PM Contact	Domenick Tramontozzi - (203) 977-4863 - DTramontozzi@StamfordCT.gov
New School to be located on 13 acres (old Clairol site) and to be approximately 153,000 square feet. The money for the project must be requested and put in place up front. Construction bids exceeded budget so FF&E monies need to be required from the State.

PM Contact	Domenick Tramontozzi - (203) 977-4863 - DTramontozzi@StamfordCT.gov

On October 29, 2018 the Mold Task Force was formed with the purpose of overseeing and actively managing the indoor air quality crisis within our Stamford Public School buildings. The MTF made the following commitment: (1) address the immediate mold conditions and the underlying water-intrusion issues; (2) design and implement medium to longer-term capital projects to remedy the building envelope and HVAC issues; and (3) design a proper ongoing maintenance structure to ensure that our buildings do not fall back into a state of disrepair. While we have not completed the first phase of surface mold cleaning in all of our buildings, we are at a point where "maintenance" is appropriately transitioning into "capital" upgrades. Some of these capital upgrades will be traditional projects that we design and bid out, while others will continue to be work done by construction management firms currently hired by the MTF and actively working in the buildings.

## Capital Project Master Report

11/19/2020 - 2:07:52 PM  
FY21-22

## CPBM03 - HART MAGNET - MTF

0684

Agency	Board of Education: Capital (0900)	Status	Active
Project Type	SC-MTF	HTE Date	2020-11-18
Project Location		Encumbered	3,272.89
Neighborhood		Advance	57,955.30
Voting District		YTD Balance	1,267,044.70
School District		Amount Available	0.00
		Unfunded	1,267,044.70

Supervisor Contact	Kevin McCarthy - (475) 333-1031 - KMcCarthy@StamfordCT.gov
PM Contact	Domenick Tramontozzi - (203) 977-4863 - DTramontozzi@StamfordCT.gov

On October 29, 2018 the Mold Task Force was formed with the purpose of overseeing and actively managing the indoor air quality crisis within our Stamford Public School buildings. The MTF made the following commitment: (1) address the immediate mold conditions and the underlying water-intrusion issues; (2) design and implement medium to longer-term capital projects to remedy the building envelope and HVAC issues; and (3) design a proper ongoing maintenance structure to ensure that our buildings do not fall back into a state of disrepair. While we have not completed the first phase of surface mold cleaning in all of our buildings, we are at a point where "maintenance" is appropriately transitioning into "capital" upgrades. Some of these capital upgrades will be traditional projects that we design and bid out, while others will continue to be work done by construction management firms currently hired by the MTF and actively working in the buildings.

Agency	Board of Education: Capital (0900)	Status	Active
Project Type	SC-MTF	HTE Date	2020-11-18
Project Location		Encumbered	933,574.92
Neighborhood		Advance	0.00
Voting District		YTD Balance	1,802,814.84
School District		Amount Available	802,814.84
		Unfunded	1,000,000.00

Supervisor Contact	Kevin McCarthy - (475) 333-1031 - KMcCarthy@StamfordCT.gov
PM Contact	Domenick Tramontozzi - (203) 977-4863 - DTramontozzi@StamfordCT.gov

On October 29, 2018 the Mold Task Force was formed with the purpose of overseeing and actively managing the indoor air quality crisis within our Stamford Public School buildings. The MTF made the following commitment: (1) address the immediate mold conditions and the underlying water-intrusion issues; (2) design and implement medium to longer-term capital projects to remedy the building envelope and HVAC issues; and (3) design a proper ongoing maintenance structure to ensure that our buildings do not fall back into a state of disrepair. While we have not completed the first phase of surface mold cleaning in all of our buildings, we are at a point where "maintenance" is appropriately transitioning into "capital" upgrades. Some of these capital upgrades will be traditional projects that we design and bid out, while others will continue to be work done by construction management firms currently hired by the MTF and actively working in the buildings.

Funding - Life of Project					
Fund Source	Authorized	Funded	Pre Approved	Unfunded	To Be Authorized
Bond (City)	27,000,000.00	26,000,000.00	0.00	1,000,000.00	0.00
<b>Total Funding</b>	<b>\$27,000,000.00</b>	<b>\$26,000,000.00</b>	<b>\$0.00</b>	<b>\$1,000,000.00</b>	<b>\$0.00</b>

School District		Amount Available	14,043.38
		Unfunded	6,203,326.00

Supervisor Contact	Kevin McCarthy - (475) 333-1031 - KMcCarthy@StamfordCT.gov
PM Contact	Domenick Tramontozzi - (203) 977-4863 - DTramontozzi@StamfordCT.gov

On October 29, 2018 the Mold Task Force was formed with the purpose of overseeing and actively managing the indoor air quality crisis within our Stamford Public School buildings. The MTF made the following commitment: (1) address the immediate mold conditions and the underlying water-intrusion issues; (2) design and implement medium to longer-term capital projects to remedy the building envelope and HVAC issues; and (3) design a proper ongoing maintenance structure to ensure that our buildings do not fall back into a state of disrepair. While we have not completed the first phase of surface mold cleaning in all of our buildings, we are at a point where "maintenance" is appropriately transitioning into "capital" upgrades. Some of these capital upgrades will be traditional projects that we design and bid out, while others will continue to be work done by construction management firms currently hired by the MTF and actively working in the buildings.

## Funding - Life of Project

Fund Source	Authorized	Funded	Pre Approved	Unfunded	To Be Authorized
Bond (City)	9,000,000.00	2,796,674.00	0.00	6,203,326.00	0.00

On October 29, 2018 the Mold Task Force was formed with the purpose of overseeing and actively managing the indoor air quality crisis within our Stamford Public School buildings. The MTF made the following commitment: (1) address the immediate mold conditions and the underlying water-intrusion issues; (2) design and implement medium to longer-term capital projects to remedy the building envelope and HVAC issues; and (3) design a proper ongoing maintenance structure to ensure that our buildings do not fall back into a state of disrepair. While we have not completed the first phase of surface mold cleaning in all of our buildings, we are at a point where "maintenance" is appropriately transitioning into "capital" upgrades. Some of these capital upgrades will be traditional projects that we design and bid out, while others will continue to be work done by construction management firms currently hired by the MTF and actively working in the buildings.

On October 29, 2018 the Mold Task Force was formed with the purpose of overseeing and actively managing the indoor air quality crisis within our Stamford Public School buildings. The MTF made the following commitment: (1) address the immediate mold conditions and the underlying water-intrusion issues; (2) design and implement medium to longer-term capital projects to remedy the building envelope and HVAC issues; and (3) design a proper ongoing maintenance structure to ensure that our buildings do not fall back into a state of disrepair. While we have not completed the first phase of surface mold cleaning in all of our buildings, we are at a point where "maintenance" is appropriately transitioning into "capital" upgrades. Some of these capital upgrades will be traditional projects that we design and bid out, while others will continue to be work done by construction management firms currently hired by the MTF and actively working in the buildings.

PM Contact	Domenick Tramontozzi - (203) 977-4863 - DTramontozzi@StamfordCT.gov

On October 29, 2018 the Mold Task Force was formed with the purpose of overseeing and actively managing the indoor air quality crisis within our Stamford Public School buildings. The MTF made the following commitment: (1) address the immediate mold conditions and the underlying water-intrusion issues; (2) design and implement medium to longer-term capital projects to remedy the building envelope and HVAC issues; and (3) design a proper ongoing maintenance structure to ensure that our buildings do not fall back into a state of disrepair. While we have not completed the first phase of surface mold cleaning in all of our buildings, we are at a point where "maintenance" is appropriately transitioning into "capital" upgrades. Some of these capital upgrades will be traditional projects that we design and bid out, while others will continue to be work done by construction management firms currently hired by the MTF and actively working in the buildings.

		Unfunded	100,000.00

Supervisor Contact	- -
PM Contact	Domenick Tramontozzi - (203) 977-4863 - DTramontozzi@StamfordCT.gov

On October 29, 2018 the Mold Task Force was formed with the purpose of overseeing and actively managing the indoor air quality crisis within our Stamford Public School buildings. The MTF made the following commitment: (1) address the immediate mold conditions and the underlying water-intrusion issues; (2) design and implement medium to longer-term capital projects to remedy the building envelope and HVAC issues; and (3) design a proper ongoing maintenance structure to ensure that our buildings do not fall back into a state of disrepair. While we have not completed the first phase of surface mold cleaning in all of our buildings, we are at a point where "maintenance" is appropriately transitioning into "capital" upgrades. Some of these capital upgrades will be traditional projects that we design and bid out, while others will continue to be work done by construction management firms currently hired by the MTF and actively working in the buildings.

On October 29, 2018 the Mold Task Force was formed with the purpose of overseeing and actively managing the indoor air quality crisis within our Stamford Public School buildings. The MTF made the following commitment: (1) address the immediate mold conditions and the underlying water-intrusion issues; (2) design and implement medium to longer-term capital projects to remedy the building envelope and HVAC issues; and (3) design a proper ongoing maintenance structure to ensure that our buildings do not fall back into a state of disrepair. While we have not completed the first phase of surface mold cleaning in all of our buildings, we are at a point where "maintenance" is appropriately transitioning into "capital" upgrades. Some of these capital upgrades will be traditional projects that we design and bid out, while others will continue to be work done by construction management firms currently hired by the MTF and actively working in the buildings.

City experts recommended total replacement and upgrade of heating system and related repairs several years ago citing the inefficiencies to the building and in fuel usage. Since the City took over the property in 2003 there has been no capital funding for upgrades to the Visitor Center structure and infrastructure...some elements now dating back over 70 years. Although not a registered historic property, this house was the original homestead of Dr. Francis Bartlett and has historical significance to the property and the community. Before the issue becomes a true emergency...which is getting closer each year it is ignored, we are requesting the City fund its own recommendation: a replacement and upgrade of the heating system, steam pipes, radiators, water pipes. In addition, to complement the new system, the building needs to have repairs to the buckled floors, damaged ceilings and sheet rock, as well as installation of new energy efficient combination windows and doors in keeping with the look of the historical structure. With the cut in the City operating budget in recent years, the Bartlett is being double penalized by being forced to use operating funds that could be dedicated to teaching the area's children and adults and programming instead of wasting them on excessive oil usage and repetitive band-aid repairs to the system that the City should be providing as the landlord--adequate heat, hot water, and safe plumbing.

