Re: Waste to Energy Capital Request

At yesterday's meeting of the WPCA Board of Directors we voted unanimously to withdraw our capital request for \$20 million for the Waste to Energy project in the 2009-10 capital budget. It is our intention to complete some additional independent review of the project, both technical and financial, and may resubmit the project for your consideration over the summer.

I look forward to making a detailed presentation of the results of our review in the coming months.
