CONGRATULATING SILVERSOURCE ON ITS 115<sup>TH</sup> ANNIVERSARY**

**WHEREAS**, SilverSource, Inc. was founded in 1908 by eight community leaders as the Stamford Home for the Aged in order to support vulnerable seniors; and

**WHEREAS**, the residential home closed in the early 1970s and the organization evolved into an independent, nonprofit agency named Senior Services of Stamford; and

**WHEREAS**, the organization continued the mission to facilitate the delivery of assistance to older residents in need – providing financial support, counseling, case management and other services to meet the urgent needs of struggling seniors; and

**WHEREAS**, in 2015 Senior Services of Stamford changed its name to SilverSource in recognition of the organization's expanded services and role as a resource on all economic, medical and social issues affecting older adults facing hardships; and

**WHEREAS**, SilverSource not only provides direct services to older adults, including homecare, eviction prevention, energy assistance, medical support, counseling, transportation assistance, and case management; the agency creates a safety net by serving as a gateway and access point to other programs and providers in the state, helping preserve the dignity, independence and quality of life of older adults; and

**WHEREAS**, SilverSource has been designated as an Aging and Disability Resource Network Partner with the Southwest Connecticut Agency on Aging and the Administration on Aging, serving as a single point of entry to services and support for older adults, persons with disabilities, and their families and caregivers.