This is the preferred long-term solution to providing consistent, safe and adequate water supply to the facilities and grounds at the arboretum. With the increased usage inspired by the new Silver Educational Center and the demand for enhanced public display/teaching gardens on the site, it is currently impossible to provide simultaneous supplies for the facilities and necessary irrigation to protect our botanical assets.

PM Contact	Nancy Ormsby - (203) 977-4637 - NOrmsby@StamfordCT.gov

This request includes Safety, Health and Air Quality improvements to our grounds and buildings on infrastructure elements dating back decades: safe drinking water, emergency generator for Silver Educational Center, and others. These improvements would bring these facilities into legal compliance and would also allow for year-round use for revenue-generation purposes.

Essential to allow for year-round use and enhanced revenue-generating instructional public programming. New greenhouse for raising seedlings for the City-wide tree replanting and for propagating native perennials for City parks. Will also provide additional event space.	
Remove existing greenhouse and build new conservatory and working greenhouse 34' x 40' in center and (3) 23' x 32' wings.

CLC was granted \$303,000 this Fiscal Year 12/13 to replace our roof at the William Pitt Child Development Center - former Stamford Public Schools Administration Building. Section 9 of our lease with the City for the use of this facility states that: the City shall be responsible for all structural and extraordinary repairs and repairs to the roof The city original estimate was \$303,000. However the bids came in higher and we need an additional \$275,000

PM Contact	Domenick Tramontozzi - (203) 977-4863 - DTramontozzi@StamfordCT.gov

The State Bond Commission has granted CLC \$1.4M to renovate the ground floor of the K-Wing at the Maple Avenue campus (Old Rogers School Campus) to expand our operations at the Maple Avenue CDC by 4-5 classrooms and serve an additional 60-80 children. The \$1.4M estimate was provided by the City Engineering Department. The City has asked us to request an additional \$427,500 to supplement the \$1.4M to pay for additional work that may be required to the systems and upper floor of the K-Wing.

## Description:

Phase I Hallway and reception area. Remove and replace deteriorating sub-floor and floor tile. The existing flooring has a high moisture content which has resulted in the build up of mold between the sub-strate and finished floor. The finish floor is no longer impervious and has become a health hazard.

Waterproofing Project for the exterior building envelope - roofs, panels and foundations.

The existing available capital funds will complete the Waterproofing Project started last April, and includes resealing the vertical elevations and foundation where there has been water infiltration, and glass replacement. The remaining approved but un-bonded funds, together with the funds requested for FY2022, will be used to replace 3 critical roof area (water infiltration). Out year requests include other roofing work and various restoration projects on the historic (1913) building. Grants may be available for the historic work.

Expand R.F.I.D. materials security system at three branches . Provides better control, faster checkout, self checkout and inventory management. Acquire equipment (integrated R.F.I.D. materials system) at Main Library that provides for item security, speeds up materials check-out/return, enables users to check out their own materials and provides for better collection management.

Supervisor Contact	Nicholas Bochicchio - (203) 351-8202 - nbochicchio@fergusonlibrary.org
PM Contact	Nicholas Bochicchio - (203) 977-8202 - nboch@fergusonlibrary.org

Continue the modernization masterplan for the Bennett Branch which over the project life will provide the 20 year old facility with spaces requested/needed by current library users: flexible meeting/conference rooms; makerspace and technology learning spaces; alternative program space for youth and adults.

The modernization would be done within the current building envelope. The master plan would also include code review and an examination and possible upgrade of the MEP systems. ADA upgrades are also necessary. Appropriate furnishings will be included. Grant funds (through the state library and others) may be available to leverage city funds. (Flooring replacement was funded through private donations.) An Eversource Grant will fund lighting upgrades.

## CP7908 - MILL RIVER PARK GREENWAY NORTH

0533

Agency	Non City Agencies: Mill River Collaborative (0230m)	Status	Active
Project Type	PI-MR	HTE Date	2020-11-18
Project Location	Mill River Park	Encumbered	17,453.04
Neighborhood		Advance	0.00
Voting District		YTD Balance	2,545,415.98
School District		Amount Available	595,495.98
		Unfunded	1,949,920.00

Supervisor Contact	Ralph Blessing - (203) 977-4714 - RBlessing@StamfordCT.gov
PM Contact	Ralph Blessing - (203) 977-4714 - rblessing@stamfordct.gov

The Mill River Greenway North is a 0.6 mile greenway that will connect the Mill River Park to Scalzi Park. It runs along the River behind Hart and Cloonan schools and Wright Tech. The project includes new paths, lighting, green infrastructure that will protect water quality, new plantings and an environmental education landscape.

This project will be funded from repurposed Federal funds originally earmarked for a ferry terminal project. The total amount is \$1,949,920 of Federal funds with a \$487,480 local (20%) match. There are sufficient previously appropriated funds in this account so no new local funds are required.

Request \$100,000 as a provisional figure to help ensure that we can include the lighting conduits in the project. If we bid the job and find that we have adequate funding, we will withdraw the request.

To complete construction of Phase II of the multi-phase Mill River Restoration Project, a three-mile river estuary restoration project that will create a protected greenway along the Mill River in downtown Stamford to the mouth of Long Island Sound.

In addition to State and private funding, in connection with a land swap on the east side to benefit Mill River Park - River Walk expansion and flood plain project: purchase of 41 Main Street from RBS and sale of 0 Division Street to RBS.

Necessary replacment of original Yankee gutters including deteriorated fascia at entire exterior of building. Slate roof valley flashing replacement. Replace interior handrails in hallways and window replacement to be in compliance with ADA and Energy Code.

Gutters and handrails were bid in November 2015. To reduce scope and cost, replacement gutter = \$30k front; \$12k rear; leaders = \$17K. Slate roof valley flashing replacement (\$65K).

Escalated cost for handrails (\$80K).

Window replacement is in out-years.

## CP5030 - SCOFIELD MANOR HEATING SYSTEM REPLACEMENT

0426

Agency	Non City Agencies: Scofield Manor (0670)	Status	Active
Project Type	PI	HTE Date	2020-11-18
Project Location	614 Scofieldtown Road Stamford CT 06903	Encumbered	0.00
Neighborhood	North Stamford	Advance	0.00
Voting District	19	YTD Balance	1,158,127.80
School District		Amount Available	383,127.80
		Unfunded	775,000.00

Supervisor Contact	Peter Stothart - (203) 977-1400 x3322 - pstothart@charteroakcommunities.org
PM Contact	Nancy Ormsby - (203) 977-4637 - NOrmsby@StamfordCT.gov

There are two boilers that are over 40 years old which have reached the end of their useful life and parts are no longer available. This work would entail the replacement of the two heating boilers and all associated pumps, expansion tanks, etc. Additionally, the two 10 ton chillers, are also over 30 years old and have reached the end of their useful life.

REVISED SCOPE: Since boiler replacement bids came in higher than expected, scope is significantly redefined as follows: immediate repair to boiler piping to get thru the winter season (\$15k); demolish boilers and chillers (TBD) and fit out each room and space w/split system, heating & cooling units. Received vendor quote for 61 Mitsubishi units w/power on emergency generator = \$328,500. Engineering/design cost ~\$15k.

PM Contact	Nancy Ormsby - (203) 977-4637 - NOrmsby@StamfordCT.gov

The SoundWaters Harbor Education Center is a shovel-ready project that will transform the City's relationship with the waterfront. Located in Boccuzzi Park, in the Waterside neighborhood, this building is at the heart of the City's Master Plan for Boccuzzi Park.. The Harbor Center will provide opportunities for over 5,000 Stamford students each year in academic enrichment, mentorship, sailing, science research and job training.

The project cost is \$8M. SoundWaters has successfully received \$2M in a state grant and \$5M in private contributions. The City's contribution will enable this project to break ground in calendar year 2021. Our architect has completed schematic design and construction documents will be complete by December 2020. In addition, as part of the Master Plan, SoundWaters has secured an additional \$348K in foundation support to rebuild the dunes at the waters edge, once the City removes/ relocates the parking lot in 2022. Together, with the City and the neighborhood, we are determined to create a world-class park for the City of Stamford. The Harbor Education Center will also provide dock and office space for the Marine Police for better access to Stamford Harbor.

PM Contact	Nancy Ormsby - (203) 977-4637 - NOrmsby@StamfordCT.gov

SCA has begun the process to address the issues with water damage to the South wall. We have hired a construction firm to open samples areas and an engineering firm to assess the situation. The scope of repair is expected to include repointing the brick wall, removing and replacing the wall end cap and resurfacing the wall. We have been advised by our engineer that this should be addressed before or in conjunction with the roof repair.

## CP6808 - INTERIOR FINISHES

0357

Agency	Non City Agencies: Stamford Center for the Arts (SCA)	Status	Active
Project Type	PI	HTE Date	2020-11-18
Project Location	61 Atlantic Street Stamford CT 06901	Encumbered	23,770.50
Neighborhood	Downtown	Advance	0.00
Voting District	06	YTD Balance	514,492.71
School District		Amount Available	124,492.71
		Unfunded	390,000.00

Supervisor Contact	Randy Thomas - (203) 517-3401 - rthomas@palacestamford.org
PM Contact	Nancy Ormsby - (203) 977-4637 - NOrmsby@StamfordCT.gov

Fire Marshall requirements to enclose and separate certain areas of building from earlier unfinished renovation. Auditorium and Foyer Plaster Restoration; Health and Safety Improvements such as trip/fall steps and railings; Security Camera System.

1. Fire Marshal cited numerous conditions which require correction, such as a vestibule at the basement elevator landing, fire rating walls and other separations throughout. \$250,000
2. Repair and Paint Deteriorating Plaster - The Palace was built in 1927. While it may not be feasible to restore its original grandeur at this time, there are several areas in the auditorium where the plaster is very suspect to fall. \$585,800
3. Plaster in the foyer requires restoration, as it is suspect to fall. \$292,840
4. Security Camera System - Install keyless entry and a camera recording security system to allow central monitoring of the front and rear stage doors, the box office entrance and the numerous exits of the building. \$35,000
5. Exterior staircase treads need to be repositioned and reset, as they have endured seasonal freeze/heave. Flanking railing is missing. \$25,000

PM Contact	Nancy Ormsby - (203) 977-4637 - NOrmsby@StamfordCT.gov

Ground water pumps require upgrade and possibly larger design and infrastructure. Other interior plumbing pipes, believed to be original from 1927, need to be addressed.

