PRESIDENT GOLDSTEIN called for a vote to approve the Consent Agenda. APPROVED by voice vote with Mrs. Perillo abstaining on items one and two; Mr. Blum abstained on item one.

MR. RUBINO asked why Mr. Bello and Mr. Pedone were Held in Committee?

MRS. PERILLO said that she was told that Mr. Bello's name was sent to the Mayor by mistake. She said that on item seven, the Committee asked Mr. Pedone some questions and a letter was received from a gentleman that verified what the Committee asked Mr. Pedone. Mrs. Perillo said that the Committee felt the name should be held and the letter sent to the Mayor.

APPOINTMENTS COMMITTEE: (continued)

MR. RUBINO wanted clarification on Mr. Bello. He asked Mrs. Perillo if Mr. Bello's name was sent by mistake to the Mayor by the Democratic City Committee?

MRS. PERILLO stated that that was what she was told.

MR. RUBINO asked if the Mayor still submitted the name to the Board?

MRS. PERILLO stated that this was told to her after the name was submitted to the Committee and the appointment was set up. She said this was told to the Mayor after the name came to the Committee and the appointment set up. Mrs. Perillo stated the name was already put on the Agenda. She said when the Mayor's office received the notice, they called her. Mrs. Perillo said the fault was with the City Committee.

MR. RUBINO Moved to take item three out of Committee. Seconded.

MRS. McGRATH had a Point of Information. She asked if a vote can be taken on someone that was not interviewed?

PRESIDENT GOLDSTEIN stated that we could vote; the motion was appropriate.

MR. RUBINO stated that Mrs. McGrath raised a good point. Mr. Rubino stated that his impression was that Mr. Lupinacci could not attend the interview and Mr. Bello and Mr. Pedone came for the interview.

MRS. PERILLO said that was not correct. She said that Mr. Bello was away on vacation and she received a call from his father stating that Christopher could not make the meeting. Mrs. Perillo said that she explained to Christopher's father that the message she received from the City Committee was that the name was sent in error.

MR. RUBINO withdrew his motion. The Secunder also withdrew.

FISCAL COMMITTEE - Richard Lyons, Chairman

Mr. Lyons was absent, Ms. Powers reported for the Fiscal Committee.

MS. POWERS said the Fiscal Committee met twice. She said the first meeting was on Wednesday, August 28, 1991, at 7:00 p.m. Present were Committee members Gerald Rybnick, John Zimmerman, David Martin, Ruth Powers, and Nicholas Pavia. She said there were others present concerning various items; John Brown of CTE, Sandra Dennies and other people that would be on the staff of the incarceration center; Mary Lou Rinaldi and Sandra Dennies were present on the Greenbelt item, and John Hinchcliffe concerning item three.

Ms. Powers said there was no quorum so the Committee met again this evening at 6:00 p.m. Present were Committee members Gerald Rybnick, John Zimmerman, Stanley Esposito, Nicholas Pavia, David Martin and Ruth Powers.

Ms. Powers placed items two and six on the Consent Agenda. All Secondary Committees concurred or waived the Secondary Committee report.

FISCAL COMMITTEE: (continued)

1. \$175,000.00 - STAMFORD AMBULANCE CORPS. INC. - CODE 470.4380 STAMFORD AMBULANCE CORPS - additional appropriation for funding operations beyond 6/30/91. Request by Mayor Thom Serrani, 7/11/91. Board of Finance approved 8/8/91. Held in Committee 8/5/91.

Above also referred to HEALTH AND PROTECTION COMMITTEE.

MS. POWERS said the Committee approved item one by a vote of 6-0-0. She Moved for approval. The Health and Protection Committee concurred.

Ms. Powers said the item was before the Board last month for \$350,000. She said the Corps was out of money and this money would carry them over until July 1, 1992. Ms. Powers stated that there may be some changes in the entire EMS set up by perhaps the end of January. Ms. Powers stated that the Corps was asked if the appropriation was cut to \$175,000 would that be sufficient and they said that it would be. She said the Board of Finance approved \$175,000.

PRESIDENT GOLDSTEIN proceeded to a vote to approve \$175,000 for the Stamford Ambulance Corps operations. APPROVED by a vote of 34 yes votes with two absentions.

