

May 6, 2021

Stamford Board of Representatives
c/o President Jeffrey Curtis
Government Center
888 Washington Blvd.
Stamford, CT 06901

Dear President Curtis:

In accordance with Special Act No. 07-6 of the Connecticut General Assembly, please be advised that two public hearings will be held on June 1, 2022 at 3:00pm and June 15, 2022 at 3:00 p.m. regarding the District's proposed 2022-23 annual operating budget, including all taxes, fees, rents, benefit assessments and any other charges of the District.

In addition, enclosed is a copy of the District's proposed Annual Budget for fiscal year 2022-23.

We respectfully request that you share this information with the other members of the Board of Representatives. Please do not hesitate to contact me if you have any questions.

Sincerely,

David Fite Waters, District Clerk
Harbor Point Infrastructure Improvement District

**HARBOR POINT

**ANNUAL ASSESSMENT REPORT AND
AMENDMENT OF THE ASSESSMENT ROLL
FOR THE COLLECTION OF ASSESSMENTS**

2022-2023 ASSESSMENT YEAR

May 5, 2022

PREPARED BY:

MUNICAP, INC.

— PUBLIC FINANCE —

**HARBOR POINT
INFRASTRUCTURE IMPROVEMENT DISTRICT
CITY OF STAMFORD, CONNECTICUT**

**ANNUAL ASSESSMENT REPORT AND
AMENDMENT OF THE ASSESSMENT ROLL
2022-2023 ASSESSMENT YEAR**

INTRODUCTION

The \$145,805,000 Special Obligation Revenue Refunding Bonds (Harbor Point Project), Series 2017 (the “Series 2017 Bonds”), issued on December 22, 2017, are special obligations of the Harbor Point Infrastructure Improvement District (the “District”) located in the City of Stamford, Connecticut (the “City”). The Series 2017 Bonds were issued to provide funds for (i) refunding the District’s Series 2010 Special Obligation Revenue Bonds (Harbor Point Project) consisting of two separate series: (a) Special Obligation Revenue Bonds, Series 2010A (Tax-Exempt) (the “Series 2010A Bonds”) and (b) Special Obligation Revenue Bonds, Series 2010B (Federally Taxable - Issuer Subsidy - Recovery Zone Economic Development Bonds) (the “Series 2010B Bonds” and, together with the Series 2010A Bonds, the “Series 2010 Bonds”); (ii) funding a reserve fund; and (iii) financing costs related to the issuance, sale and delivery of the Series 2017 Bonds. Under the terms of the Indenture, additional bonds may be issued for the purpose of any authorized District purpose permitted under the Special Act and as permitted by the Interlocal Agreement. As of the date of this report, additional bonds in the amount of \$45,000,000 are authorized to be issued (the “Series 1 Bonds”), however, the additional \$45,000,000 in Series 1 Bonds have not been issued.

The Assessment Part 1 and Assessment Part 2 (collectively, the “Assessments”), as shown in Appendix A-1 and Appendix A-2, have been imposed on the property for the purpose of securing the Series 1 and Series 2 Bonds. The Assessments have been imposed upon the real property within the District through the application of the procedures set forth in the Method of Imposing and Collecting the Assessments. The Assessments are equal to the interest and principal on the bonds and estimated administrative expenses related to the bonds. The Assessments are to be collected annually in two parts, the portion of the annually revised scheduled budget of administrative expenses and debt service due on the Series 1 Bonds in relation to the Assessment Part 1 (the “Annual Assessment Part 1”) to be collected each assessment year (the “Annual Payment Part 1”) and the portion of the annually revised scheduled budget of administrative expenses and debt service due on the Series 2 Bonds in relation to the Assessment Part 2 (the “Annual Assessment Part 2”). The Annual Payment Part 1 is pledged to pay debt service and administrative expenses related to the Series 1 Bonds, which have not been issued. The Annual Payment Part 2 is pledged to pay debt service and administrative expenses related to the Series 2 Bonds to the extent tax increment revenues and U.S. subsidy payments are not sufficient to pay debt service on these bonds.