Funds are needed to start the professional engineers' investigation and hydrostatic testing.

PM Contact	Nancy Ormsby - (203) 977-4637 - NOrmsby@StamfordCT.gov
The Rich Forum was opened in 1992, and the roof and the EIFS (exterior insulation system) are past their useful life and are being addressed independently and separately.	

Securing and replacing panels of exterior insulation was quoted at \$290k [2015 cost escalated]. This request is for the shortfall, in the hopes that the free balance will be bonded.

Roof Bids came in @ \$978,000, which was over estimate. Award will be covered by \$646k State Roof Grant and funds transferred from State seating Grant.

FY21-22

## CP1683 - WATER LINE CONNECTION

0047

Agency	Non City Agencies: Stamford Museum (0680)	Status	Active
Project Type	PI	HTE Date	2020-11-18
Project Location	39 Scofieldtown Rd, Stamford, CT 06903	Encumbered	0.00
Neighborhood	North Stamford	Advance	0.00
Voting District	20	YTD Balance	0.00
School District		Amount Available	0.00
		Unfunded	0.00

Supervisor Contact	Melissa Mulrooney - (203) 977-6565 - mmulrooney@stamfordmuseum.org
PM Contact	Nancy Ormsby - (203) 977-4637 - NOrmsby@StamfordCT.gov

The waterline tie-in capital will be needed as part of the Environmental Farmhouse construction scope of work, which is shovel-ready for 2017. We need a water tie-in from Scofieldtown Road on north end to serve the upper most buildings with a gravity feed system. We currently have a poorly engineered water pump system in the flood plain at the front entrance of our property.

Recommendations from 2010 Master Plan have identified equipment that is past it's useful life. With recent interim repairs to two major Leibert climate control units (one for galleries and one for collection storage) installed in the early 1980s, replacement with more energy efficient units is highly recommended as a pro-active step.

This continues capital support for SM&NC Environmental Education Farmhouse construction scope of work. Recommendation from 2010 Master Plan includes infrastructure improvements and development of a multi-use farmhouse building on Heckscher Farm. Redesign of the North parking lot, two new pastures, perimeter fencing, site entry and security improvements will bring greater parking capacity and safety improvements for visitors. Relocation of Maple Sugar/Cidering House will bring greater mission-driven capacity, community service, and safety.

From our 2010 Master Plan, eliminating tents on the Meadow and erecting a permanent 30' x 90' pavillion on a 40' x 100' slab foundation.

From our 2010 Master Plan, eliminating tents on the Meadow and erecting a permanent 30' x 90' pavillion on a 40' x 100' slab foundation would improve the safety and efficiency of our camp, school, and public programs. Three connected vinyl tents are not cost effective with damage replacement, set-up/take-down, inspections, and safety issues each year. We can take advantage of our 2010 utility upgrades ( electric and plumbing) and use the Pavilion year-round. This would support a new earned-income area of business and enhance our programs.

We have served over 200,000 visitors annually including over 40,000 school children.

Commercial Linkage for Affordable Housing was created to assist in the generation of financial incentives and resources to assist the creation of affordable housing for persons and families of low and moderate income levels. On an annual basis, a Linkage Share, determined to be 5% of building permit fees for rehabilitation and construction of commercial buildings is set aside for affordable housing purposes, such as site acquisition, construction and rehabilitation of housing for low and moderate income households.

Charter Oak Communities (COC) is implementing a program of important repairs to ensure resident health and safety and prevent physical deterioration at our Oak Park development, which was built over fifty years ago and contains 168 two and three bedroom townhouse style apartments in 27 buildings. Existing fuse boxes will be replaced with circuit breakers and electric panels relocated away from water sources. Roof repairs will address moisture buildup that is damaging framing, and roof supports will be repaired. Unused fuel oil tanks will be removed from building basements, and concrete slabs poured over existing basement dirt floors to alleviate moisture that has damaged floor framing above. Outdoor access to basements will be installed to allow repairs without removing flooring from apartments and to permit tank removal. Floor framing will be repaired as needed. Oak Park is 100% affordable and deed restricted to ensure ongoing affordability

The City issued a RFP for Energy Services Company (ESCO) to identify potential energy & water savings to Stamford Government Center, as well as, Board of Education buildings. A Selection Committee chose Con Edison Solutions as the winning ESCO. The City has negotiate an agreement with the ESCO to conduct an Investment-Grade Audit (IGA) of all buildings in the project. The City will need to encumber the ESCO's "walk away" contingency fee (\$190,000) if the City decides not to proceed with the Energy Savings Performance Contract after the IGA is complete. Based on the IGA the City will negotiate an energy services agreement with the ESCO to implement the desired ECMs with savings guaranteed by the ESCO. Based on the savings guarantee, the City arranges financing to pay the ESCO to do the work.

## Phase II

The Team will also develop the "Innovate Stamford" website that will be the go-to digital platform for news, community engagement, and will feature companies located within the district. The platform will allow for the Stamford's district to highlight up to date with focused information on an events calendar, transit locator, social media stream, blog, links to innovation resources, job opportunities, and successes in the district. The will link to the other innovation designated cities within Connecticut to help the encouragement and development of the Start-up/ Entrepreneurial scene and the cross connections between the cities.

This project is matched dollar for dollar from the \$2 million Innovatation District Grant from CT Next that was awarded to Innovate Stamford.

		Unfunded	317,015.00

Supervisor Contact	Thomas Madden - 2039775168 - tmadden@stamfordct.gov
PM Contact	Thomas Madden - -

This project is a continuation and implementation of the previous Stamford's City Canvases project, called "StamfordLights." StamfordLights finished its first phase of the project by installing a major work of art at the Stamford Transportation Center (STC) which consisted of an artistic display of LED lights that bath the STC in different thematic lighting. The project proposed for the Innovation District will include rehabilitation and maintenance of the first phase of this project and inclusion of the uncompleted second phase over the next several years. The second phase would strategically deploy multiple illumination technologies along two loops of wayfinding lightways around the Stamford Downtown and Harbor Point which connect selected key locations. Additionally, as the first major portal to Connecticut's emerging Stamford-New Haven Creative Corridor", the STC's showcasing of outstanding works of creativity will actively and immediately reinforce the rebranding of the City, region, and State as a place of innovation.

This project is a dollar for dollar match from the \$2 Million Innovate Stamford grant from CT Next.

CommentsThis project is a dollar for dollar match from the \$2 Million Innovate Stamford grant from CT Next.

Phase II

A GIG WiFi connection is faster than the average residential WiFi experience. As an example, a typical 2 hour high-def video takes 30 seconds to download instead of 20 minutes. By offering a public WiFi connection at key locations in Stamford, the Innovation District be developing a resource for the data intensive future needs of residents, visitors and the City itself. The City will look to expand on the already built Infrastructure.

The project leverages dollar for dollar match from the \$2million Innovate Stamford Grant from CT Next

## Phase II

One of the key aspects of the creating buzz for identity of the Innovation District is to create a recognizable visible brand throughout for the district to allow both companies and people to recognize the Innovation District both at local and regional level. The identity of the district will be created through the use of a consistent design guidelines for wayfinding within the District and the creation of marketing materials to reinforce the District's brand outside of Stamford. It is important to have consistent wayfinding, both north and south of the train station, as the highway and train tracks provide a natural barrier that has allowed for the development of two separate branding strategies for the Stamford Downtown and Harbor Point projects. The wayfinding program will provide a bridge for the two areas by providing for directional and promotional signage that will allow for pedestrian to better navigate through the two areas when they come from the Stamford Transportation Center

The project will leverage dollar for dollar match from the \$2million Innovate Stamford grant from CT Next

This project is for design of bridges scheduled for replacement, and the design, construction and inspection of major bridge repairs of several local bridges, which are in various stages of deterioration.

The current balance is being utilized for the design and rights-of-way for Riverbank Road (ConnDOT Br. No. 04071), Hunting Ridge Road, Cedar Heights, and Wire Mill Road Bridges. Construction and inspection costs will be funded under CP3220 since these are bridge replacements.

FY19/20 request is for design and rights-of-way for West Glenn Drive Bridge. A 54-year old bridge where super-structure in serious condition. This project qualifies for 80% funding under the Federal Local Bridge Program.

**PM Contact** Frank Vonella - (203) 977-5894 - FVonella@StamfordCT.gov

Installation and replacement of storm drains, catch basins, and curbs.

Current balance will be used to fund drainage improvements at Leroy Place (200K), Stanwick Circle (10K), Pheasant Lane (600K) and citywide drainage improvements (150K).

FY21/22 request is to fund drainage improvements in the following locations by project readiness and severity order; Westhill Road/Drum Hill Lane (2M), Bird Song Lane (500K), Newfield Court (250K), Tod Lane (500K), and Wire Mill Road (200K).

Outyear request is to fund other drainage complaints received from Citizens Services Center.

**Funding - Life of Project**

Supervisor Contact	Nancy Pipicelli - (203) 977-4203 - NPipicelli@StamfordCT.gov
PM Contact	Nancy Pipicelli - (203) 977-4203 - NPipicelli@StamfordCT.gov

Conversion of the remaining roadway lighting fixtures (over 5,700 fixtures) within the city to LED street lights. The lower wattage 50 and 70watt high pressure sodium fixtures have not been upgraded to LED light fixtures due to the continuous efficiency improvement of new LED products. Manufacturers have released products which are now as low as 14-39 watts to replace these lights. In addition to saving energy, with the longer life of LED products, maintenance cost will also be decreased.

Spot replacements. Light fixtures will be upgraded to LED fixtures on a spot basis when older fixture ballasts have failed.

Upon project completion, annual operating expenses for energy and maintenance of the street light system will be reduced by \$214,084. Roadway lighting will be safer and more reliable.