2. \$ 60,000.00 - REGISTRARS OF VOTERS OFFICE - CODE 101.3140 PRIMARY LOCAL - additional appropriation for municipal primary on September 11, 1991. Request by Mayor Thom Serrani, 7/31/91. Board of Finance approved 8/8/91.

Above also referred to EDUCATION, WELFARE AND GOVERNMENT COMMITTEE.

APPROVED ON CONSENT AGENDA WITH TWO ABSTENTIONS, MR. MORRIS AND MR. ZELINSKY.

3. \$ 70,000.00 - EMERGENCY MEDICAL SERVICES - DEPARTMENT 485 - AMENDMENT TO CAPITAL PROJECTS BUDGET - additional appropriation for replacement of one (1) ambulance type vehicle to be used as a fly car. To be funded by taxation. Request by Mayor Thom Serrani, 7/18/91. Board of Finance approved 8/8/91. (Note: The original request was for replacement of two (2) emergency response vehicles used in paramedic advanced life support, prehospital emergency medical services)

Above also referred to HEALTH AND PROTECTION COMMITTEE.

MS. POWERS said the Committee voted 6-0-0 to approve for the purchase of one ambulance type vehicle to be used as a fly car. She said the original appropriation was for two fly cars. She said that when EMS came before the Committee on August 28, the Committee asked if an ambulance could be used in lieu of fly cars and were told that it could not.

Ms. Powers said that she checked with the state at Mr. Hinchcliffe's instructions and the state stated that we could buy an ambulance type vehicle as long as it did not say "ambulance" on the vehicle.

FISCAL COMMITTEE: (continued)

MS. POWERS stated that if the combination of services is had, the vehicle that was promised to be provided within the year was an additional ambulance. She said the Committee felt that the additional ambulance should be ordered, bids go out and use the vehicle as a fly car which could later be outfitted as an ambulance when and if the combination of services becomes effective.

Ms. Powers Moved for approval of \$70,000 for EMS capital projects for one ambulance type vehicle to be used as a fly car. Seconded.

MR. DeLUCA said the \$70,000 calls for two emergency response vehicles and the comments are in regards to an ambulance that can be used as a fly car. He asked what would really be purchased, one vehicle or two vehicles?

MS. POWERS said that one vehicle is to be bought; the original request came down for two vehicles which would be private passenger type blazers. She said a letter was received from the Board of Finance and discussion was had in Committee on the 28th, that it would be more appropriate to get an ambulance type vehicle which could also transport when and if they have transport capabilities. Ms. Powers said that no matter what happens, more ambulances will be needed in the city. Ms. Powers said that rather than buying a private passenger vehicle that would be obsolete should any combination of services take place, the ambulance type vehicle could be utilized.

MR. DeLUCA wanted more clarification on the matter. He said if it is decided not to buy the ambulance and two emergency response vehicles are bought, would the two vehicles be obsolete in a few years?

MS. POWERS said that that was incorrect. She said they would be obsolete should there be a combination of services and the one vehicle to transport is no longer used and another vehicle to provide EMS service.

MR. DeLUCA questioned that the request is for two vehicles for \$70,000 and now the discussion is on buying one vehicle for \$70,000.

MS. POWERS said that one vehicle is being bought costing \$70,000; the original appropriation was for two fly cars costing approximately \$35,000 each. She said the item will go out to bid.

MR. DeLUCA asked how the motion will be framed?

MS. POWERS said the motion would be for one ambulance type vehicle to be used as a fly car.

MR. MARTIN said that the EMS fly cars are breaking down and two fly cars are almost down all the time and the problem has to be addressed. He said if there was not going to be a combination of services, then the prudent thing to do would be to replace the two broken down fly cars with two new ones; that was a recommendation as EMS does not know for certain what is going to happen. Mr. Martin said that if services are combined, fly cars are not needed and an ambulance will be needed withing the next year. Mr. Martin stated that the recommendation of the Fiscal Committee was to buy an ambulance type vehicle because that is what is going to be needed.

