

Good Evening,

My name is Doris Ganes and I am a property owner on 52 Stone Street. I think it is a good effort on behalf of the individual South End Property owners and the small businesses to organize a study committee that is not affiliated with the South End NRZ, in order to evaluate the remaining historical properties remaining in the South End. If outside agencies can come to the South End and conduct studies then the individual property owners of these historical structures should also be given the same opportunity since many have lived in the South End for some 20-30 years.

*Board of Rep*

I urge the BOR to work with us as we are only trying to look out for our best interest in light of all the new development that is taking place in the South End.

Thank you

Doris Ganes