## CP1283 - CHESTNUT HILL ROAD RECONSTRUCTION

0044

Agency	Operations: Engineering (0220)	Status	Active
Project Type	PI	HTE Date	2020-11-18
Project Location		Encumbered	0.00
Neighborhood		Advance	0.00
Voting District		YTD Balance	0.00
School District		Amount Available	0.00
		Unfunded	0.00

Supervisor Contact	Lou Casolo - (203) 977-5796 - lcasolo@StamfordCT.gov
PM Contact	Domenick Tramontozzi - (203) 977-4863 - DTramontozzi@StamfordCT.gov

Chestnut Hill Road is narrow and has limited drainage. Culvert has collapsed and has outlived its useful life cycle where traditional paving methods are not appropriate for roads in this condition. FY13/14 request to provide the full depth reconstruction, realignment and other construction related activities, including drainage, ROW acquisition, and EPB permit.

PM Contact	Zvonko Barisic - (203) 977-4856 - ZBarisic@StamfordCT.gov

This account is for the construction, and inspection of bridges in need of replacement throughout the City.

Current balance is for the construction and inspection of Riverbank Road (ConnDOT Br. No. 04071) Bridge replacements.

FY21/22 request is for the construction and inspection of Hunting Ridge Road bridge (\$2.2M with 44.64% state grant reimbursement), and Cedar Height Road bridge (\$3.1M with 80% federal grant reimbursement).

The out-year request will be used for Wire Mill Road, West Glenn Drive, Lakeside Drive, and West Broad Street Bridge replacements.

## CP1074 - PINE HILL DRAINAGE

0180

Agency	Operations: Engineering (0220)	Status	Active
Project Type	PI	HTE Date	2020-11-18
Project Location	Pine Hill Ave from Hope Street west to dead end	Encumbered	0.00
Neighborhood		Advance	0.00
Voting District	15	YTD Balance	361,300.24
School District		Amount Available	261,300.24
		Unfunded	100,000.00

Supervisor Contact	Lou Casolo - (203) 977-5796 - lcasolo@StamfordCT.gov
PM Contact	Domenick Tramontozzi - (203) 977-4863 - DTramontozzi@StamfordCT.gov
Upgrade existing storm drainage and reconstruct roadway on Pine Hill Avenue and Colonial Road. Complaints since 1994 regarding low area flooding and poor drainage.	

This project involves an upgrade of the existing undersized drainage system. The preliminary design study was completed. The final design can be performed upon the approval of construction budget request, utilizing current project balance. The design of the drainage system is to increase the water intake into the storm system. This requires acquisition of 2 property easements and street closure. This improvement will upgrade the storm drainage from 2 year storm to 25 year storm event.

PM Contact	Zvonko Barisic - (203) 977-4856 - ZBarisic@StamfordCT.gov

To provide streetscape enhancements, walking/bicycle paths and a pedestrian bridge over the Mill River, to connect local residents in economically distressed neighborhoods to the Stamford Transportation Center. This pathway will provide new access for lower-and-middle-income residents to the heart of Stamford's Downtown, the Mill River revitalization area, the Stamford Transportation Center, and the University of Connecticut campus.

To dredge 3 City's marinas to allow for boat traffic to navigate along City shorelines.

The project proposes to dredge Cove Island channel to create a marina basin footprint encompassing all of the docks and extending to within the vicinity of the launch ramp, a 50' wide inner channel leading to the basin, and a 75' wide outer channel. As per Preliminary Design Report, construction cost of \$5.4 million is based on Dredging with Beneficial Reuse (5,217 CY sandy material) & Upland Disposal/Treatment (24,079 CY silty material).

FY22/23 outyear request is proposed to provide timber piles of sufficient length (58') that floating docks shall be retained at water surface El. 14.0' NAVD88 in accordance with the current base flood elevation. As per Preliminary Design Report, it is estimated that 795 piles will be required.

The FY23/24 outyear request is for dredging at Cumming.

To provide a link between Station Place and Elm Street to serve as east/west artery south of the Transportation Center. These funds are for sidewalks, bikeways portion of the Urban Transitway Project. There is a 20% local match requirement for this grant. Due to federal accounting requirements prohibiting the commingling of grants, funding streams received from different grants must be accounted for separately. This grant is from the Surface Transportation Program.

The area bounded by the Majestic Movie Theatre, the Target Store, 1055 Washington Blvd., and the future site of Park Square West is being developed into a public parking garage. The design and construction of this project will be managed by the Stamford Urban Redevelopment Commission in accordance with development plans and various legal commitments for downtown development. Planning design and site development has already begun. Upon completion, the City will assume operation and management of the facility. All revenue produced by the garage will be income for the City.

Dredging of Holly Pond to enhance use.	

The CT DEEP is providing 100% funding for design and permitting of an alternative included in the 2016 Holly Pond Restoration Alternatives Analysis report. DEEP will not participate in a dredging project alternative. They will participate in a tidal wetland restoration project alternative. Once design is completed, the City will seek grant funding for the construction, if outside funding is available, and this capital budget request is for the City share. A "place holder" amount has been indicated, but will change once the final design of an alternative has been completed and the cost share has been determined.

"Green" street lighting; Municipal Energy Efficiency; Vehicle charging/Solar array; Government Center Fuel Cell. Stamford was allocated \$1,186,300 through the Energy Conservation Block Grant. Funds will be used to retro-fit existing City owned street lights to high efficiency lighting; to install charging stations for electric vehicles; for lighting retro-fits in schools; for installing energy management systems in the Vehicle Maintenance garage and the Central Fire House; and installation of a fuel cell and engine hybrid power plant at the Government Center.

To provide a link between Station Place and Elm Street to serve as east/west artery south of the Transportation Center. There is a 20% local match requirement for this grant. Due to federal accounting requirements prohibiting the commingling of grants, funding streams received from different grants must be accounted for separately. This grant is from the Surface Transportation Program.

PM Contact	Jeff Brown - (203) 977-4493 - JBrown2@StamfordCT.gov

Phase 1: Scofieldtown Area - To extend approximately 6,000 ft. of 8" Aquarion water main & approximately 7,500 ft. of 1.5" individual services to the residential dwellings on Hannah's Road, Larkspur Road, Cousins Road & Very Merry Road. Well water has been found to contain contaminants (Dieldrin & Chlordane) at some locations in the affected area. Project includes service laterals & meter boxes.

Phase 2: Alma Rock Road & Mary Joy Lane Water Main Extension - To extend approximately 1,850 ft. of 8" Aquarion water main & approximately 3,200 ft. of 1.5" individual services to the residential dwellings on Alma Rock Road, Mary Joy Lane, Skymeadow Drive & High Ridge Road. Well water has been found to contain contaminants (Dieldrin, Chlordane & metals) at some locations adjacent to this affected area. Project includes service laterals and meter boxes.

Water Main Extension: Alma Rock Road, Mary Joy Lane, a portion of Haviland Road, Skymeadow Drive (for which there is an existing water main) & a portion of High Ridge Road - The total project request of \$1.4m includes the extension of approximately 1,215 ft. of 12" & 1,757 ft. of 8" Aquarion water main & approximately 5,021 ft. of 1" individual services to 36 residential dwellings on Alma Rock Road, Mary Joy Lane, a portion of Haviland Road, Skymeadow Drive (for which there is an existing water main) & a portion of High Ridge Road. Well water has been found to contain contaminants (Dieldrin, Chlordane & metals) at some locations adjacent to this affected area. Project includes service laterals, meter boxes & hydrants.

To provide a link between Station Place and Elm Street to serve as east/west artery south of the Transportation Center. There is no required local match for this grant. Due to federal accounting requirements prohibiting the commingling of grants, funding streams received from different grants must be accounted for separately. This grant is from the Federal Highway Administration

The State of Connecticut has authorized \$4.9 million in bond funds for Improvements to Pacific and Canal Streets. Harbor Point Infrastructure District has agreed to contribute \$2,000,000 toward the cost of this project. The City of Stamford will act as fiduciary agent for the grant agreement and the Engineering Bureau will oversee the construction process.

PM Contact	Domenick Tramontozzi - (203) 977-4863 - DTramontozzi@StamfordCT.gov

This request is used to perform environmental services at 1050 Washington Boulevard, Stamford (the "Site"). The Site was identified in earlier environmental assessments as meeting the definition of an "Establishment" as defined in the State of CT Property Transfer Act (the "Transfer Act"). Be definition, this portion of the Site would require further investigation and remediation in accordance with State of CT Remediation Standard Regulations upon certain transfers of the real estate.

In November 2009, the City acquired the Site and submitted Environmental Condition Assessment Form to CTDEP. In accordance with the Transfer Act, the City must engage a Licensed Environmental Professional to oversee the investigation and remediation of this Establishment. Final report of investigation was due 2/4/2014, but was never submitted to CTDEEP.

FY21-22

## CP0123 - WEST BEACH BOAT RAMP REPLACEMENT

0663

Agency	Operations: Engineering (0220)	Status	Active
Project Type	PI	HTE Date	2020-11-18
Project Location	850 Shippin Ave.	Encumbered	0.00
Neighborhood		Advance	0.00
Voting District		YTD Balance	1,440,000.00
School District		Amount Available	990,000.00
		Unfunded	450,000.00

Supervisor Contact	Zvonko Barisic - (203) 977-4856 - ZBarisic@StamfordCT.gov
PM Contact	Domenick Tramontozzi - (203) 977-4863 - DTramontozzi@StamfordCT.gov

This project includes replacement of the existing boat ramp, addition of another row of floating docks, parking lot improvements, timber jetty repairs and dredging.

Based on the recent testing and cost estimate, additional unsuitable materials need to be excavated. Therefore, the construction cost went up to \$2.26M.

The City of Stamford has agreed to act as an applicant for a \$487,000 from Federal Transit Administration to purchase three new 25 to 30 foot specialty transit vehicles to provide shuttle service between Harbor Point Development and Stamford Downtown. The service will connect with CT transit and rail service that support South End Transit Oriented Deployment (TOD)

PM Contact	Ralph Blessing - (203) 977-4714 - rblessing@stamfordct.gov

Task 1 [\$100,000]: The administration has requested that a master plan be created for the Edward Hunt Complex ("Courtland Park"). We have a preliminary figure for the cost, which is \$52,338. Additional funds should remain available for surveying and plans to support projects in Mianus River Park (ongoing riverbank restoration), Cummings Park (pond restoration study), and Cove Island Park (artificial dune design to accommodate channel dredging requirements).

Task 2 [\$100,000]: Master Plan and Zoning Map Amendments. Currently there are six parks that are not in Master Plan Category 14 OPEN SPACE---Parks, and 22 parks that are not zoned P Park District, which leaves these parks potentially vulnerable to development or city selling off as excess properties. If approved, the money would be used to cover the significant cost of public legal postings.