FISCAL COMMITTEE; (continued)

MR. PIA asked what the difference would be between the ambulance to be purchased and one with the word "ambulance" on the vehicle? He asked if the interior of the ambulance would be complete?

MS. POWERS said that it would be complete except for the lettering and cost as it will not be a transport vehicle. She said the vehicle to be purchased will only have to have minor adjustments made once converted to a transport.

MRS. PERILLO said that the Board of Finance voted on the item as two vehicles and now the Board is changing the item to one that will not be transporting, therefore, no money will be coming back as no one can be charged because they are not transporting. Mrs. Perillo asked if it is legal to change the request? She wanted to be sure that it is correct for the Board to vote on the item in view of the fact that it is being changed.

MS. POWERS stated that it is not being changed to an ambulance, that it will still be a fly car. She said the vehicle will be one that can be converted to an ambulance. Mrs. Powers said the vehicle will cost more than the private passenger fly car. She said the specifications are not being changed as to the use of the vehicle.

PRESIDENT GOLDSTEIN proceeded to a vote to appropriate \$70,000 for Emergency Medical Services for one ambulance type vehicle to be used as a fly car. APPROVED by voice vote with five no votes, Mrs. Perillo, Mrs. McGrath, Mr. Johnson, Mr. DeLuca and Mr. Pia.

4. \$ 11,087.00 - PERSONNEL DEPARTMENT - CODE 270.1110 SALARIES FOR FISCAL YEAR 1991/92 - additional appropriation for funding for two Personnel Analyst II positions eliminated from the '91/92 budget. One Analyst is assigned to Employee Benefits Office and one to manage Civil Service exam program. Request by Mayor Thom Serrani, 7/29/91. Board of Finance approved 8/8/91.

Above also referred to PERSONNEL COMMITTEE.

MS. POWERS said the Committee voted 6-0-0 to approve and Moved for approval. She said that she received information in regards to the item and would share it with the Board if anyone wanted her to do so.

MR. MORRIS Moved to waive the Secondary Committee report. Seconded.

PRESIDENT GOLDSTEIN called for a vote to waive the report. APPROVED by voice vote with no dissenting votes.

MR. DeLUCA asked if Mr. Bernstein came to speak to the Committee regarding the item?

MS. POWERS said that Mr. Bernstein called her before the meeting; he was unable to attend the meeting.

MR. DeLUCA asked if Mr. Bernstein said anything about his present staff; did he indicate whether or not he can reallocate the work? Mr. DeLuca said that in the Board of Representatives' office, the researcher position was lost and now when information has to be obtained, work is reallocated. Mr. DeLuca felt that Mr. Bernstein should have appeared before the Committee or sent his assistant to answer any questions.

FISCAL COMMITTEE: (continued)

MR. DeLUCA Moved to return item four to Committee to have the Personnel Director or Assistant appear before the Committee to answer questions. Seconded.

MS. POWERS stated that when she Moved the item for approval, she stated that she received information and would share it with the Board if anyone had any questions. She stated that she would be happy to hold the item and have someone from Personnel present. She said she would be happy to give the information to the Board.

Ms. Powers said that the appropriation was not for additional people. She stated that two people in the department who retired were Personnel Analyst II; one was an employees benefit person and the other who wrote civil service examinations. Ms. Powers stated that this was putting the two people who are Personnel Analyst I into the Personnel Analyst II positions. She said the Personnel Analyst 1 positions will not be filled.

MR. BLUM asked if the persons took the civil services examinations for the position of Analyst II?

MS. POWERS said that she did not think to ask that question and would be happy to get an answer for Mr. Blum.

MR. BLUM said if the persons now being promoted did not take the exam, the request is not properly before the Board as an examination must be taken first and then the request for the difference in salary is made.

PRESIDENT GOLDSTEIN proceeded to a vote to return to Committee \$11,087 for the Personnel Department salaries. APPROVED by a vote of 18 yes, 13 no votes with two abstentions.

5. THE MATTER OF THE LOCATION OF THE DAY INCARCERATION CENTER. Submitted by Rep. Richard Lyons, D-1, 8/14/91.

MS. POWERS said that the successful bidder and Sandra Dennies, Grants Director voluntarily came to the Committee to update the Committee on the matter. Ms. Powers said that John Brown, of CTE and the people running the program currently in Stamford also attended the meeting.