Pursuant to the Method of Imposing and Collecting the Assessments, the Assessment Roll is to be updated each assessment year to reflect the following:

(i) the current parcels in the District, (ii) the Assessment for each parcel, including any adjustments to the Assessments, (iii) the Principal Portion of the Assessment for each parcel, (iv) the Annual Assessment and the Annual Parcel Assessment for each parcel, (v) the Annual Payment to be collected from each parcel for the current assessment year, (vi) any changes in the Assessments (without increasing the total of the Assessments), (vii) prepayments of the Assessment, (ix) termination of the Assessment, and (x) any other information helpful to the administration of the Assessments.

This report has been prepared to explain the calculation of the Annual Payment Part 1 and Annual Payment Part 2 (the “Annual Payment”) and updates to the Assessment Roll for the 2022-2023 Assessment Year. As mentioned previously, no Series 1 Bonds have been issued as of the date of this report. As a result, the Annual Payment Part 1 for the 2022-2023 Assessment Year is \$0. Furthermore, the incremental tax revenues and the surplus from prior year are sufficient to cover debt service and administrative expenses on the Series 2 Bonds (i.e., the Series 2017 Bonds). As a result, there is no Annual Payment Part 2 required to be collected in the 2022-2023 Assessment Year from the taxable parcels in the District.

OUTSTANDING BONDS

As of the date of this report, the additional \$45,000,000 Series 1 Bonds have not been issued.

The Series 2 Bonds are comprised of the Series 2010 Bonds and the Series 2017 Bonds. As mentioned above, the Series 2017 Bonds were issued, in part, to advance refund and defease \$123,650,000 of outstanding Series 2010A Bonds. In addition, a portion of the proceeds of the Series 2017 Bonds were used to fund the crossover refunding requirements for the Series 2010B Bonds. Pursuant to the Escrow Deposit Agreement dated December 22, 2017, the Series 2010B crossover refunding requirements consisted of (i) a portion of the interest due and payable on and prior to April 1, 2020 (the “Series 2010B Crossover Date”) and (ii) the principal portion of the refunded Series 2010B Bonds due on the Series 2010B Crossover Date. The Series 2010B Crossover Date has occurred. As a result, no Series 2010 Bonds remain outstanding.

The first optional call date on the Series 2017 Bonds is April 1, 2027. Under federal tax law, tax exempt bonds may be refunded no sooner than 90 days prior to the call date. MuniCap, Inc. (the “Administrator”) will begin evaluating the opportunity to refund the Series 2017 Bonds two years prior to the call date. This will provide time to plan ahead if there is an opportunity to refund the Series 2017 Bonds.

ANNUAL PAYMENT

Pursuant to the Method of Imposing and Collecting the Assessments, an Annual Payment Part 1 and Annual Payment Part 2 are to be collected from each parcel of assessed property within the District (except those parcels for which the Principal Portion of the Special Assessment has been prepaid) each year in an amount equal to the Annual Revenue Requirement Part 1 and Annual Revenue Requirement Part 2, respectively. As mentioned previously, as of the date of this report, no Series 1 Bonds have been issued. As a result, the Annual Revenue Requirement Part 1 and Annual Payment Part 1 are \$0. Pursuant to the Method of Imposing and Collecting the Assessments, the Annual Revenue Requirement Part 2, for any assessment year, is an amount equal to the lesser of (i) the sum of the following: (1) debt service expenses part 2 and (2) administrative expenses; less (a) tax increment revenues, (b) U.S. subsidy payments and (c) other available funds, as described in the bond documents and (ii) zero.

As shown in Table A below, estimated available funds are expected to exceed total expenses for the 2022-2023 Assessment Year by \$3,539,027. As a result, the Annual Revenue Requirement Part 2 is equal to \$0 for the 2022-2023 Assessment Year. Accordingly, the 2022-2023 Annual Payment Part 2 is \$0.