Update of City Master Plan and related infrastructure studies with neighborhood specific plans. An update of Master Plan needs occur on a regular basis given the complex and ever changing issues which affect Stamford. Specifically these funds will allow for:

1. An in-depth review of Office Parks - MP Category #8 (Mixed-Use Campus) with revised zoning text [\$100,000]
2. An in-depth review of Category 11 Downtown in conjunction with CC-N zoning district [\$250,000]
3. The 5-year review of the adopted Master Plan, specifically focusing on: Master Plan Categories #5 (Residential - High Density Multifamily, #6 (Commercial - Neighborhood Business), and #9 (Urban Mixed-Use) [\$100,000] - Note: The 5-year review should commence in 2020/21 fiscal year after 5 years since the adoption of the Master Plan.
4. An in-depth review of Category 13 Industrial General [\$75,000]

In order to implement Master Plan Policy 7L.2-a: Acquisition of vulnerable parcels for open space, flood prone vulnerable parcels, and sensitive lands, the City needs to replenish the fund to acquire parcels. Funds would be used to acquire priority parcels and easements for Mill River Greenbelt and parcels in coastal and wetland areas that are ecologically valuable and or vulnerable to flooding and other hazards. In addition to the acquisition of land, the fund would also cover costs for appraisals, environmental assessment, purchase, demolition and site stabilization.

Provide funds to plan and build multi-use trails throughout park system for biking, jogging and roller blading as identified by the Parks Master Plan.

Some projects anticipated include:

1. Chestnut Hill Playground final design
2. Mianus Park entrance final design
3. Cove Island Park Survey

Master Plan and Land Use Studies.

A. Master Plan Implementation Studies, including updates to the Zoning Regulations.

B. 5 Year Assment of the 2025 Master Plan

C. Land Use, Transportation and Pedestrian Studies

The Master Plan is a 10-year action plan for the City of Stamford, which focuses on the areas of greatest change, and provides a framework for development, preservation, sustainability and resiliency for the City.

Funding for site acquisition and development for construction or rehabilitation of affordable housing for low and moderate income persons. Provides required local match for HUD's federal grant. In implementing Section 7.4 of the Zoning Code - developers are currently required to provide 10% below market rate housing units for developments over 10. For developments with a partial unit the Zoning Board has required a the developer to pay a fee-in-lieu, the partial unit will be placed in this account...

The request is for new GIS data including an aerial flight, orthophotography (imagery), topographic and planimetric mapping. The current GIS data is from 2013 and is outdated especially considering the development within Stamford. This new GIS data would include new high resolution imagery, contours and multiple GIS base data layers such as building footprints, roads, and driveways. The GIS data is used extensively within multiple city departments where current GIS data is essential. Stamford's 911 dispatch center and fire, ambulance and police mobile computers utilize the GIS data for efficient response to emergency situations. The new data will especially be helpful for the Assessor's 2022 revaluation process. The Engineering and Traffic departments utilize the GIS data for initial design work on new construction projects.

PM Contact	David Woods - (203) 977-4718 - dwoods@stamfordct.gov

Stamford has a perception of a parking problem; however, this is not based on planning analysis only conjecture

The goals of this study are as follows to:

- 1.to Assess parking needs in the City, especially areas and forecast changes based on likely development scenarios
2. To (Re-) Balance parking requirements with other land uses
3. To Adapt parking and other regulations to changed parking needs

Over the last 10-yearsthe neighborhoods of the Cove, Waterside, East Side, and the Mid-Ridges all with large areas zoned R-5 Multi-Family, Medium Density Design District and R-6 One and Two Family Districts have experienced increasing development pressures to build out every parcel to the maximum possible density without real planning as to whether these neighborhoods can handle the density, or whether the R-5/R-6 designation is appropriate for the neighborhoods affected. The LUB is proposing to focus on one of the four neighborhoods listed above but the resulted study would include recommendations for the other three neighborhoods as well.

PM Contact	Ralph Blessing - (203) 977-4714 - rblessing@stamfordct.gov

Superstorm Sandy and other weather events have demonstrated the vulnerability of coastal communities like Stamford. Rising sea levels and more severe weather events only increase these vulnerabilities. Some of Stamford's critical infrastructure like the WPCA, important public amenities like parks and public beaches, and the more than 1758 mostly private properties that lie within Stamford's Special Flood Hazard Areas are at risk.

Stamford's Master Plan (Policy 7P) and the 2016 Hazard Mitigation Plan outline strategies that can reduce vulnerabilities. However, little has been done to implement them. The Land Use Bureau, therefore, proposes a study of Stamford's Coastal Flood Hazard Areas that will identify flood risks, vulnerabilities, and opportunities to enhance climate resiliency. In addition, the study will develop preliminary design and cost estimates to establish a prioritized list of resiliency projects. This Study could further reduce flood insurance premiums for homeowners through the CRS and is the prerequisite for applying for Federal and State grants for hazard mitigation, such as FEMA's Hazard Mitigation Grant Program, Pre-Disaster Mitigation Program, and others for which only "shovel ready" projects are eligible.

This study is critical in allowing the City to apply and be awarded Federal and State grants, e.g., the Pre-Disaster Mitigation Grant (FEMA), who made it very clear in earlier attempts by the City to obtain a FEMA grant that "they have no interest in funding studies, have a study and FEMA will review funding actual projects to implement that study."

Supervisor Contact	Kevin Murray - (203) 977-4606 - kmurray@StamfordCT.gov
PM Contact	Kevin Murray - (203) 977-4606 - kmurray@StamfordCT.gov

Prepared detailed report by outside consultant Institute of Human Design of all City Facilities which indicates these regulations adopted revised, enforceable accessibility standards called the 2010 ADA Standards for Accessible Design "2010 Standards" or "Standards". The 2010 Standards set minimum requirements – both scoping and technical – for newly designed and constructed or altered State and local government facilities, public accommodations, and commercial facilities to be readily accessible to and usable by individuals with disabilities

Balance- to be used for ADA Restrooms in 1. Government Center First Floor/4th floor and 10th floor 2. Cove Island ADA bathroom upgrades (East Beach Pavillion and Red Brick Buidling)/ADA Beach Wheelchair to be purchased/ADA picnic Tables/Benches

FY 21-22 Request 250k will be targeted for the following city facilities per the consultant report

Dorothy Heroy Park Facility- 100,000 - Czesick Park Facility- 13,000 - Chestnut Hill Park facility 46,000

(Out years : Courtland Ave Park Facility- 28,000 - Central Fire HQ- 53,000 - Belltown Fire station- 6,000 - Bell Street Parking Garage- 22,000 - Bedford Street Parking Garage- 13,000 - Barret Park- 54,000 - Glenbrook CC- 52,000 - Historical Society facility- 27,000 - Fire maintenance Building- 6,000)

Project Location	Citywide Athletic Field Lights	Encumbered	6,467.00
Neighborhood		Advance	0.00
Voting District		YTD Balance	375,235.52
School District		Amount Available	325,235.52
		Unfunded	50,000.00

Supervisor Contact	Kevin Murray - (203) 977-4606 - kmurray@StamfordCT.gov
PM Contact	Kevin Murray - (203) 977-4606 - kmurray@StamfordCT.gov

As demand for field use increases, lights are recommended at City ball fields to extend playing hours and thus accommodate more users. Additionally, old lighting structures which have reached the end of their useful life span and also need to be upgraded.

Balance will be used for Cubeta Stadium Baseball Light upgrades which will be LED sport lights w a 25 year warranty on replacement bulbs/fixtures/hardware and upgraded a new scoreboard.

\*Warranty to assist on 30 k per year that we spend currently for maintenance

FY 18-19 request 100 k

John Bocuzzi Park @ Southfield Master Plan	

FY 21-22 Request \$500,000-construction for Phase 2

Phase 1 was determined by the main stakeholders: The City, Soundwaters and the Waterside Coalition. It will accommodate the construction of the future Soundwaters Academy and also complement the recently completed traffic improvements on Southfield Avenue

Total Coast Phase 1- \$1,200,000

1. Relocating parking lot out of flood plan
2. Interim dun escape where current parking lot is located with interim walkways
3. Entrance relocation to align with Congress Street

Balance will reflect the following

\$510,000- Free balance

\$435,000- Bay pointe (in escrow form improvements to the Waterside Neighborhood as required by the terms of their Zoning Certificates #214-14 & 214-15 for the development of 112 Southfield)

Out year request FY 20-21- \$1,000,000 to implement phase 2

Lione Park Capital Upgrade in partnership with the Boys and Girls Club

FY19-20 Request \$200,000-

Balance will be used for New bathroom facility and Merrell Ave parking lot improvmenets

The current park renovations are being done in partnership with the Boys and Girls Club which is contributing 1 million in design services and construction funding. The current bathroom facilities are in poor condition and require drainage improvements, need to be enlarged and require ADA compliance to adequately meet the demand in the high-use, urban park.

This program is required to investigate and assess and correct as necessary of drainage systems discharging into water body, rivers, ponds, etc. and to evaluate Public Services facilities and modify practices in compliance with state and federal regulations. Based upon the requirements set forth in the draft MS-4 permit, significant action is mandated by the CT DEEP.

Worked has slowed due to current condtns but account is needed to ensure compliance for all MS4 related issues.

PM Contact	Thomas Turk - (203) 977-5919 - tturk@StamfordCT.gov

Reconstruction of the waste debris drop-off station used by the vacuum trucks to unload their contents. Current drop-off station is not functional and will not be able to handle the volume being generated by the work being performed per the City's MS4 permit. Need to redesign and rebuild a new station that can handle the new volume requirements.

PM Contact	Thomas Turk - (203) 977-5919 - tturk@StamfordCT.gov

Per MS4 permit this program is intended to isolate sources of contamination. Elimination/abatement of non-stormwater discharge into stormwater system will be evaluated for corrective measures to be implemented. This will allow for a survey of all the City's outfalls to find where all the highest pollutants may be flowing into the rivers and sound. Once this is determined we can find the source of the pollution and eliminate it.

Vital in helping clean up the pollutants within the City's stormwater system.