Ms. Powers said the Committee was impressed with the information given by those attending the meeting. She said there was no neighborhood opposition to the center. Ms. Powers said there were 40 people in the program; 15 are on-site and 25 are off-site who are escorted to and from their homes and monitored electronically. Ms. Powers said there is a staff of 20 people. She said a report from the state was sent to all members; the report indicated the approval of the bidder and the favorable impression as to the way the program is being run. Ms. Powers stated that a letter from the Zoning Enforcement Officer was received concerning any variance that may be needed.

FISCAL COMMITTEE: (continued)

6. PROPOSED RESOLUTION CONCERNING PAYMENT-IN-LIEU-OF-TAXES (PILOT). The assessed taxes currently total \$1,075,563, and the City will receive up to 100% of that amount based on the rate established for this year. Last year the rate was 77.613%. The program pertains to moderate rent State-financed housing managed by the Housing Authority of the City. Submitted by Mayor Thom Serrani, 8/6/91.

APPROVED ON CONSENT AGENDA WITH TWO NO VOTES, MRS. MAIHOCK AND MR. WHITE AND ONE ABSTENTION, MS. SUMMERVILLE.

7. PROPOSED RESOLUTION AUTHORIZING THE MAYOR TO SUBMIT APPLICATION FOR FUNDING FOR THE MILL RIVER GREENBELT PROJECT. City wishes to purchase property at 63 Richmond Hill Avenue to further the Mill River Greenbelt project. DEP will match local funding up to 50% of project costs. Project estimated at \$500,000 - \$700,000. Submitted by Mayor Thom Serrani, 8/12/91.

MS. POWERS said the Committee voted 3-1-2 to approve the resolution and Moved for approval. Seconded.

MR. DeLUCA said the state is matching 50% and the state is having a difficult time to come up with a budget. He said the project is estimated at \$500,000 to \$700,000. Mr. DeLuca stated that we do not know our cost; it could be \$250,000 or \$350,000 and at the present time, when all taxpayers in the city and the state are being asked to cut back, he would like to see his colleagues vote against the item as the money could be used for something more worthwhile. Mr. DeLuca said that he sees very few people walking along Washington Boulevard and the maintenance of the area has much to be desired. Mr. DeLuca said that it was time to say that the Greenbelt is finished for now and that the city can no longer afford a luxury such as the Greenbelt.

MR. RYBNICK said he thought it was wrong to spend \$500,000 to \$700,000 at this time for the purchase of the parcel of land known as the Greenbelt. Mr. Rybnick stated that if we can acquire this amount of money, we should use it more properly and more wisely such as for sidewalks on Weed Avenue. He said the sidewalks are needed badly, and the people who walk or jog along this one mile strip of roadway take their life into their own hands. Mr. Rybnick said that bicycle riders come very close to being near fatalities when cars going in opposite directions speed at the same points.

Mr. Rybnick said that he witnessed a woman pushing a baby carriage and a child hanging on to her on each side and the cars came so close to the woman that it was frightening to see. Mr. Rybnick stated that something had to be done to this particular street. He said the administration states that money is coming from other than the capital budget. Mr. Rybnick said that it was not the time to spend money on a whim such as the Greenbelt.

MR. ESPOSITO said while this was a worthwhile project, we are in an economic recession and we need to set priorities. Mr. Esposito stated that he did not think that this project deserves to be on the top of the priority list and he will probably vote no on the item.

FISCAL COMMITTEE: (continued)

MR. STORK said that his position was stated by Mr. DeLuca on the matter. Mr. Stork said that after the last two fiscal years, the city laid off approximately 225 employees and in honor of those people, he will dedicate his no vote to them.

MR. BOCCUZZI said that he would speak in favor of the appropriation. Mr. Boccuzzi said that there is a great difference in the area of the Greenbelt. He said that the land to be purchased is needed for the continuation of the Greenbelt. Mr. Boccuzzi said the property is an eyesore and makes it difficult to travel at night; he said stopping at the light there, one must be ready to have his foot on the gas pedal to move when the light changes.