Table A
Annual Revenue Requirement Part 2

Expenses:	
Series 2017 Bonds debt service:	
Interest payment due on October 1, 2022	\$3,385,000
Interest payment due on April 1, 2023	\$3,385,000
Principal payment due on April 1, 2023	\$4,285,000
<i>Subtotal Series 2017 Bonds debt service</i>	<i>\$11,055,000</i>
Estimated administrative expense budget for the 2022-2023 Assessment Year	\$136,000
Total expenses	\$11,191,000
Available Funds:	
Estimated Tax Increment Revenues ¹	(\$14,495,593)
Estimated annual Series 2017 Reserve Fund investment income	\$0
Estimated annual Tax Increment Revenue Fund investment income	\$0
Surplus from prior year	(\$234,434)
Total available funds	(\$14,730,027)
Excess revenues over expenditures	(\$3,539,027)
Annual Revenue Requirement Part 2	\$0

¹Amount shown represents the total Tax Increment Revenues produced by the parcels comprising the District for the 2022-2023 Assessment Year. The amount to be remitted to the trust estate and made available for the payment of District expenses is equal to the lesser of the Debt Service Requirements and the Tax Increment Revenues. As a result, as further outlined in Tables C and D, the amount remitted as the Tax Increment Payments may be less than the full amount of the Tax Increment Revenues for the 2022-2023 Assessment Year.

Debt Service

Debt service payable for the 2022-2023 Assessment Year includes debt service due on the Series 2017 Bonds on October 1, 2022 and April 1, 2023. The semi-annual interest payments due for the Series 2017 Bonds are equal to six months of interest on the outstanding principal amount of \$135,400,000.

Series 2017 Bonds:

Term 2030 Bonds of \$45,095,000 at 5.00%	\$1,127,375
Term 2039 Bonds of \$90,305,000 at 5.00%	\$2,257,625
Total	\$3,385,000

In addition, there is a principal payment in the amount of \$4,285,000 due on the Series 2017 Bonds on April 1, 2023. As a result, total debt service due on the Series 2017 Bonds is equal to \$11,055,000 (\$3,385,000 + \$3,385,000 + \$4,285,000 = \$11,055,000).

As mentioned previously, the Series 2010B Bonds were repaid in full on April 1, 2020 in accordance with the provisions of the Escrow Deposit Agreement dated December 22, 2017. As a result, there is no debt service due on the Series 2010B Bonds in the current or any future assessment year.

Administrative Expenses

Administrative expenses for the 2022-2023 Assessment Year include the fees of the Trustee, the Administrator, legal expenses associated with the District, the expenses of the City related to the Tax Increment Payments, and other administrative expenses for services related to the District. A summary of the estimated expenses for the District in the 2022-2023 Assessment Year is shown in Table B below.

Table B
Estimated Administrative Expenses

Trustee fees	\$6,500
District counsel expenses	\$20,000
Administrator's expenses	\$40,000
Accounting expenses	\$16,500
Audit fees	\$13,500
Tax collection fees	\$5,000
Insurance expenses	\$20,000
Contingency	\$14,500
Total administrative expenses	\$136,000

Tax Increment Payments

Pursuant to the Third Amendment to the Interlocal Agreement, the City has agreed to pay Tax Increment Payments on or before each March 15th and September 15th of each fiscal year based on the Tax Increment Revenues collected for the six-month period ending on the prior February 28th (or 29th) and August 31st, respectively, for such fiscal year. The Tax Increment Payments shall mean, for each six-month period ending February 28th (or 29th) and August 31st, the amount, if any, equal to the lesser of (a) fifty percent (50%) of the Tax Increment Revenues collected during such period and (b) the Debt Service Requirements for the succeeding six-month period. Accordingly, the Tax Increment Payments to be remitted on September 15, 2022 and March 15, 2023 are based on the real property taxes due on July 1, 2022 and January 1, 2023, respectively.

The City reports that the assessed value of the District property is equal to \$1,115,814,470 for the installment real property taxes due on July 1, 2022. According to the Mayor's Proposed Operating and Special Revenue Funds Budget for fiscal year 2022-2023, released March 8, 2022, the Citywide blended mill rate is anticipated to be equal to \$26.96. Accordingly, ad valorem tax revenues in the amount of \$15,041,179 [$(\$1,115,814,470 \div \$1,000) \times \$26.96 \times 50\% = \$15,041,179$] are anticipated to be billed for the installment of real property taxes due on July 1, 2022. As such, incremental tax revenues resulting from the July 1, 2022 tax collection are equal to \$14,495,593 ($\$15,041,179 - \$545,587 = \$14,495,593$). The Tax Increment Revenues are equal to fifty percent of incremental tax revenues, or \$7,247,796 ($\$14,495,593 \times 50\% = \$7,247,796$).

