To: "Gilbride, Cara" <CGilbride@StamfordCT.gov>

Representative Gilbride,

I wanted to let you know that we did follow up with the Port Authority after there was a question about putting F32082 back on the agenda for reconsideration. We were advised that they are more than willing to work with the City of Stamford to provide additional time for the City to accept the feasibility study award.

As you know, feasibility studies often serve as the foundation for future projects and can strengthen the City's competitiveness for additional state, federal, and other funding opportunities as projects move toward implementation.

Please let me know if there is anything you need from the Grants Office to help keep this award moving forward. We are happy to provide any information or assistance necessary to support the process.

Regards,

Anita Carpenter
Grants Officer
City of Stamford