Mr. Boccuzzi said the area is a much better place to walk through, to drive by and to live. He said that the people living across the street go across and help to police the Greenbelt because it is open space and that the city needs open space. Mr. Boccuzzi stated that the three representatives whose district are in the area agree that they would like to see the Greenbelt continue. Mr. Boccuzzi said the money for the project is in capital projects and the money is not new money, therefore, he said it was a continuation of the project which was started many years ago by Mayor Wilensky.

Mr. Boccuzzi asked that his fellow representatives vote in favor of the project.

MR. ZIMMERMAN said that he has been a long supporter of the Greenbelt and unlike other who have supported the Greenbelt in the past, he still supports the Greenbelt. He said that he is a fervent supporter of the vision, however, that was not the reason for his support for this particular parcel. Mr. Zimmerman also stated that the parcel was an eyesore, a building that lies in the floodplain and is vulnerable in the case of a flood of the sort that came in 1955. Mr. Zimmerman also stated that the building contained people and people live there. He said that was a concern of his, however, under state regulations, not one person will be displaced by the project. Mr. Zimmerman said that he will vote for the resolution for funding for the Greenbelt project.

MR. MOLLO Moved the question. Seconded.

PRESIDENT GOLDSTEIN called for a vote to Move the question. DEFEATED by voice vote.

MR. WHITE stated that park land has to be bought when it becomes available. He said if land is not bought when available, it is probably lost for all time or at least the conceivable future. Mr. White said that Stamford needs park land and open space and especially open space downtown. He said that all the arguments used now against open space were used against Cove Island and 80 or 90 years ago against Cummings Park, and look at the joy these places have given to the people of Stamford. Mr. White said the talk of undesirable things happening also occur in Central Park but Central Park is not given away. Mr. White said that if there is one thing that the present administration has done to its credit, is that it has pushed the open space plan downtown. Mr. White stated that if the property is not bought now, we will lose the property. He urged his fellow representatives to support the resolution.

FISCAL COMMITTEE: (continued)

MR. BLUM stated that the Greenbelt started at Scalzi Park and came down to 66 West Main Street. He said the Soup Kitchen was located there and it was torn down to make room for the Greenbelt. Mr. Blum said that open space is needed as well as affordable housing. He said that he was against the building being torn down and would like to see the building rehabilitated.

MR. ZELINSKY asked if there was a breakdown for the projected estimated cost of between \$500,000 and \$700,000?

MS. POWERS said that there will be two appraisals made on the property.

MR. ZELINSKY asked if that was just for the property or to demolish the building for conversion to the Greenbelt?

MS. POWERS said that to convert to the Greenbelt, all that is done is the demolition of the building and planting of grass.

MR. ZELINSKY said he did not know if the building was a two or three family building and with the present situation in the real estate market, it seemed like an awful lot of money for one piece of property.

Mr. Zelinsky said that he sympathized with some of the comments made especially those of the representatives in the particular district. Mr. Zelinsky said he wondered if approving the funds would eliminate the problem of crime, etc.? He said that at this time with the lay off of employees in the city, it is a difficult decision to make.

Mr. Zelinsky said there is a Demolition Board to look into buildings that are deteriorating; he did not know if this was the situation here. Mr. Zelinsky stated that the Demolition Board could vote to demolish the building and the cost would be borne not by the city or the taxpayers, but by the owner of the building.

MR. FEDELE said that factual things must be looked at in regards to the resolution. He said whether it is old money or new money, money is money. Mr. Fedele said that the money comes from the same people whether it is capital or expense and the city does not have a lot of money to proceed with this type of project at this time.

Mr. Fedele stated that as a member of the Parks and Recreation Committee, he frequently hears from the Parks and Recreation Director that they are having a very difficult time in these fiscal times to maintain the existing parks. Mr. Fedele said that realistically, the property has been there for a long time and the property is not going anywhere. Mr. Fedele stated that he disagreed with some of the comments made this evening that the buildings are deteriorating and by knocking them down, it will improve the area. He said if the Board takes that approach, buildings will be knock down all over the city. He said that at one time, the Arthur Estate in Glenbrook was talked about for open space but nothing ever happened to acquire it. Mr. Fedele said that open space is a great idea in financially good times. He said that fiscal responsibility dictates that there are more important things to do with the money than to continue with the Greenbelt, and said he believed that the properties needed to continue with the Greenbelt will be there when hopefully, we'll be back in good fiscal times.