As mentioned previously, the Tax Increment Payment to be remitted to the District on September 15, 2022 is equal to the lesser of the Tax Increment Revenues associated with the July 1, 2022 installment of the real property taxes and the Debt Service Requirement for the period of March 2, 2022 through August 31, 2022. As shown in Table C on the following page, the Debt Service Requirement for the period ending August 31, 2022 is equal to \$5,595,500. This amount is based on the semi-annual interest payment due on October 1, 2022, one half of the annual principal payment due on the Series 2017 Bonds on April 1, 2023, and one half of the administrative expense budget for the 2022-2023 Assessment Year. These expenses, less the estimated Series 2017 Reserve Fund investment income and Tax Increment Revenue Fund investment income, result in a Debt Service Requirement of \$5,595,500. As a result, the Tax Increment Payment to be remitted to the District on September 15, 2022 is estimated to be \$5,595,500.

Table C on the following page shows the Tax Increment Payment expected to be remitted from the City on September 15, 2022. The Tax Increment Payment received in September 2022 will be used for the payment of annual debt service on the Series 2017 Bonds and administrative expenses during the 2022-2023 Assessment Year.

Table C
Estimated Tax Increment Payment - September 15, 2022

Estimated Tax Increment Revenues:	
Aggregate assessed value of the District	\$1,115,814,470
Ad valorem tax rate (per \$1,000 of assessed value)	\$26.96
<i>Ad valorem tax revenues due on July 1, 2022</i>	<i>\$15,041,179</i>
Less: one-half of base year tax revenues	\$545,587
<i>Estimated incremental tax revenues</i>	<i>\$14,495,593</i>
Pledged amount	50%
Available Tax Increment Revenues - September 15, 2022	\$7,247,796
Debt Service Requirement:	
Debt service due ¹	\$5,527,500
Administrative expenses ²	\$68,000
<i>Total expenses</i>	<i>\$5,595,500</i>
Less: Estimated Reserve Fund investment income ²	\$0
Less: Estimated Tax Increment Revenue Fund investment income ²	\$0
Debt Service Requirement	\$5,595,500
Tax Increment Payment to the District (lesser of)³	\$5,595,500

¹Includes the semi-annual interest payment due on October 1, 2022 and one half of the principal payment due for the 2022-2023 Assessment Year.

²Represents one half of the amount budgeted for the 2022-2023 Assessment Year.

³Represents the lesser of the Available Tax Increment Revenues and the Debt Service Requirement.

The aggregate assessed value of the property within the District of \$1,115,814,470 is used for estimating the Tax Increment Revenues associated with the January 1, 2023 installment of the real property taxes. As mentioned previously, pursuant to the Mayor's Proposed Operating and Special Revenue Funds Budget for fiscal year 2022-2023, the Citywide blended mill rate for the fiscal year is anticipated to be equal to \$26.96. As a result, estimated ad valorem tax revenues in the amount of \$15,041,179 $[(\$1,115,814,470 \div \$1,000) \times \$26.96 \times 50\% = \$15,041,179]$ are expected to be billed for the installment of the real property taxes due on January 1, 2023. Accordingly, incremental tax revenues resulting from the January 1, 2023 tax collection are equal to \$14,495,593 $(\$15,041,179 - \$545,587 = \$14,495,593)$. Estimated Tax Increment Revenues are equal to fifty percent of the incremental tax revenues, or \$7,247,796 $(\$14,495,593 \times 50\% = \$7,247,796)$.

As mentioned previously, the Tax Increment Payment to be remitted to the District on March 15, 2023 is equal to the lesser of the Tax Increment Revenues associated with the January 1, 2023 installment of the real property taxes and the Debt Service Requirement for the period of October 2, 2022 through February 28, 2023. As shown in Table D on the following page, the Debt Service Requirement for the period ending February 28, 2023 is equal to \$5,595,500. This amount is based on the semi-annual interest payment due on April 1, 2023, one half of the annual principal payment due on the Series 2017 Bonds on April 1, 2023, and one half of the administrative expense budget for the 2022-2023 Assessment Year. These expenses, less the estimated Series 2017 Reserve Fund and Tax Increment Revenue Fund investment income, result in a Debt Service

Requirement of \$5,595,500. As a result, the Tax Increment Payment to be remitted to the District on March 15, 2023 is estimated to be \$5,595,500.

