that with the new increases, the organization will be self-supporting.

MR. ZELINSKY said that city residents seasonal rates have gone from \$20 to \$30, a 50% increase but the same increase does not hold for Connecticut residents or out-of-state residents. He Moved to raise Connecticut resident (season) from the proposed \$150 to \$212. The motion was Seconded.

MR. DeLUCA urged his colleagues to vote against the proposed increase. He said that there were only two or three permits issued for the year. He said the 50% increase for city residents is for user fees to meet operating expenses. Mr. DeLuca stated that the increases are also to recoup costs for capital improvements. Mr. DeLuca stated that many Board members spoke regarding fiscal restraints, and now is the time to recoup some monies. Mr. DeLuca stated that the fees are not out-of-line considering the service that is provided.

MR. LYONS agreed with Mr. DeLuca's remarks. He said that Mr. Neu and the Parks and Recreation Commission worked on the fees and they know where they are. Mr. Lyons said the fees should be supported as presented.

MRS. PERILLO Moved the question. Seconded.

PRESIDENT GOLDSTEIN called for a vote to amend the fee schedule by increasing Cosnnecticut resident season from \$150 to \$212. DEFEATED by a voice vote.

MR. PIA Moved for approval of the Marina fees as presented. Seconded.

PRESIDENT GOLDSTEIN called for a vote to approve the fees. APPROVED by voice vote with one no vote, Mr. White.

HOUSING & COMMUNITY DEVELOPMENT COMMITTEE - Frank Mollo, Chairman

MS. SUMMERVILLE said a public hearing was held for Community Development funding. She said a meeting will be held next month to approve the funding if a meeting can be arranged with the Mayor.

URBAN RENEWAL COMMITTEE - Annie M. Summerville, Chairwoman - No report.

ENVIRONMENTAL PROTECTION COMMITTEE - Stanley Esposito, Chairman

MR. ESPOSITO said the Environmental Protection Committee met on Thursday, December 20, 1990 at 7:00 p.m. Attending were Stanley Esposito, John Zimmerman, Philip Stork, and Dennis White; Peter Dombrowski, Director of Environmental Health of the Health Department and Phyliss Erlandson of the Health Department.

1. REVIEW OF CONTINUED EXCESS USE OF SALT ON CITY STREETS IN COMPARISON TO STATE OF CONNECTICUT'S SALT-SAND MIX AND CITY POLICY NOT TO PLOW UNTIL THERE IS 3-INCH ACCUMULATION OF SNOW. Submitted by Rep. Audrey Maihock, R-19, 9/28/90. Held in Committee 11/7/90. Report made and Held in Committee 12/3/90.

ENVIRONMENTAL PROTECTION COMMITTEE: (continued)

MR. ESPOSITO said the Committee voted three in favor with one opposed supporting a Sense-of-the-Board Resolution asking the Public Works Department to use the least amount of salt possible to make the streets safe and passable. Mr. Esposito Moved for approval. Seconded.

Mr. Esposito said the resolution would ask the Administration to direct the Department of Public Works to use the least amount of salt necessary to remove snow in the city. He said the resolution was flexible and allows the department to use judgement based on the development of each storm. Mr. Esposito stated that it states that snow removal in different areas of the city must be dealt with differently and states that a heavy sand, light salt mix be used whenever and wherever safe and practical. Mr. Esposito stated that it also asks that the Department of Public Works be aware of environmental sensitive areas like watershed areas and shallow subterranean aquifers.

MR. ZIMMERMAN said that in his opinion, the purpose of the resolution would best be served by a letter from the Committee stating that the policy on salt and sand should be reviewed by the Public Works Department.

Mr. Zimmerman Moved to return the item to Committee. Seconded.

MR. ESPOSITO said that for many years, he has experienced that if the Board wished its feelings known on an issue, the vehicle used was a Sense-of-the-Board Resolution rather than a letter. He said that any member of the Board, as a private citizen, could send a letter to the Mayor. He said that voting on the resolution does not preclude anyone from doing so, therefore, he said he would not like the item be returned to Committee.

PRESIDENT GOLDSTEIN proceeded to a vote. APPROVED by voice vote.

2. MATTER OF TESTING GROUND WATER AND WELL WATER IN THE AREA OF THE SCOFIELDTOWN LANDFILL. Submitted by Rep. Stanley Esposito, R-11, 11/14/90. Held in Committee 12/3/90.

HELD IN COMMITTEE

MR. ESPOSITO said the Committee asked the Health Department to pursue a regular schedule of water testing in the area of the site based on the appearance of 50-gallon drums that worked their way out of the landfill; this occurred sometime ago. Mr. Esposito stated that it was hoped that the State would help with the cost of the water tests. He said the Health Department reported that the State feels that the owner of the landfill site is completely responsible for the care and maintenance. Mr. Esposito said that in this case, the City owns the site. He said the State feels at this time, that no danger exists regarding leachate from the site, and the city must bear the entire cost of the water testing at the location.

Mr. Esposito said that the objective of the testing would be for early detection of any leachate from the site that could possibly contaminate nearby wells. He said that in order to accomplish the testing, it was suggested that tests of surface and ground water be conducted at a number of different locations in a buffer area surrounding the site approximately twice a year.

ENVIRONMENTAL PROTECTION COMMITTEE: (continued)

MR. ESPOSITO said the Health Department with an eye on the costs of such testing has enlisted the aid of the Connecticut Agricultural Experiment Station; a highly respected research facility which has offered to test the samples of the water collected by the Health Department at no charge.

Mr. Esposito also stated that the State of Connecticut has offered to help identify the best locations and depths for water testing in the buffer area. He said the Health Department indicated that the only other cost to consider may be those associated with the possible suggestion by the State that one or two wells might have to be drilled into bedrock; this can be costly but is a one-time expense; shallow wells can be dug for little or no money.

Mr. Esposito said if contaminated leachate was detected, area homeowners would be warned and those homes with wells threatened by any possible contamination could be serviced by the city water system which ends just south of the landfill site.

Mr. Esposito stated that the Health Department plans to meet with representatives of the State Department of Environmental Protection within one week and the results of the upcoming meeting will be shared with members of the Environmental Protection Committee at the next meeting.