FISCAL COMMITTEE: (continued)

MRS. McGRATH Moved the question. Seconded.

PRESIDENT GOLDSTEIN called for a vote to Suspend the Rules. APPROVED by voice vote with a few dissenting votes.

FISCAL COMMITTEE: (continued)10. SENSE-OF-THE-BOARD RESOLUTION REGARDING GRANTS AND DISBURSEMENTS BY COLISEUM AUTHORITY. Submitted by Rep. James Rubino, R-7, 9/4/91.

MR. RUBINO read the resolution. A copy is attached to these Minutes. He Moved for approval. Seconded.

MR. BOCCUZZI said that he understood Mr. Rubino's frustration regarding the item being in L&R for so long, but stated that at this point according to the discussions with the L&R Chairpersons, the ordinance is almost in place and therefore there would be no need for any resolution. Mr. Boccuzzi said the resolution could start another "go around" and the problem is very close to being solved. Mr. Boccuzzi stated that in all due respect to Mr. Rubino, he would ask the Board to wait until the L&R Committee finalizes the proposed ordinance.

MR. DeLUCA said that he disagreed with Mr. Boccuzzi. Mr. DeLuca said that the resolution re-enforces what the Corporation Counsel directed; the Coliseum Authority is not an independent authority and they must submit their budget before the fiscal boards for approval. Mr. DeLuca stated that the resolution is a part of the record that the Board agrees with Corporation Counsel and re-enforces what already has been in place. Mr. DeLuca urged the Board to vote in favor of the resolution.

MR. WHITE said that he agreed with Mr. Boccuzzi. He said that he would not like to handle the resolution at the present time as it could muddy the waters. Mr. White stated that he did not like a resolution such as this one thrust on him all of a sudden. Mr. White also stated that he did not like the wording of the resolution. He said the resolution talks about the ruling of the Corporation Counsel. Mr. White stated that the Corporation Counsel's office does not make any rulings; opinions are received from the office. He said that only courts hand down rulings. Mr. White said that he would not like to establish the precedent or re-establish the precedent or attitude in our city government that Corporation Counsel's office hands down rulings.

MRS. MAIHOCK said that she agreed with Mr. DeLuca that the resolution gives legitimacy to the Corporation Counsel's opinion to guide the Coliseum Authority. She said that at the Committee meeting, a person speaking for the Authority was grateful to understand what the new policy is. Mrs. Maihock said that the resolution rather than muddying the waters, is clarifying them.

MR. LOVALLO asked if the Chairman of the Legislative and Rules Committee could capsulize the difference in the proposed ordinance and the one forthcoming?

MR. MARTIN said that at the L&R meeting, he took the initiative to say that he wanted to see the Coliseum Authority start to submit requests and he already sent a memo to the Acting Director and copied the fiscal boards and the Law Department saying that he would like the Authority to submit the requests and for the Authority to talk to the Law Department to figure out how this should be done. Mr. Martin said that he agreed with the intent of the resolution and that Mr. Boccuzzi was accurate in his statements. Mr. Martin said the resolution was premature at this time.

FISCAL COMMITTEE: (continued)

MR. BLUM said the creation of the Coliseum Authority came into being on July 15, 1982. He said that some of the things Mr. Rubino is asking for comes as a part of the creation of the Authority. Mr. Blum said that Section 7-130i of the Connecticut General Statutes reads, "the Authority shall further, subject to such prior approval of the Board of Representatives, establish and revise from time to time regulations in respect to the use, operation and occupancy of any such project or the facilities thereof." Mr. Blum stated that the resolution backs what was approved. Mr. Blum urged his colleagues to vote for the resolution.