Table D below shows the Tax Increment Payment expected to be remitted from the City on March 15, 2023. The Tax Increment Payment received in March 2023 will be used for the payment of debt service on April 1, 2023 and administrative expenses during the 2022-2023 Assessment Year.

Table D
Estimated Tax Increment Payment - March 15, 2023

Estimated Tax Increment Revenues:	
Aggregate assessed value of the District	\$1,115,814,470
Ad valorem tax rate (per \$1,000 of assessed value)	\$26.96
<i>Ad valorem tax revenues due on January 1, 2023</i>	<i>\$15,041,179</i>
Less: one-half of base year tax revenues	\$545,587
<i>Estimated incremental tax revenues</i>	<i>\$14,495,593</i>
Pledged amount	50%
Available Tax Increment Revenues - March 15, 2023	\$7,247,796
Debt Service Requirement:	
Debt service due ¹	\$5,527,500
Administrative expenses ²	\$68,000
<i>Total expenses</i>	<i>\$5,595,500</i>
Less: Reserve Fund investment income ²	\$0
Less: Tax Increment Revenue Fund investment income ²	\$0
Debt Service Requirement	\$5,595,500
Tax Increment Payment to the District (lesser of)³	\$5,595,500

¹Includes the semi-annual interest payment due on April 1, 2023 and one half of the principal payment due for the 2022-2023 Assessment Year.

²Represents one half of the amount budgeted for the 2022-2023 Assessment Year.

³Represents the lesser of the Available Tax Increment Revenues and the Debt Service Requirement.

Debt Service Reserve Fund

Pursuant to the First Supplemental Indenture, the Series 2017 Reserve Requirement means an amount, determined as of the date of the Series 2017 Bonds, equal to the least of (i) the maximum principal and interest due on the Series 2017 Bonds in the current or any future fiscal year, (ii) ten percent of the original stated principal amount of the Series 2017 Bonds (or ten percent of the issue price of such Series 2017 Bonds if required by the Code) less any withdrawals from the Series 2017 Reserve Fund in accordance with Section 6.4(c) of the Indenture, as amended by Section 5.5 of the First Supplemental Indenture, or (ii) 125 percent of the average annual principal and interest due on the Series 2017 Bonds in the current or any future fiscal year. Accordingly, the Series 2017 Reserve Requirement is equal to \$13,697,250, or the maximum principal and interest due on the Series 2017 Bonds.

As of March 31, 2022, the balance in the Series 2017 Reserve Fund was \$13,697,454, which is equal to the Series 2017 Reserve Requirement of \$13,697,250 and \$204 in investment income in excess of the Series 2017 Reserve Requirement. Funds on deposit in the Series 2017 Reserve Fund are invested in a Federated Treasury Obligations money market fund, which was earning a rate of return of 0.04% per annum as of March 31, 2022. At this rate of return, the yield on the Series 2017 Reserve Requirement is estimated to result in annual investment income of \$5,479. However, to be conservative, no investment income has been included in the calculation of the Annual Revenue Requirement Part 2. Any investment income earned on the Series 2017 Reserve Fund will be included in the calculation of the Tax Increment Payments and made available to pay debt service for the 2022-2023 Assessment Year.

Interest Subsidy Payment

According to the Limited Offering Memorandum, the District elected to treat the Series 2010B Bonds as “Recovery Zone Economic Development Bonds” for purposes of the Recovery Act and to receive a cash subsidy from the United States Treasury therewith. Pursuant to the Recovery Act, the District received the Series 2010B subsidy payment, a cash subsidy from the United States Treasury equal to forty-five percent of the interest payable on the Series 2010B Bonds. As mentioned previously, the Series 2010B Bonds were repaid in full on April 1, 2020. As a result, the District will not receive a subsidy payment from the United States Treasury for the current or any future assessment year.

Surplus from Prior Year

The estimated surplus from the prior year that may be applied to pay debt service and administrative expenses for the 2022-2023 Assessment Year is outlined in Table E on the following page. As shown in Table E, the estimated surplus from the 2021-2022 Assessment Year is equal to \$234,434.