## C56182 - STREET PATCH &amp; RESURFACING

0005

Agency	Operations: Traffic & Road Maintenance (0211)	Status	Active
Project Type	PI-Streets	HTE Date	2020-11-18
Project Location	1	Encumbered	1,300,907.97
Neighborhood		Advance	0.00
Voting District		YTD Balance	12,630,729.20
School District		Amount Available	8,130,729.20
		Unfunded	4,500,000.00

Supervisor Contact	Thomas Turk - (203) 977-5919 - tturk@StamfordCT.gov
PM Contact	Paul Montanaro - (203) 977-5759 - PMontanaro@StamfordCT.gov

Patch and resurface Stamford's roadway infrastructure using accepted engineering standards. This includes milling, overlay, reconstruction, associated fixes to public streets and associated subsurface replacements for drainage system.

Over 40 sections of road have been paved in the last 12 months, sometimes transforming entire neighborhoods. The request is to keep the productivity and momentum going. It is not just the road surface that has been renewed but all the drainage below it that has been repaired which greatly improves driving conditions and stormwater drainage capabilities during heavy rain events.

<b>Supervisor Contact</b>	Thomas Turk - (203) 977-5919 - tturk@StamfordCT.gov
<b>PM Contact</b>	Paul Montanaro - (203) 977-5759 - PMontanaro@StamfordCT.gov

Reconstruction of major sections of sidewalks (i.e. entire street length, block length) and critical reconstruction of existing walkways. Outside of the Downtown area.

Sidewalk is more expensive per foot than street paving. It is much more labor intensive, requires more precise work and concrete cost more than asphalt.

## Capital Project Master Report

11/19/2020 - 2:10:40 PM  
FY21-22

## C56129 - CITYWIDE MANHOLE &amp; BASIN

0039

Agency	Operations: Traffic & Road Maintenance (0211)	Status	Active
Project Type	PI	HTE Date	2020-11-18
Project Location	Citywide	Encumbered	471,050.68
Neighborhood		Advance	0.00
Voting District		YTD Balance	1,000,000.00
School District		Amount Available	500,000.00
		Unfunded	500,000.00

**Supervisor Contact** Thomas Turk - (203) 977-5919 - tturk@StamfordCT.gov

**PM Contact** Thomas Turk - (203) 977-5919 - tturk@StamfordCT.gov

The City's road network contains more than 12,000 manholes and basins. These structures require periodic reconstruction and adjustment at an average cost between \$8,000 per basin. This work is critical to protect the safety of the public and to maintain the City's investment in the infrastructure.

Last years budget has helped chip away at the list of 200 outstanding issues that need repairs. About 100 more has been found throughout the year in additiona to what was already known. The additional request is needed to keep the momentum going and get to a point were the list is managble and wait time for repairs is not years.

Revitalization of the "old" brick sidewalks and concrete/bituminous sidewalks in the downtown area to correct deficiencies and to meet the standards as set forth in the master plan. These "Streetscape" sidewalks include granite curbs, brick pavers and more prominently scored concrete slabs for better aesthetics.	

Sidewalk is more expensive per foot than street paving. Especially the streetscape design .It is much more labor intensive, requires more precise work and concrete cost more than asphalt.

		Unfunded	-5,660.99

Supervisor Contact	Thomas Turk - (203) 977-5919 - tturk@StamfordCT.gov
PM Contact	Thomas Turk - (203) 977-5919 - tturk@StamfordCT.gov

Purchase and locate new storage units (12) to be used by Social Services for the Housing Program in a new secure location at the City Garage to be in compliance with mandated state regulations and DEEP. Provide new fencing to ensure the security of the new storage units and to isolate them from the City Garage yard which also helps protect City Garage assets.

PM Contact	James Travers - (203) 977-4133 - JTravers@StamfordCT.gov

The projects listed below outlines the improvements that bureau proposes to implement. Of the total request, \$650,000. will be used to leverage over \$6,650,000. in grants / partnership opportunities that the bureau was able to successfully identify and secure. The remaining \$100,000. would be used to improve safety and optimize the City's transportation network in the Summer Street corridor. This request is to address the City's traffic signal needs which further enhance the City's Advance Traffic Management System (ATMS) and signal detection systems to increase system efficiency and vehicle identifacaiton and throughput. Project G CMAQ Grant (\$200,000. Match) 360 Deegree Video Detection Grant (\$150,000. Design) Washington Blvd @ Tresser Blvd PPP with Developer (\$300,000.) Summer Street Hawk Signal (\$100,000 Construction)

Each year the bureau identifies various funding opportunities to leverage investment in the City's transportation network. The sources of this years funding is from State and Federal grants, as well as Development contributions by way of the Bureau's thorough review of site plans. We continue to work with WestCOG and the City's lobbyist to identify other sources.

PM Contact	James Travers - (203) 977-4133 - JTravers@StamfordCT.gov

To implement measures to improve safety and quality of life in residential areas and areas of high pedestrian use, based on the City's 2011 Traffic Calming Plan. The primary purposes of traffic calming projects are to minimize speeding and cut-through traffic in neighborhoods, reduce frequency of crashes, improve safety for non-motorized users, and improve safety and livability. The 2011 Plan provides a broad vision and numerous location-specific solutions for traffic calming in Stamford's neighborhoods. Traffic calming measures outlined in the 2011 Traffic calming plan include road diets, sidewalks, mini-roundabouts, intersection realignment, high-visibility crosswalks, sidewalk extensions, raised crosswalks or intersections, median islands and chokers, chicanes, diverters, street closures, implementation of on-street parking, and dedicated bike lanes. All of the location-specific recommendations are a direct result of a comprehensive public input process. One important aspect of certain traffic calming measures includes ADA accessibility, which is a federal mandate, and for many of the sidewalk and intersection projects, upgrading existing curb ramps to ADA-compliant curb ramps will be part of the project.

## CP1281 - ROADWAY DESIGN AND RECONSTRUCTION

0077

Agency	Operations: Traffic Engineering (0221)	Status	Active
Project Type	PI	HTE Date	2020-11-18
Project Location	CITY WIDE	Encumbered	615,403.93
Neighborhood		Advance	0.00
Voting District		YTD Balance	2,503,377.17
School District		Amount Available	803,377.17
		Unfunded	1,700,000.00

Supervisor Contact	James Travers - (203) 977-4133 - JTravers@StamfordCT.gov
PM Contact	James Travers - (203) 977-4133 - JTravers@StamfordCT.gov

The projects listed below outline the improvements the bureau proposes to implement. Of the total request, \$1,850,000 will be used to leverage over \$24,700,000. in grants/ partnership opportunities that the bureau has been able to successfully identify and secure. The remaining \$1,345,000. would be used to correct deficiencies, improve safety, and further optimize the City's transportation network. To implement measures to improve safety, mobility, and quality of life in residential areas and areas of high pedestrian use. Each year the Bureau identifies or received requests for roadway modifications and improvements. Current requests/identifications, include: Broad St. LRARP Grant (\$150,000. Match, 150,000. Design) West Main St @ Richmond Hill LOTCIP Grant (\$200,000. Design) Atlantic Street corridor improvements, tied to LOTCIP Grant (\$200,000. Match) Shippan Avenue/ Magee avenue/ Harbor Drive roundabout (\$300,000 Design) Strawberry Hill Ave @ Rock Spring Rd Intersection Improvements LOTCIP Grant (\$200,000 Design) Newfield Ave @ Vine Rd Intersection Improvements (\$400,000.) Stillwater Rd @ Palmers Hill Rd Intersection Improvements (\$200,000.) Washington Bl @ Bridge Street Intersection Improvements in partnership with CTDOT

(\$100,000.) Greenwich Ave @ Milton St Pedestrian and Transit Improvements (\$50,000.) Lower Atlantic Street Roadway Improvements LOTCIP Grant (\$150,000. Design) North State Street Roadway Improvements LOTCIP Grants (\$150,000. Design) Lower Summer Street Improvements, Community Connectivity Grant (\$250,000.) Hartswood Road/Meadowpark Avenue Traffic Circle (\$60,000 Construction) Blachley Road Improvements (\$275,000 Construction) Belltown Road Bumpout (\$35,000 Design and Construction) Forest Street at GreyRock Place Intersection Improvements (\$125,000 Construction) West Avenue at Selleck Street (\$125,000 Construction) Old Long Ridge Road at Long Ridge (\$75,000 Construction)

Each year the bureau identifies various funding opportunities to leverage investment in the City's transportation network. The sources of this years funding is from State and Federal grants, as well as Development contributions by way of the Bureau's thorough review of site plans. We continue to work with WestCOG and the City's lobbyist to identify other sources.

PM Contact	James Travers - (203) 977-4133 - Jtravers@stamfordct.gov

Install flashers at all approaches in each school zone. These flashers have radars that will display the speed at which motorists are traveling on a particular approach. There is one set of school zone flashers at 25 out of the 34 elementary and middle schools in Stamford. The department intends to install school zone flashers at all schools that have students who walk to school, and install additional sets of school zone flashers at schools that have more than one main route to school, such as KT Murphy, Stark, Dolan, Cloonan, Rogers, Springdale, Waterside, Rippowam Middle, and Trailblazers Academy.

<b>PM Contact</b>	James Travers - (203) 977-4133 - JTravers@StamfordCT.gov

To implement safety measures identified in CTDOT's Safe Routes to School Walking Assessment for Rippowam Middle School, including connecting sidewalk gaps, sidewalk accessibility, intersection sightline issues, hazardous traffic conditions or pedestrian hazards, unsafe pickup/dropoff areas, proper school zone signage, pavement markings and crosswalks projects. The City also completed walking assessments for Springdale School, DOMUS Trailblazers Academy, and Stark School from requests of Board of Rep members, Board of Education members, Neighborhood Association members and School Administration. City staff completed walking audits with individuals from these groups. For Springdale School, several short-term safety measures are identified including installing new ADA curb ramps, new crosswalks, signage and pavement markings. For Trailblazers, new stop signs, crosswalks, sidewalk extensions, intersection sightline issues and installing bike parking were identified. For Stark, new signage, ADA curb ramps, crosswalks, sidewalk extensions and bike parking were prioritized.