MR. RUBINO said that in reference to what Mr. Boccuzzi and Mr. Martin stated in not acting now is not germane and could confuse the Board. Mr. Rubino said the resolution deals with the here and now; the resolution deals with the law that is on the books and the Charter. Mr. Rubino stated that the law requires the Coliseum Authority to follow the budget process. He said the resolution does not concern the ordinance that L&R is working on that may never come to pass and in the meantime, the budget process is being violated. Mr. Rubino said that a statement should be made now that the budget process should be respected as there is a lot of money going through the Authority; up to \$1.5 million in some years and it is the duty of the Board to the taxpayers, to make sure the Charter is complied with. Mr. Rubino said the resolution does not make any statements about any ordinances and it doesn't muddy any waters; it asks that the law be complied with. Mr. Rubino stated that Mr. White was correct on the comments he made in regards to Corporation Counsel's letter.

Mr. Rubino Moved to amend the resolution: in the first sentence, strike out "ruled" and replace with "has rendered an opinion". The motion was Seconded.

PRESIDENT GOLDSTEIN called for a vote to approve the amendment. APPROVED by voice vote with no dissenting votes.

MR. RUBINO Moved to amend the last paragraph to replace the word "ruling" with "opinion." The motion was Seconded.

PRESIDENT GOLDSTEIN called for a vote to approve the amendment. APPROVED by voice vote with no dissenting votes.

MR. BOCCUZZI wanted clarification on Mr. Martin's statement. He asked if Mr. Martin already notified the Coliseum Authority and Corporation Counsel that the Authority must go through the budgetary process in order to reallocate the money?

MR. MARTIN said that what Mr. Boccuzzi asked was correct. Mr. Martin said that each Board member received a memo to that effect, and the Authority has gone to Corporation Counsel to review the ruling.

MR. BOCCUZZI stated that in view of Mr. Martin's memo, the resolution was not needed.

MR. DeLUCA said that he disagreed with Mr. Boccuzzi. He said that Mr. Martin and Mr. Rubino are saying the same thing, therefore, the resolution indicates that the consensus of the Board is that the Coliseum Authority should follow the budgetary process.

FISCAL COMMITTEE: (continued)

MR. RUBINO said that approximately six months ago, the Board of Finance passed a similar resolution.

PRESIDENT GOLDSTEIN proceeded to a vote to approve the resolution as amended in regards to grants and disbursements by the Coliseum Authority. APPROVED by a vote of 30 yes and five no votes.

Planning Board approved 7/23/91. Board of Finance approved with proviso that execution of individual leases be approved by Board of Finance 8/8/91. Held in Committee 8/5/91.

MR. MARTIN said the Committee voted 7-0-1 to approve the lease. Moved and Seconded.

MR. MARTIN said the prototype lease would be used to sublease various portions of the Stamford Transportation Center to tenants that may be there. Mr. Martin said the Board of Finance and the Planning Board approved the lease; also, a letter was received from Assistant Corporation Counsel John Smyth explaining the specific areas of the lease that could be negotiated. Mr. Smyth also told the Committee that the tenants might also, in certain cases, pay interest on security deposits and rent relief may be provided for temporary lack of services if electricity or power, etc. is cut off.

MR. BLUM said that Stamford is unique because the Transportation Center is not operated by the Transit District. Mr. Blum stated that in many other cities, the Transit Districts operate the Transportation Centers. He said that in Stamford, the Transportation Center is part of the city government operated by the Public Works Department. Mr. Blum said that he was against the lease. He said that state law specifies that Transit Districts operate Transportation Centers in each municipality and in Stamford, we do not comply with that law. Mr. Blum said that at the L&R meeting, he showed copies of the state law to no avail.

PRESIDENT GOLDSTEIN proceeded to a vote on approving the resolution authorizing the Mayor to enter into a prototype lease for the Transportation Center. APPROVED by a voice vote with one no vote, Mr. Blum.

Requested by Gerald H. Parks, Chairman, Vice President, Stamford Waterside Development Corp., 4 Stamford Forum 16th Floor, Stamford, CT 06901, 6/27/91.

MR. MARTIN said the Committee voted 4-3-1 to approve. Moved and Seconded.

MR. MARTIN stated that to the best of his knowledge, this was the last permit fee that was in process when the resolution was approved saying that we no longer honor waivers and refunds. Mr. Martin said that this request should be honored as it was in process when the resolution was considered.