Remaining expenses for the 2021-2022 Assessment Year include debt service due on the Series 2017 Bonds on April 1, 2022 and remaining administrative expenses. Debt service due on April 1, 2022 includes a semi-annual interest payment on the Series 2017 Bonds in the amount of \$3,483,500. In addition, there is a principal payment in the amount of \$3,940,000 due on April 1, 2022 for the Series 2017 Bonds. Accordingly, total debt service due on the Series 2017 Bonds on April 1, 2022 is equal to \$7,423,500 ($\$3,483,500 + \$3,940,000 = \$7,423,500$).

Administrative expenses for the 2021-2022 Assessment Year were estimated to be \$130,000. As shown in Table E, it is estimated that 2021-2022 Assessment Year administrative expenses in the amount of \$30,000 remain to be paid. As of March 31, 2022, the balance of the Administrative Expense Fund was equal to \$136,686. Accordingly, this amount will be used to pay the remaining administrative expenses for the 2021-2022 Assessment Year and a portion of the administrative expenses for the 2022-2023 Assessment Year.

As of March 31, 2022, the balance in the Tax Increment Revenue Fund was equal to \$7,550,319. As of the same date, the balance of the Series 2017 Interest Account and Series 2017 Principal Account were equal to \$712 and \$12, respectively.

As mentioned above, as of March 31, 2022, the balance in the Series 2017 Reserve Fund was \$13,697,454, which is equal to the Series 2017 Reserve Requirement of \$13,697,250 and \$204 in investment income in excess of the Series 2017 Reserve Requirement. The investment income on deposit in the Series 2017 Reserve Fund will be made available to pay a portion of the debt service due on the Series 2017 Bonds on April 1, 2022.

Table E
Surplus from Prior Year

Expenses:	
Series 2017 Bonds debt service:	
Interest payment due on April 1, 2022	\$3,483,500
Principal payment due on April 1, 2022	\$3,940,000
<i>Subtotal Series 2017 Bonds debt service</i>	<i>\$7,423,500</i>
Remaining administrative expenses for the 2021-2022 Assessment Year	\$30,000
Total expenses	\$7,453,500
Available Funds:	
Balance of the Tax Increment Revenue Fund as of March 31, 2022	(\$7,550,319)
Balance of the Series 2017 Interest Account as of March 31, 2022	(\$712)
Balance of the Series 2017 Principal Account as of March 31, 2022	(\$12)
Available balance of the Series 2017 Reserve Fund as of March 31, 2022	(\$204)
Balance of the Administrative Expense Fund as of March 31, 2022	(\$136,686)
Total available funds	(\$7,687,934)
Surplus from prior year	(\$234,434)

As shown in Table E, the available funds are expected to exceed the remaining expenses for the 2021-2022 Assessment Year, resulting in an aggregate surplus of \$234,434 that may be made available to pay debt service and administrative expenses for the 2022-2023 Assessment Year.

UPDATING THE ASSESSMENT ROLL

According to the Method of Imposing and Collecting the Assessments, the District shall update the Assessment Roll each assessment year to reflect the following:

- (i) the current parcels in the District, (ii) the Assessment for each parcel, including any adjustments to the Assessments as provided herein, (iii) the Principal Portion of the Assessment for each parcel; (iv) the Annual Assessment and the Annual Parcel Assessment for each parcel, (v) the Annual Payment to be collected from each parcel from the current assessment year, (vi) any changes in the Assessments (without increasing the total of the Assessments), (vii) prepayments of the Assessment as provided for herein, (ix) termination of the Assessment as provided for herein, and (x) any other information helpful to the administration of the Assessments. All information shall be updated for the Assessment Part 1 and the Assessment Part 2.

The amount of the Annual Payment to be collected from each parcel was explained in the previous section. This section explains other updates to be made to the Assessment Roll.