## Rippowam Middle School:

ADA Curb Ramps and Sidewalk Extensions: \$30,000

Pavement Markings: \$3,000

Signage: \$500

Bike Rack: \$2,000

## Springdale School

ADA Curb Ramps and Sidewalk Extensions: \$30,000

Pavement Markings: \$3,000

Signage: \$500

Bike Rack: \$2,000

## DOMUS Trailblazers Academy:

Signage: \$500

Pavement Markings: \$3,000

ADA Curb Ramps: \$20,000

Sidewalk Extensions: \$60,000

Bike Rack: \$2,000

## Stark School

Signage: \$500

Pavement Markings: \$3,000

ADA Curb Ramps: \$20,000

Sidewalk Extensions: \$18,000

Bike Rack: \$2,000

## CP2056 - STAMFORD FERRY TERMINAL - FERRY BOAT DISCRETIONARY FUNDS

0101

Agency	Operations: Traffic Engineering (0221)	Status	Active
Project Type	PI	HTE Date	2020-11-18
Project Location	Vicinity of Atlantic Street @ Washington Boulevard	Encumbered	0.00
Neighborhood		Advance	44,800.00
Voting District		YTD Balance	1,623,003.00
School District		Amount Available	0.00
		Unfunded	1,623,003.00

Supervisor Contact	James Travers - (203) 977-4133 - JTravers@StamfordCT.gov
PM Contact	Ann Brown - (203) 977-4003 - abrown2@stamfordct.gov

To design and build the Stamford Ferry Facility, in Stamford Harbor. The high-speed ferry service will operate between Stamford, LaGuardia Airport, and the New York City Financial Center in Lower Manhattan. It is anticipated that the ferry services will be extended and expanded to Norwalk, Bridgeport, New Haven, and inter state locations such as Long Island, NY.

## CP5506 - TRAFFIC SIGNAL COMMUNICATION AND CONTROL HARDWARE UPGRADE

0148

Agency	Operations: Traffic Engineering (0221)	Status	Inactive
Project Type	PI	HTE Date	2020-11-18
Project Location	Citywide	Encumbered	0.00
Neighborhood		Advance	0.00
Voting District		YTD Balance	0.00
School District		Amount Available	0.00
		Unfunded	0.00

Supervisor Contact	James Travers - (203) 977-4133 - JTravers@StamfordCT.gov
PM Contact	James Travers - (203) 977-4133 - JTravers@StamfordCT.gov
Traffic Control Upgrade to convert existing copper wire based control to Fiber Optic cable based operation. The resulting Fiber Optic connectivity to signal controllers through the fiber optic Cable Network will provide an enhanced communications between the traffic control center to all 205 Traffic Signal intersections.

## C56172 - STILLWATER ROAD INTERSECTIONS

0174

Agency	Operations: Traffic Engineering (0221)	Status	Active
Project Type	PI	HTE Date	2020-11-18
Project Location	Stillwater at Smith Street (Boxer Square)	Encumbered	500.00
Neighborhood		Advance	0.00
Voting District		YTD Balance	720.59
School District		Amount Available	720.59
		Unfunded	0.00

Supervisor Contact	James Travers - (203) 977-4133 - JTravers@StamfordCT.gov
PM Contact	James Travers - (203) 977-4133 - JTravers@StamfordCT.gov

To improve traffic safety, flow on Stillwater Road at the intersection of Cold Spring Road by improving roadway geometry and travel lane alignment to include an exclusive left-turn lane for southbound approach on Stillwater Road; and exclusive right-turn lane for the northbound approach on Stillwater Road at Cold Spring Road. The left and right turn lanes shall have adequate length to accommodate 2035 traffic conditions. Additionally the intersection of Stillwater Road at Bridge Street would be converted to a roundabout. The funding is necessary to secure \$2,250,000 towards construction.

## CP6571 - PAVEMENT MARKINGS

0197

Agency	Operations: Traffic Engineering (0221)	Status	Active
Project Type	PI	HTE Date	2020-11-18
Project Location	Citywide	Encumbered	2,737.99
Neighborhood		Advance	0.00
Voting District		YTD Balance	36,487.08
School District		Amount Available	36,487.08
		Unfunded	0.00

Supervisor Contact	James Travers - (203) 977-4133 - JTravers@StamfordCT.gov
PM Contact	James Travers - (203) 977-4133 - JTravers@StamfordCT.gov

Install durable pavement markings such as centerline, lane line markings, pedestrian crossings, & parking spaces etc. Replace pavement markings on roads that have been overlaid and/or reconstructed with epoxy paints in conformance with regulatory requirements, new technologies, and the public's expectation for well-marked roadways as part of an on-going planned program for safe traffic operations. It is intended to use more durable type of material such as Epoxy and Thermoplastic rather than paint. This will extend the service life of the markings to multiple years vs. current practice of using paint which only lasts for one season.

Traffic signals, lighting and safety improvements capital projects.

- A. SAFE ROUTES TO SCHOOLS
- B. STREET LIGHT HALF NIGHT PHOTOCELL INSTALLATION
- C. HIGH RIDGE ROAD AND LONG RIDGE ROAD - CORRIDOR STUDY
- D. STREET LIGHTING INFRASTRUCTURE UPGRADE
- E. TRAFFIC SIGNAL UPGRADE - PHASE G1
- F. PARKING GUIDANCE SYSTEM
- G. CITYWIDE SIGNALS
- H. SCHOOL ZONE FLASHERS
- I. PAVEMENT MARKINGS
- J. EMERGENCY BACK UP POWER FOR TRAFFIC SIGNALS
- K. LED TRAFFIC LIGHT CONVERSION
- L. OPTICAL FIRE PRE-EMPTION

To reconstruct pedestrian ramps to address numerous complaints from visually impaired pedestrians regarding the orientation of ramps and positioning of tack tiles. Current ramp configuration compromises visually impaired pedestrian safety . This project is to orient visually impaired pedestrian direction of travel at designated crossing especially at signalized intersections to realign ramps and place the tack tiles parallel to the crosswalks to improve pedestrian safety.

Supervisor Contact	James Travers - (203) 977-4133 - Jtravers@stamfordct.gov
PM Contact	James Travers - (203) 977-4124 - JTravers@StamfordCT.gov

This project will accommodate implementing elements of comprehensive bicycle and pedestrian plan adopted in 2019. Implementation of this plan will be completed under different phases to contribute to a Complete Street strategy for building a safe, effective and well utilized bicycle and pedestrian network throughout the City. In addition, this will allow the Bureau to begin work on a formalized Vision Zero plan.

This project is to implement deficiencies in the bike and pedestrian network in high prioritized high use areas throughout the City in coordination with the adopted bicycle and pedestrian plan. In consultation with People Friendly Stamford.

The Developer has agreed to provide the city with a cash contribution of \$500,000 toward the project construction, and right-of-way at north west and southeast corners of the intersection. City has applied for STP grants with a Priority # 1. This project will provide left-turn lanes on all approaches to the intersection to improve traffic safety and efficiency of traffic operations.

PM Contact	James Travers - (203) 977-4133 - JTravers@StamfordCT.gov
Implement short-term recommended measures from the HIGH RIDGE ROAD & LONG RIDGE ROAD corridor plan to improve quality of life, safety and operation and to accommodate non-motorized modes of transportation. Safety measures include installing plastic delineators between Vine Road and Dunn Ave to restrict left-turning movements. This would prevent crashes related to left turns, which is the primary cause of crashes in this area. Other urgent safety features include signal coordination, installing ADA ramps and pedestrian signals, high-visibility crosswalks, interactive speed signs, and enhanced bus shelters and landing areas.

The Department applied for, and was approved for, a grant to reduce crashes on a high density crash corridor. As the design work progressed, CTDOT was impressed with the quality of work and agreed to fund improvements that increased the grant from 700k to 1.4M. This grant comes with a 10% match that will require an additional \$90,000. to secure the grant.

PM Contact	James Travers - (203) 977-4124 - JTravers@StamfordCT.gov

To construct sidewalk extensions, to connect missing portions and other priority areas of Stamford as a result of the Traffic Calming Plan, and the Bicycle and Pedestrian plan. Sidewalk extension projects includes, Alvord Lane, West Avenue @ Selleck Street, Fairfield Avenue @ Liberty Place.

These extensions are the City portions to capitalize on developer contributions identified through the departments review of site and construction plans.

Supervisor Contact	James Travers - (203) 977-4133 - JTravers@StamfordCT.gov
PM Contact	James Travers - (203) 977-4133 - JTravers@StamfordCT.gov

As a result of funding secured from the zoning board approval of Charter Communications project plan, the following transportation plan is to be implemented. Plan calls for a \$6.6 million to be spent on transportation projects "near" the city's Transportation Center (per City of Stamford Zoning Regulation Section 12.K.4)

The following projects have been identified to be included in the Improvement plan: Road reconstruction and streetscape improvement on Atlantic Street, Woodland Ave, Ludlow Street, Garden Street and Woodland Place. Road resurfacing on Cedar, Stone and Lipton Place. Connector to Waterside Park on Boardwalk

Replace existing outdoor and interior generator with one 400 kw diesel generator and upgrade transfer switches and electrical rooms for this 50 year old physical plant. Move the location of one generator from current exterior location on ground floor underneath eight resident rooms and offices and the second generator within an interior basement generator room. Replacement of propane fuel generator with all diesel powered system. As noted below 5% of the Center has no back up emergency supply of electricity including all roof top air conditioning units.

Project Description: Installation of a Solarus Evacuated Tube solar hot water panel system on the roofs of Smith House Health Care Center to replace the current fossil fuel hot water generating system. Installation of a holding tank that will then distribute the hot water throughout the building. The system will reduce the annual hot water needs of the facility by approximately 65%. It will also be funded upwards of 70% by a grant from the Connecticut Clean Energy Fund and 25% from a Federal Grant.

Central and other Fire Station capital improvements per engineering study. This multi-year project is currently in progress. The existing carpeting @ three (3) Fire Stations should be removed and replaced with a hard cleanable floor covering. The carpeting has been routinely cleaned, but is worn out, become an eyesore, health and tripping hazard. The existing carpeted areas needs to be removed, underlying floor cleaned, prepared, remediated (if needed and replaced with a clean / non-slip surface). Several other fire stations have had the requested floor coverings installed and we are pleased with the results. These areas are able to be maintained in a routine and hygienic manner, at minimal ongoing expense. Several firehouse parking lots need to be repaved.

FY 13/14 projects are the following:

Building upgrade to convert the attic area into a bunk room for separate male/female bunk and toilet/shower areas.