MR. DeLUCA asked if the request came in prior to when the resolution was approved? He said that in Caucus, the impression was that it was not.

MR. MARTIN stated that the item was not before the Board but the request for the building permit was made before the resolution was approved.

MR. DeLUCA asked how much the units would be selling for? He said that 75 units into the cost of the fee, \$29,640 would add \$395 to the cost of a unit. He said that he did not see that being a hardship on anyone.

MRS. NAKIAN said that the Committee was told that the cost of the units would be from the \$60,000's to a \$103,000/\$104,000 depending upon the numbers of bedrooms. Mrs. Nakian stated that the site is the former Ryle School that the city sold to Waterside Development Corporation and it has always been known that the site would be used for housing.

MR. BLUM stated that at the meeting, he asked Waterside Development how much would be saved per unit if the \$29,640 fee is waived and the reply was that it would save them \$300 per unit. Mr. Blum said that he also asked if the units were for affordable housing and who would be eligible. He was told that it was for those with a \$50,000 income. He asked what about those with \$25,000; he said he did not get a good response to the question.

Mr. Jachimczyk said an architect has been hired for the project and the same architect will also be doing the work for the Board of Education for their move into the Government Center; the architect has been hired on an hourly basis since the Public Works Department hopes to do a lot of the work in-house. Mr. Jachimczyk said that the final drawings and specifications should be ready by September 15. He said that Ms. Domonkos noted to the Committee that the city cannot make a claim for the \$250,000 state grant that has been set aside for the center until the final drawings and specs are delivered, and city officials have asked State Rep. 3. MATTER OF EXCESSIVE SPEEDING ON STAMFORD STREET. Submitted by Reps. Sandra Goldstein, D-16 and John R. Zelinsky, D-11, 8/2/91.

MS. EVANKO said that items three, four and five were all dealt together in the conversation.

Ms. Evanko said that Deputy Chief Young said the police patrol Bedford and Summer Streets and other streets when personnel is available or an area is called to the Department's attention because of complaints in regards to speeding.

TRANSPORTATION COMMITTEE: (continued)

MS. EVANKO said the Deputy Chief told the Committee that there are four unmarked cars and radar and one to two traffic cars that basically patrol Bedford Street between 4:30 and 5:15 p.m. and Summer Street in the morning. The Deputy Chief told the Committee that the average speed on Bedford Street is 50 to 51 miles per hours and the speed limit is 30 miles per hours.

Ms. Evanko said the Committee was told that at the corner of Fifth Street and Bedford is where the major part of accidents occur because people try to beat the light or pull out from the postoffice dropoff boxes. She said the priority streets that the police patrol are Washington Boulevard, Summer Street, Bedford Street, High Ridge Road, Long Ridge Road and Shippan Avenue.

Ms. Evanko said that the Committee was informed that there were 70 accidents between Hoyt Street and Ridgeway between July 1, 1990 and August 16, 1991; the accident rate was down from the prior year. Ms. Evanko stated that out of the 70 accidents, 12 were with injuries and 58 without injuries. She said the decrease in accidents was due largely by the installation of larger red lights and the sequence of the traffic signals are a four-way delay with three seconds on each side; also there are additional signs posting the speed limit.

Ms. Evanko said the Deputy Chief Young told the Committee that there were two types of speeders; the young drive who is showing off and the commuters who are in a hurry to get home. He said that these were the ones that were involved in most of the collisions. Deputy Chief Young told the Committee that to decrease the number of speeder, the police have to be more aggressive doing traffic enforcement but there are priorities such as drugs, etc. The Deputy Chief said that there must be high compliance with traffic laws.

MS. SUMMERVILLE stated that she thought the Committee would hear more about resolving the situation. She said the statistics have been available to everyone at anytime.

MS. EVANKO said that Deputy Chief Young basically stated that it had to do with available personnel; if Bedford Street is being patrolled, and there is an alarm elsewhere, the police are called away to respond to the call.

MS. SUMMERVILLE said that she assumed that it is the same story; being short of help and priorities.

MS. EVANKO stated that was the impression she received.