Reallocation of the Assessment upon the Subdivision of a Parcel

According to the Method of Imposing and Collecting the Assessments, upon the subdivision of a parcel, the Assessment for the parcel prior to the subdivision shall be allocated to each new parcel in proportion to the Equivalent Units of each parcel and the Assessment shall be made pursuant to the following formula, with the Assessment Part 1 and the Assessment Part 2 calculated separately:

$$A = B \times (C \div D)$$

Where the terms have the following meanings:

- A = the Assessment of the new parcel;
- B = the Assessment of the undivided parcel prior to the subdivision;
- C = the Equivalent Units of the new parcel; and
- D = the sum of the Equivalent Units for all the new parcels that result from the subdivision.

In all cases, the sum of the Assessment Part 1 and the Assessment Part 2 after the subdivision of a parcel shall equal the total of the Assessment Part 1 and the Assessment Part 2, respectively, before the subdivision of the parcel.

The Assessments shall not be reallocated to parcels of Non-Benefited Property that result from the subdivision of a parcel.

According to the Method of Imposing and Collecting the Assessments, Equivalent Units means the respective 1,000 Building Square Feet (BSF) or parking spaces for each property classification identified below, built or that may be built on a parcel, multiplied by the equivalent unit factors for each property class shown on the following page.

Rental Residential (market rate)	0.37 per 1,000 BSF
Rental Residential (below market rate)	0.22 per 1,000 BSF
For Sale Residential Type A (waterfront)	1.00 per 1,000 BSF
For Sale Residential Type B (interior)	0.83 per 1,000 BSF
For Sale Residential Type C (interior)	0.74 per 1,000 BSF
For Sale Residential Type D (below market rate)	0.38 per 1,000 BSF
Office/Retail Property	0.73 per 1,000 BSF
Anchor Retail	0.45 per 1,000 BSF
Hotel Property	0.44 per 1,000 BSF
Parking Property	0.00 per parking space

According to the Method of Imposing and Collecting the Assessments, property shall be classified according to the description that best describes the property being classified. The actual, or for property not yet developed, the estimated potential units, building square footage, rooms or spaces shall be determined by the building permit, architectural plans or other available documents,

as estimated by the Administrator and confirmed by the Board. If adequate information is not otherwise available, the units, building square footage, rooms or spaces shall be estimated by net usable land area and the estimated or allowable density or floor to area ratio for the property. The computation of the Equivalent Units shall be calculated by the Administrator and confirmed by the Board and the estimate as confirmed shall be conclusive as long as there is a reasonable basis for such determination.

There have been no parcel subdivisions or consolidations since the Assessment Roll was updated for the 2021-2022 Assessment Year.

Annual Assessment

The Annual Assessment Part 1 is the scheduled portion of the Assessment Part 1 as set forth in the Assessment Roll due and payable each assessment year for all parcels in the District. The Annual Assessment Part 1 may be revised to reflect the payments due on the Series 1 Bonds and administrative expenses as long as the total of the Assessment Part 1 is not exceeded. As mentioned above, as of the date of this report, the Series 1 Bonds have not been issued. As a result, there are no debt service payments or administrative expenses due on the Series 1 Bonds in the 2022-2023 Assessment Year. Accordingly, the Annual Assessment Part 1 for the 2022-2023 Assessment Year has been equal to \$0. The Annual Assessment Part 1 previously allocated to the 2022-2023 Assessment Year is being retained and will be applied to expenses associated with the Series 1 Bonds in future years to the extent needed.

The Annual Assessment Part 2 is the scheduled portion of the Assessment Part 2 as set forth in the Assessment Roll due and payable each assessment year for all parcels in the District. The Annual Assessment Part 2 may be revised to reflect the payments due on the Series 2 Bonds and administrative expenses as long as the total of the Assessment Part 2 is not exceeded. The Annual Assessment Part 2 to be collected for the 2022-2023 Assessment Year is \$0.

The Annual Parcel Assessment is defined as the Annual Assessment as allocated to each parcel, which shall be allocated to each parcel of Assessed Property in proportion to the Assessment for each parcel as set forth in Section C of the Method of Imposing and Collecting the Assessments. The Annual Parcel Assessment Part 1 and the Annual Parcel Assessment Part 2 are shown in Appendix A-2, attached hereto.