Re-pave asphalt.

Replace truck bay doors, sensors and openers.

Relocate kitchen from hallway to upstairs.

The water company is planning to replace and improve several water mains. Funds will be used to maintain all hydrants and replace damaged and/or inoperable fire hydrants to assure water supply. Also add new hydrants for new water mains added to system and dry hydrants where needed. The construction portion of these ongoing obligations are: digging out existing plumbing and hydrants, road, and sidewalk repairs to restore to previous condition. We have met with the water company and created a priority replacement that is currently being done in the Westside.

		Unfunded	0.31

Supervisor Contact	Trevor Roach - (203) 977-4672 - troach@StamfordCT.gov
PM Contact	Trevor Roach - (203) 977-4672 - troach@StamfordCT.gov

This request is for renovating the East Side Fire (#4) Station only. This station was built in the 1950's. The bathroom facilities should be completely upgraded and replaced. Currently it does not have a separate bathroom for females. The dormitory area should also be upgraded and remodeled; flooring, lockers, etc. Part of the parapit wall has fallen and should be repaired asap to prevent further damage.

Facility improvements and upgrades.

The existing dormitory area for SEMS / medics needs to have HVAC deficiencies corrected (\$5,000.00).

Facilities Management has recommended that a new boiler, controls, and pumps be requested (\$80,000.00).

The carpeting has been routinely cleaned, but is worn out, become an eyesore, health and tripping hazard. The existing carpeted areas needs to be removed, underlying floor cleaned, prepared, remediated (if needed) and replaced with a clean / non-slip surface.

Stamford Fire and Rescue improvements and upgrades, capital projects.

Upgrade the existing elevator at station 1. During an inspection it was determined that it was overdue to be upgraded.

Ongoing projects will continue forward under this existing capital project. All bathrooms need to be upgraded.

No additional funded is being requested to add to these existing projects.

<p>The Glenbrook Fire Department respectfully requests new air handling units. These units will replace existing ones that are over 20 years old and are non-operational. They are all on the original 1954 section of the firehouse. They cool the following spaces:</p> <ul style="list-style-type: none"> <li>▪ GFD member bunk room</li> <li>▪ Stamford EMS personnel quarters</li> <li>▪ 2nd floor kitchen</li> <li>▪ All 2nd floor bathrooms</li> <li>▪ GFD chief's office</li> <li>▪ GFD conference room</li> </ul>

PM Contact	Trevor Roach - (203) 977-4672 - troach@StamfordCT.gov

Central Fire Headquarters @ 629 Main St. A recommendation will be to switch to a split HVAC system to take care of problem areas throughout the building. These new systems should be tied into the recently installed Energy Management System. Facilities recommendation @ \$150,000. Removal of existing flooring material, installation of clean / non-slip epoxy flooring surface. Paving of the parking lot and apron of building. Employee ID access security system.

We are utilizing an apparatus replacement schedule where front line vehicles are in service for approximately ten years. Once an apparatus is removed from front line service it is utilized as reserve apparatus for additional years. Our current Truck 3 is 19 years old and in need of replacement for a cost of \$1.2M. This is one of three frontline aerial apparatus. For fire apparatus approaching or exceeding 15 to 20 years of age, corrosion, metal fatigue and crystallization in concealed areas can result in serious consequences. For this reason we are prioritizing this request as 1.

We also need to replace an engine to catch up to our scheduled replacement of engines. Engines are the basic fire department response vehicle, otherwise known as a pumper truck. Currently the city owns 13 front line Engines and 3 reserves. Replacement is also needed in the Stamford Volunteer Fire Companies.

For the purchase of Turn Out Gear for all Stamford Firefighters, Career. Per the new CBA, each member receives new gear every 5 years. Turn out gear in this regard includes coat, pants. NFPA standard 1871 requires the retirement of this equipment within 10 years of the date of manufacturer, best practice is for each firefighter to be issued 2 sets of Turn out gear to allow for repair and decontamination of each. The hazards related to cancer and contaminants that are retained within the gear is becoming clearer through studies every year. The entire department has better than 260 members required to have turn out gear.

PM Contact	Trevor Roach - (203) 977-4672 - troach@StamfordCT.gov

Lucas automated chest compression unit. This request will allow all of our front line units to provide accurate and continuous automated CPR (chest compressions) to victims in cardiac arrest. These units are currently on three of the career units. In a pre-hospital real use study\*\* the hands-on ratio with manual CPR was on average 78% with manual CPR and 91% with LUCAS CPR- as measured over the entire resuscitation episodes of approx. 33-40 minutes. The hands-on time of manual CPR decreased from 81% on the scene to 73% during transport, whereas LUCAS stayed at the same high hands-on ratio (90-92%) both on scene and during transport. We would like to have one Lucas on all of our front line units.

Upgrades, as described in Comments.

Upgrade is for the construction and partial design of a new flat roof system.

FY 21-22, Funding request of \$680,000 is for the construction and partial design cost of a new flat roof system. 50% to 60% design has been done. Anticipated surplus of \$171,000 from existing bonded funds will be added to the requested \$680,000 request to fund the new roof completely.

FY 22-23, Funding request is \$0,

FY 23-24, Funding request is \$0.

FY 24-25, Funding request is \$100,000 for the design and construction of a new Low E ceiling.

FY 25-26, Funding request is \$300,000 for the design and replacement of an evaporative cooling tower, supporting structure and related equipment.

FY 26-27, Funding request is \$0.

FY 27-28, Funding request is \$1,500,000 for the rink floor replacement.

PM Contact	Domenick Tramontozzi - (203) 977-4863 - DTramontozzi@StamfordCT.gov

Replacement of Ice Slab, due to the flawed installation of the 2004 Capital Project of the concrete slab/piping

FY 22/23 is \$1,500,000 for the rink floor replacement. This floor project will also address the current floor layout which is off center causing frost around the rink perimeter, deteriorating paint lines and causing increased energy charges.

## Capital Project Master Report

11/19/2020 - 2:12:13 PM  
FY21-22

## C20052 - WEDGEMERE ROAD SEWERS

0024

Agency	Special Revenue: Water Pollution Control (0033)	Status	Active
Project Type	SE	HTE Date	2020-11-18
Project Location	WEDGEMERE ROAD, WHITE OAK LANE & EDEN ROAD	Encumbered	0.00
Neighborhood	Turn of River - Newfield	Advance	0.00
Voting District	18	YTD Balance	4,568,549.43
School District		Amount Available	17,916.87
		Unfunded	4,550,632.56

Supervisor Contact	Ann Brown - (203) 977-5896 - abrown2@StamfordCT.gov
PM Contact	Prakash Chakravarti - (203) 977-5896 - pchakravarti@StamfordCT.gov

Install about 4300 linear feet of sewers to serve 56 properties along Wedgemere, White Oak Lane, Emerald Lane and section of Eden Road and improvements to stormwater drainage and roadways.

Design phase is about 90% complete. Pending approval of EPB permit.

The \$1,002,000 is attributed non sewer related, storm drainage and roadway improvements

Funding - Life of Project

## C22046 - PERNA LANE AREA SEWERS

0097

Agency	Special Revenue: Water Pollution Control (0033)	Status	Active
Project Type	SE	HTE Date	2020-11-18
Project Location	PERNA LANE, HIGH RIDGE ROAD AREA	Encumbered	0.00
Neighborhood	North Stamford	Advance	0.00
Voting District	20	YTD Balance	6,384,287.07
School District		Amount Available	144,552.05
		Unfunded	6,239,735.02

Supervisor Contact	Ann Brown - (203) 977-5896 - abrown2@StamfordCT.gov
PM Contact	Prakash Chakravarti - (203) 977-5896 - pchakravarti@StamfordCT.gov
PROPERTIES IN THE NEIGHBORHOOD OF PERNA LANE HAVE FAILING SEPTIC SYSTEMS. PHASE I OF THE SEWER PROJECT WILL SERVE PROPERTIES ON THE EAST OF HIGH RIDGE ROAD BETWEEN PERNA LANE AND MERRITT PARKWAY, INCLUDING UPGRADING THE STORMWATER INFRASTRUCTURE AND ROADWAYS.	

The design is complete and will be advertised for construction services in November, 2018. The \$1,850,000 is attributed non sewer related, storm drainage and roadway improvements.

## CP0124 - REPLACEMENT OF PLANT WATER AND RAS PUMPS

0665

Agency	Special Revenue: Water Pollution Control (0033)	Status	Active
Project Type	SE	HTE Date	2020-11-18
Project Location		Encumbered	0.00
Neighborhood		Advance	0.00
Voting District		YTD Balance	1,500,000.00
School District		Amount Available	0.00
		Unfunded	1,500,000.00

Supervisor Contact	Ann Brown - (203) 977-5896 - abrown2@StamfordCT.gov
PM Contact	Prakash Chakravarti - (203) 977-5896 - pchakravarti@StamfordCT.gov
Upgrade the plant water pumps and strainer system and replace existing Return Activated Sludge(RAS) pumps for more efficient operation.	

The plant water system has to be reconfigured to the new plant effluent discharge system. The RAS pumps have to be replaced for more efficient operation and control. The pumps have been in operation since 1972 and have outlasted their service life and pumping efficiency.

Funding - Life of Project					
Fund Source	Authorized	Funded	Pre Approved	Unfunded	To Be Authorized

## CP0694 - SLUDGE DRYER AND BUILDING REPAIRS

0712

Agency	Special Revenue: Water Pollution Control (0033)	Status	Active
Project Type	SE	HTE Date	2020-11-18
Project Location	STAMFORD WATER POLLUTION CONTROL AUTHORITY	Encumbered	2,192,407.70
Neighborhood		Advance	4,325,812.36
Voting District		YTD Balance	5,674,187.64
School District		Amount Available	0.00
		Unfunded	5,674,187.64

Supervisor Contact	Ann Brown - (203) 977-5896 - abrown2@StamfordCT.gov
PM Contact	Prakash Chakravarti - (203) 977-5896 - pchakravarti@StamfordCT.gov

We anticipate that the sludge dryer and building repairs will cost up to \$10 million. We expect that most of the cost will be covered by insurance, but we will need Board approval for the capital expenditure. Time is of the essence, as it costs \$13,000 a day to haul sludge until the dryer is put back in service. We are also incurring costs for engineering to design the repairs.