Annual Credit

The Annual Part 2 Credit is, for each parcel for each assessment year, the Tax Increment Payments expected to be available in the calculation of the Annual Revenue Requirement Part 2 for the assessment year for which the calculation is being made allocable to the parcel. The Annual Part 2 Credit for a parcel in any assessment year shall not exceed the Annual Assessment Part 2 for the parcel in such assessment year. As mentioned previously, the estimated Tax Increment Payments for the 2022-2023 Assessment Year are each equal to \$5,595,500. As a result, the aggregate Annual Part 2 Credit is equal to \$11,191,000 ($\$5,595,500 + \$5,595,500 = \$11,191,000$). Table F on the following page shows the Annual Part 2 Credit for each parcel in the District.

Table F
Annual Part 2 Credit

Tax Identification Number	Tax Increment Payment – September 15, 2022	Tax Increment Payment – March 15, 2023	Aggregate Tax Increment Payment	Annual Part 2 Credit

Annual Payment

The Annual Payment is the portion of the Annual Assessment Parts 1 and 2 to be collected each assessment year calculated as provided for in the Method of Imposing and Collecting the Assessments.

Commencing with the Annual Payment to be collected in the 2010-2011 Assessment Year and for each following assessment year through the termination of the collection of the Assessments, the Administrator shall calculate, and the District shall confirm the Annual Payment for each parcel calculated each assessment year.

Annual Payment Part 1

The Annual Payment Part 1 for each parcel for which the Assessment Part 1 has not been prepaid shall be equal to the lesser of (i) the Annual Parcel Assessment Part 1 for such parcel for the assessment year, and (ii) the amount calculated by the following formula:

$$A = B \times (C \div D)$$

Where the terms have the following meaning:

- A = the Annual Payment Part 1 for a parcel;
- B = the Annual Parcel Assessment Part 1 for the parcel;
- C = the Annual Revenue Requirement Part 1 for the assessment year; and
- D = the Annual Parcel Assessment Part 1 for all parcels.

As previously mentioned, as of the date of this report, the additional \$45,000,000 Series 1 Bonds have not been issued. As a result, the calculation of the Annual Payment Part 1 has been excluded from this report.

Annual Payment Part 2

The Annual Payment Part 2 for each parcel be equal to the lesser of (but not less than zero) (i) the Annual Parcel Assessment Part 2 for such parcel for the assessment year, and (ii) the amount calculated by the following formula:

$$A = B \times (C \div D)$$

Where the terms have the following meaning:

- A = the Annual Payment Part 2 for a parcel;
- B = the Annual Revenue Requirement Part 2 for the assessment year for which the Annual Payment is being calculated;
- C = the Adjusted Annual Assessment Part 2 for the parcel; and
- D = the Adjusted Annual Assessment Part 2 for all parcels.

The Adjusted Annual Assessment Part 2 for a parcel shall equal the Annual Parcel Assessment Part 2 less the Annual Part 2 Credit. The Annual Payment Part 2 for each parcel is calculated as shown in Table G below. Please note the Adjusted Annual Assessment Part 2 rate, as shown in Table G, is equal to the Adjusted Annual Assessment Part 2 for the parcel divided by the Adjusted Annual Installment for all parcels in the District.

Table G
Annual Payment Part 2

Tax Identification Number	Annual Assessment Part 2	Annual Credit	Adjusted Annual Assessment Part 2	Annual Payment Part 2

004-5118	\$18,066	(\$33,390)	\$0	\$0
004-5119	\$90,329	(\$112,968)	\$0	\$0
004-5120	\$106,889	(\$114,081)	\$0	\$0
004-5121	\$36,132	(\$34,503)	\$1,629	\$0
Total	\$13,871,332	(\$11,191,000)	\$4,890,087	\$0

As previously mentioned, the Annual Revenue Requirement Part 2 for the 2022-2023 Assessment Year is \$0. As a result, no Annual Payment Part 2 is to be collected from the taxable parcels comprising the District for Assessment Year 2022-2023.

SUMMARY

The updated Assessment Roll is attached hereto as Appendices A-1 and A-2. The Assessment Roll has been updated as described in this report. Appendix A-1 shows Assessments, including the principal portion, interest portion and administrative expense portion of the Assessment. Appendix A-2 shows the tax parcel number, the current assessment lien and principal portion, the Annual Assessment, and the Annual Payment for each parcel in the District.
